Vision To Learn

- Program partners with District of Columbia Public Schools (DCPS) and provides free vision screening to all enrolled children Pre-K through 12th grade. Students at DC Charter Schools are not currently eligible for the program. Vision To Learn operates year-round with mobile clinics over the summer at libraries and Boys and Girls Clubs.
- Students who do not pass the vision screen and students who already have glasses will see the optometrist for an eye exam. Students can pick out glasses which will be ready in 2-3 weeks. The program offers one free replacement pair of glasses if the glasses provided through the program are lost or damaged.
- All services are free to all families and occur in the mobile clinic at the school. The program is provided to all students unless a caregiver opts out. The child does not need to have Medicaid to qualify.
- For more information, contact the school directly.
