Public Lighting – additional lighting options

2 November 2023

The following new LED items are now available on the Approved Materials List for use on Endeavour Energy's streetlighting network. Supplier part numbers and NOCC Tariff references are provided below for your reference.

The I table files for the following new LEDs are compressed and available on the ASP Portal under *FAP – Forms and Procedures*.

As per TB0311, the maximum allowable maintenance factor for LED luminaires within the Endeavour Energy network is 0.8.

Item	Description	Supplier part No	NOCC Tariff Reference
1	ATS PLED MKII 30W AE N7P 4000K P3 Standard visor	PLED.II.30W-AE	TC3 454 TC4 778
2	ATS PLED MKII 30W AE N7P 3000K P3 Standard visor	PLED.II.30W-AE-3000K	TC3 454 TC4 778
3	ATS PLED MKII 30W AE N7P 4000K P3 Aeroscreen visor	PLED.II.30W-AE	TC3 454 TC4 778
