SECTION A. COMMERCIALS - SEE SIDELETTER #2

SECTION B. PROMOTIONAL ANNOUNCEMENTS

1. No additional compensation is payable to the Director of a program or episode of a series who also directs, within his or her included days for such program or episode, promotional announcements for the program or series; provided, however, that with respect to a promo for a series (as distinguished from the particular episode), the Director must be engaged for half or more of the series' episodes for the then-current season. If the Director of a program or episode is entitled to compensation for directing promotional announcements, either because such services are not performed within his or her included days, or in the case of a promo for a series because the Director has not been engaged for half or more of the series' episodes, such additional compensation shall be computed on the basis of Paragraph 2. below.
2. If a Director is engaged specifically and only for the purpose of directing promotional announcements, he or she shall be paid the applicable "additional day" rate in Article 6, with one day of preparation time allowed, provided that if the Director is called for a single day's employment and the recording of the promotional announcements takes five (5) hours or less, then the preparation requirement shall be included in the same day and only one (1) day's compensation shall be paid.
