Preparing for the Future

Cincinnati Life's Portfolio Edge Plus SPDA and FPDA contracts offer you a secure way to grow your retirement savings. With no sales or loading charges and no administrative costs, 100% of your premium goes into your account and begins earning interest right away.

Portfolio Edge Plus Deferred Annuities offer guaranteed:

- minimum interest rate for the life of the contract
- current interest rate for the first full contract year
- return of premium

Portfolio Edge Plus SPDA and FPDA help alleviate worries about outliving your savings. When you're ready to start receiving income from your Portfolio Edge Plus Deferred annuity, you can customize your payouts to suit your individual needs by choosing from four available income options.

Features that give choice and control

Optional maturity date

Portfolio Edge Plus contracts mature at age 85 or 10 years after the contract is issued, whichever is later. With the Optional Maturity Date provision, you have the flexibility to keep your money in the annuity while continuing the tax-deferral by extending the maturity date beyond age 85.

Return of Premium Guarantee Rider (CLI-2441)*

If you choose to surrender your annuity contract, we guarantee you will receive a cash surrender value not less than the total of your paid premiums minus any amounts previously withdrawn and related surrender charges. Surrender charges may vary depending on the contract year the policy is surrendered.

Waiver of Surrender Charge Rider (CLI-668)*

This rider waives the surrender charges normally assessed for full or partial surrender if the owner is diagnosed by a physician with a terminal illness that is reasonably expected to result in death within 24 months, confined to a hospital for at least 30 consecutive days or confined to a long-term care facility for at least 90 consecutive days during the surrender period.

The Waiver of Surrender Charge Rider is a free benefit. There is no premium charge, and there is no cost to add it to your contract.

* Available in most states.

Avoid probate

Portfolio Edge Plus Deferred annuities provide a death benefit amount equal to the account value prior to maturity. Annuity proceeds passing to a named beneficiary, other than your estate, are not subject to probate. Your heirs receive prompt payment with none of the delays or expenses of probate.

Get money when you need it

You may withdraw up to 10% of your account value once each contract year – including the first year – with no surrender charge. Charges on withdrawals greater than 10% per year decline each year you hold the contract.

Surrender charges are based on the contract date, not the payment date.

FPDA		SPDA	
Year	Percentage	Year	Percentage
1	9	1	7
2	8	2	6
3	7	3	5
4	6	4	4
5	5	5	3
6	4	6	2
7	3	7	1
8	2	8	0
9	1	9	0
10	0	10	0

There are no surrender charges or IRS penalties in the event of the annuity owner’s death. Surrenders made prior to age 59½ may be subject to an additional 10% federal income tax penalty unless due to death or disability.

Minimize your taxes

The last few years before your retirement are usually your highest income-earning years. Unfortunately, that means those years are also your highest tax-paying years.

You can minimize current taxes while saving for retirement with a Portfolio Edge Plus Deferred annuity. Both the SPDA and FPDA earn interest on a tax-deferred basis. Each year’s interest is added to your account value with no current income tax liability. Income tax on your interest earnings is not due until you take money out of your annuity.

Assuming a \$100,000 single premium, compare the growth of a Portfolio Edge Plus SPDA earning 3% tax-deferred interest to that of a taxable investment, such as a CD, also earning 3%, but taxable annually at a 20% rate:

Year	Tax-Deferred SPDA Value	Current Taxable Investment
1	\$103,000	\$102,400
5	115,927	112,590
10	134,392	126,765
15	155,797	142,725
20	180,611	160,694

If you surrendered your Portfolio Edge Plus SPDA after 20 years and paid 20% tax on the \$80,611 gain, your net after-tax value would be \$164,489. That is \$3,795 more than the value of the taxable investment.

Values shown above are hypothetical and are intended for illustration purposes only. Please see the annuity contract for the guaranteed minimum interest rate and the current interest rate.

Minimum premium

Fund a Portfolio Edge Plus SPDA with a single premium as low as \$10,000.
