

About this Reference Guide

This Reference Guide ("RG") has been prepared and issued by Equity Trustees Limited ("Equity Trustees", "we" or "Responsible Entity") as responsible entity for the Smarter Money Fund ARSN 154 023 408 and the Coolabah Short Term Income Fund ARSN 601 093 485, each a 'Fund'. The information in this document forms part of the Product Disclosure Statements ("PDS") for each of the following classes of the Funds:

- Smarter Money Fund - Assisted Investor Class;
- Smarter Money Fund - Base Fee Class;
- Smarter Money Fund - Institutional Class A;
- Coolabah Short Term Income Fund - Assisted Investor Class;
- Coolabah Short Term Income Fund - Base Fee Class;
- Coolabah Short Term Income Fund - Direct Investor Class;
- Coolabah Short Term Income Fund – Institutional Class A;
- Coolabah Short Term Income Fund – USD Investor Class;

each a 'Class'. The information provided in this RG is for general information only and does not take into account your individual objectives, financial situation or needs. You should obtain financial advice tailored to your personal circumstances.

Contents

1. Investing in the Coolabah Funds

Application cut-off times

If we receive a correctly completed online application or Application Form attached to the PDS, identification documents (if applicable) and cleared application money:

- before 3pm (Sydney time) on a Business Day and your application for units is accepted, you will generally receive the Application Price calculated for that Business Day; or
- on or after 3pm (Sydney time) on a Business Day and your application for units is accepted, you will generally receive the Application Price calculated for the next Business Day.

Please see the relevant PDS for information regarding how to apply.

For the Coolabah Short Term Income Fund USD Investor Class, the following application cut-off times apply:

If we receive a correctly completed online application or Application Form attached to the PDS, identification documents (if applicable) and cleared application money:

- before 12pm (Sydney time) on a Business Day and your application for units is accepted, you will generally receive the Application Price calculated for that Business Day; or
- on or after 12pm (Sydney time) on a Business Day and your application for units is accepted, you will generally receive the Application Price calculated for the next Business Day.

Please see the relevant PDS for information regarding how to apply.

Application terms

We will only start processing an application if:

- we consider that you have correctly completed the online application or Application Form attached to the PDS;
- you have provided us with the relevant identification documents if required; and
- we have received the application money (in cleared funds) stated in your online application or Application Form attached to the PDS.

For investors who apply via mFund if:

- we receive an application for units via mFund; and
- we receive the relevant application money (in cleared funds).

We will not investigate whether an application for units received by Equity Trustees via mFund has been made with the authority of the applicant.

Direct debit & savings plan

This information applies only if you have indicated that you wish for your initial or additional investment amounts to be paid by direct debit. Please ensure you have provided the details of your financial institution and completed the direct debit request in the relevant sections of the Application Form, or contact Apex on 1300 133 451.

The direct debit and savings plan is not available for the Coolabah Short Term Income Fund USD Investor Class.

The following is your Direct Debit Service Agreement ("Agreement") with Apex Fund Services Pty Ltd ABN 81 118 902 891 ("Apex"), who acts as the Fund Administrator of each Fund. The Agreement is designed to explain what your obligations are when undertaking a Direct Debit arrangement with Apex. It also details what Apex's obligations are to you as your Direct Debit Provider. We recommend you keep this information in a safe place for future reference. It forms part of the terms and conditions of your Direct Debit Request in the relevant sections of the Application Form or Additional Application Form (as applicable).

Definitions:

Account means the account held at your financial institution from which we are authorised to arrange for funds to be debited

Agreement means the Direct Debit Request Service Agreement between you and Apex

Banking Day means a day other than a Saturday or a Sunday or a public holiday listed throughout Australia

Debit Day means the day that payment by you to Apex is due

Direct Debit Request means the direct debit request in the Application Form or Additional Application Form

Direct Payment means a particular transaction where a debit is made

We means Apex, (the "Debit User") you have authorised by signing a Direct Debit Request

You means the customer who has signed or authorised by other means the Direct Debit Request

Your financial institution means the financial institution nominated by you on the Direct Debit Request at which the account is maintained.

1. Debiting your Account

1.1 By signing a direct debit request or by providing Apex with a valid instruction, you have authorised Apex to arrange for funds to be debited from your account. You should refer to the direct debit request and this agreement for the terms of the arrangement between Apex and you.

