## **ASP Seminar - Feedback**

21 November 2023

We wanted to thank all of you who took the time to join us for our ASP Seminar on 10 November.

We're working through the questions that were asked before, during and after the seminar and we are aiming to have answers distributed in early December.

We are also working on uploading the recordings of the seminar into the ASP Portal and will be in touch again once uploaded.

In the meantime, we would greatly appreciate feedback from the seminar. If you attended, [please submit your feedback here](#).

Kind regards,

**Customer Network Solutions**
