Updated ASP 1 & 2 Guidelines

8 May 2025

We've updated the ASP1 and ASP2 Guidelines to reflect the latest requirements and improve guidance around responsibilities and processes. You can find the updated guidelines on the **ASP Portal** under *Forms and Procedures*.

These changes include recent updates to our procedures and aim to give you more consistent, easy-to-follow instructions to help support safe, efficient work on our network.

Kind regards,

Customer Network Solutions