1.2 We will only arrange for funds to be debited from your account as authorised in the direct debit request; or

We will only arrange for funds to be debited from your account if we have sent to the address nominated by you in the direct debit request, a billing advice which specifies the amount payable by you to Apex and when it is due.

1.3 If the debit day falls on a day that is not a banking day, we may direct your financial institution to debit your account on the following banking day. If you are unsure about which day your account has or will be debited you should ask your financial institution.

2. Amendments by Apex

2.1 We may vary any details of this agreement or a direct debit request at any time by giving you at least fourteen (14) days written notice.

3. Amendments by You

3.1 You may change, stop or defer a debit payment, or terminate this agreement by providing Apex with at least fourteen (14) days notification by writing to:

Unit Registry, Apex Fund Services Pty Ltd, GPO BOX 4968, Sydney NSW 2001

or

by telephoning Apex on 1300 133 451 during business hours;

or

arranging it through your own financial institution.

4. Your Obligations

4.1 It is your responsibility to ensure that there are sufficient clear funds available in your account to allow a debit payment to be made in accordance with the direct debit request.

4.2 If there are insufficient clear funds in your account to meet a debit payment:

a) you may be charged a fee and/or interest by your financial institution;

b) you may also incur fees or charges imposed or incurred by Apex; and

c) you must arrange for the debit payment to be made by another method or arrange for sufficient clear funds to be in your account by an agreed time so that we can process the debit payment.

4.3 You should check your account statement to verify that the amounts debited from your account are correct.

4.4 If we are liable to pay goods and services tax ("GST") on a supply made in connection with this agreement, then you agree to pay Apex on demand an amount equal to the consideration payable for the supply multiplied by the prevailing GST rate.

5. Dispute

5.1 If you believe that there has been an error in debiting your account, you should notify Apex directly on 1300 133 451 and confirm that notice in writing with Apex as soon as possible so that we can resolve your query more quickly. Alternatively you can take it up with your financial institution directly.

5.2 If we conclude as a result of our investigations that your account has been incorrectly debited we will respond to your query by arranging for your financial institution to adjust your account (including interest and charges) accordingly. We will also notify you in writing of the amount by which your account has been adjusted.

5.3 If we conclude as a result of our investigations that your account has not been incorrectly debited we will respond to your query by providing you with reasons and any evidence for this finding in writing

6. Accounts

6.1 You should check:

- a) with your financial institution whether direct debiting is available from your account as direct debiting is not available on all accounts offered by financial institutions; and
- b) your account details which you have provided to Apex are correct by checking them against a recent account statement; and
- c) with your financial institution before completing the direct debit request if you have any queries about how to complete the direct debit request.

7. Confidentiality

7.1 We will keep any information (including your account details) in your direct debit request confidential. We will make reasonable efforts to keep any such information that we have about you secure and to ensure that any of our employees or agents who have access to information about you do not make any unauthorised use, modification, reproduction or disclosure of that information.

7.2 We will only disclose information that we have about you:

- a) to the extent specifically required by law; or
- b) for the purposes of this agreement (including disclosing information in connection with any query or claim).

8. Notice

8.1 If you wish to notify Apex in writing about anything relating to this agreement, you should write to:

Apex Fund Services Pty Ltd GPO Box 4968 Sydney NSW 2001

8.2 We will notify you by sending a notice in the ordinary post to the address you have given Apex in the Direct Debit Request.

8.3 Any notice will be deemed to have been received on the third banking day after posting.

BPay®

You will be given your reference number when you first invest to allow you to transfer initial and additional investments by using BPAY. To facilitate the use of this service you will need to use your online banking service from your participating Australian financial institution.

2. Managing your investment

Authorised signatories

You can appoint a person, partnership or company as your authorised signatory. To do so, please nominate them on the Application Form and have them sign the relevant sections. If a company is appointed, the powers extend to any director and officer of the company. If a partnership is appointed, the powers extend to all partners. Such appointments will only be cancelled or changed once we receive written instructions from you to do so.

Once appointed, your authorised signatory has full access to operate your investment account for and on your behalf. This includes the following:

- making additional investments;
- requesting income distribution instructions be changed;

- withdrawing all or part of your investment;
- changing bank account details; and
- enquiring and obtaining copies of the status of your investment.

