

Technical Bulletin

TB 0239 – Withdrawal of Profile wall (Corflo) product approval

Purpose

This technical bulletin has been issued to advise the withdrawal of product approvals for profile wall (Corflo) conduit products. A review of conduit products on the Endeavour Energy approved materials list (AML) resulted in the decision to only use rigid, smooth bore, smooth wall conduits on new installations. Currently approved alternative products are detailed below.

Actions

Existing stock of profile wall conduit may be exhausted until 1st September 2017. After this date, new installations of profile wall conduit on any projects will not be accepted.

Approved products

The following rigid, smooth bore, smooth wall conduit products detailed in the table below are approved for use on the Endeavour Energy network. As more products are approved, they will be added to the approved materials list (AML).

Product description	Endeavour Energy stock code	Manufacturer	Manufacturers part no.
40mm x 4m rigid HD PVC - orange	1005893	Australian Plastic Profiles	RC40HDOR
		Iplex Pipelines	P600404
		Vinidex Pty. Ltd.	10760
50mm x 4m rigid HD PVC - orange	1005900	Australian Plastic Profiles	RC50HDOR
		Iplex Pipelines	P600504
		Vinidex Pty. Ltd.	10780
100mm x 4m rigid HD PVC - orange	1550904	Iplex Pipelines	P6001004
		Vinidex Pty. Ltd.	21040
125mm x 4m rigid HD PVC - orange	1567940	Australian Plastic Profiles	RC125HDOR
		Iplex Pipelines	P6001254
		Vinidex Pty. Ltd.	21050
125mm x 6m rigid LD PVC - orange	1005911	Australian Plastic Profiles	RC125CL560R
		(Key Plastics) Iplex Pipelines	P4001256
		Vinidex Pty. Ltd.	11200
150mm x 4m rigid HD PVC - orange	1550912	Iplex Pipelines	P6001504
		Vinidex Pty. Ltd.	20160
150mm x 6m rigid LD PVC - orange	1546662	Iplex Pipelines	P4001506
		Vinidex Pty. Ltd.	11320
