Update NOCC Spreadsheet

5 September 2023

We have now updated the Notification of Change in Charges (NOCC) Spreadsheet for FY23/24. You can find the spreadsheet on our website [here](#).

The new prices are in effect for any first design submission (including re-certifications) from 1st October 2023. For any design that has already been submitted and is currently being certified, the FY22/23 NOCC will continue to apply.

Kind regards,

Customer Network Solutions