If you do appoint an authorised signatory:

- you are bound by their acts;
- you release, discharge and indemnify us from and against any losses, liabilities, actions, proceedings, claims and demands arising from instructions received from your authorised signatory; and
- you agree that our acting on any instructions received from your authorised signatory shall amount to complete satisfaction of our obligations, even if these instructions were made without your knowledge or authority.

Reports

Investors will be provided with the following reports:

- application and withdrawal confirmation statements;
- transaction statements; and
- (where applicable), distribution and tax statements.

Annual audited financial accounts are available on Equity Trustees' website.

3. Withdrawing your investment

Withdrawal cut-off times

If we receive a withdrawal request:

- before 3pm (Sydney time) on a Business Day and your withdrawal request is accepted, you will generally receive the Withdrawal Price calculated for that Business Day; or
- on or after 3pm (Sydney time) on a Business Day and your withdrawal request is accepted, you will generally receive the Withdrawal Price calculated for the next Business Day.

For the Coolabah Short Term Income Fund USD Investor Class, the following withdrawal cut-off times apply:

If we receive a withdrawal request:

- before 12pm (Sydney time) on a Business Day and your withdrawal request is accepted, you will generally receive the Withdrawal Price calculated for that Business Day; or
- on or after 12pm (Sydney time) on a Business Day and your withdrawal request is accepted, you will generally receive the Withdrawal Price calculated for the next Business Day.

Please see the relevant PDS for information regarding how to request a withdrawal.

Withdrawal terms

Once we receive your withdrawal request, we may act on your instruction without further enquiry if the instruction bears your account number or investor details and your (apparent) signature(s), or your authorised signatory's (apparent) signature(s).

We may contact you to check your details before processing your withdrawal request but are not obliged to. This may cause a delay in finalising payment of your withdrawal money. No interest is payable for any delay in finalising payment of your withdrawal money.

We are not responsible or liable if you do not receive, or are late in receiving, any withdrawal money that is paid according to your instructions.

When you are withdrawing, you should take note of the following:

- Withdrawals will only be paid to the investor.
- We reserve the right to fully redeem your investment if, as a result of processing your request, your investment balance in the Fund falls below the minimum balance set out in the PDS.
- If we cannot satisfactorily identify you as the withdrawing investor, we may reject your withdrawal request or payment of your withdrawal proceeds will be delayed. We are not responsible for any loss you consequently suffer.

- As an investor who is withdrawing, you agree that any payment made according to instructions received by post, courier, email or fax, shall be a complete satisfaction of our obligations, despite any fact or circumstances such as the payment being made without your knowledge or authority.
- You agree that if the payment is made according to these terms you, and any person claiming on your behalf, shall have no claim against us with regards to such payment.

Withdrawal restrictions

Access to your money can be delayed in limited circumstances but the Investment Manager considers this unlikely given the Fund's investments.

Under the Corporations Act, you do not have a right to withdraw from the Fund if the Fund is illiquid. In such circumstances, you will only be able to withdraw your investment if Equity Trustees makes a withdrawal offer in accordance with the Corporations Act. Equity Trustees is not obliged to make such offers.

The Fund will be deemed liquid if at least 80% of its assets are liquid assets (generally cash and marketable securities). In addition, should Equity Trustees be unable to realise sufficient assets to meet withdrawal payments, it may suspend the calculation of the NAV and withhold withdrawal proceeds.

In addition, we can also delay unit redemption withdrawals for up to 180 days or such longer or shorter period as we consider is appropriate in all the circumstances in limited circumstances including if there is a circumstance outside our reasonable control which we consider impacts on our ability to properly or fairly calculate the unit price, or withdrawal requests would result in 20% or more of Net Asset Value being withdrawn (we can stagger payment over such period that we determine).

Compulsory redemptions

We can redeem your investment without asking if you breach your legal obligations to us, to recover money you owe us or anyone else relating to your investment, if law prohibits you from legally being an investor or if you fail to meet the minimum account balance from time to time.

4. Additional information on risks

Borrowing risk

Although the Fund does not intend to borrow, the Fund does have an ability to borrow indirectly via repurchase facilities with major Australian and international trading banks that have direct access to the RBA's liquidity facilities to manage withdrawals and distributions in the short-term, although this would be very unusual. Risk associated with borrowing includes that it magnifies both good and bad returns.

Financial instruments risk

It is also possible that from time to time derivatives may be used to manage the Fund's risks when considered appropriate. Using sophisticated financial instruments has certain risks.

Derivatives are not used with the intention to gear the Fund (or cause it to be leveraged). If using a financial instrument brings with it the potential to pay more money, the Portfolio Manager makes sure that the Fund has the money or assets set aside to meet this requirement. However, various risks remain, including the value of a derivative failing to move in line with the underlying asset, potential illiquidity of a derivative, the Fund (or the underlying investment) not being able to meet payment obligations as they arise, potential leverage (or gearing) resulting from the position and counterparty risk (counterparty risk is where the other party to the derivative cannot meet its obligations).

Specialist professionals are employed to help manage the Fund and have a thorough understanding of the financial instruments it invests in. The Portfolio Manager deals with issuers and counterparties it considers to be reputable.

Unfortunately, using derivatives to reduce the Fund's risks is not always successful, is not always used to offset all relevant Fund risk, and is sometimes not cost effective or practical to use.

Information risk

We are committed to ensuring that your information is kept secure and protected from misuse and loss and from unauthorised access, modification and disclosure. We use the Internet in operating the Fund and may store records in a cloud system. If stored overseas, different privacy and other standards may apply there.

The internet does not however always result in a secure information environment and although we take steps we consider reasonable to protect your information, we cannot absolutely guarantee its security.

Liquidity risk

This is the risk that your withdrawal requests cannot be met when you expect. Because cash is paid to your account when you withdraw investments of the Fund it may need to be sold to pay you. Depending on factors such as the state of the markets, selling investments is not always possible, practicable or consistent with the best interests of investors.

This is one of the reasons why the constitution for the Fund specifies limited circumstances where there could be a delay in meeting your withdrawal request. The law sometimes restricts withdrawals.

Although you may sell your units privately, you may not find a buyer or a buyer at the price you want.

Governance risk

The Portfolio Manager may take into account environmental, social and governance issues in the management of the Fund. The intention includes to help reduce certain potential credit risks and enhance relative performance of certain asset classes. Be aware that the Portfolio Manager's policy does not take into account all labour standards, environmental, social and ethical considerations, and that any assessment of what is or is not such a factor and should or need not be taken into is subjective. Remember that the Portfolio Manager's policy can change, and that investing having regard to such factors may not result in environmental, social or governance outcomes improving or desired investment outcomes being achieved. Investments may form part of the portfolio even though they do not meet such standards.

Structure risk

This is the risk associated with having someone invest for you.

Risks associated with investing in the Fund include; it could be closed and your money returned to you at the prevailing valuations at that time; there can be a change in the responsible entity or a change in the investment manager (for example if key individuals were no longer involved in managing the Fund); someone involved with your investment (even remotely) does not meet their obligations or perform as expected; assets may be lost, not recorded properly or misappropriated; laws may adversely change; insurers may not pay when expected; systems may fail or insurance may be inadequate.

Investment decisions by investment managers like CCIR or CCII, although taken carefully, are not always successful.

Investing through an administration platform or through your stockbroker also brings some risks that the operator of the administration platform or your stockbroker may not perform its obligations properly. For instance, the stockbroker may make mistakes, or ASX may halt, suspend or revoke any admission of Equity Trustees or the Fund to mFund. Although unlikely, ASX or stockbroker systems could fail or there could be errors, anomalies or irregularities.

Investing in the Fund may give inferior results compared to investing directly (where, for example, you avoid the impact of others coming and going and may be able to manage your tax situation better).

Volatility risk

Markets can be volatile. Investing in volatile conditions usually implies a greater level of risk for investors than an investment in a more stable market. The Fund is expected to have higher volatility than bank deposits but lower volatility than traditional fixed interest funds and equities.

Valuation risk

The value of the Fund’s underlying investments, as obtained from independent valuation sources, may not accurately reflect the realisable value of those investments. The Fund seeks to reduce this risk by seeking that all the assets of the Fund are valued independently on a daily basis and wherever possible using market prices.

Currency risk

In the case of the Funds except for the Coolabah Short Term Income Fund - USD Investor Class, the Fund may invest in bonds issued in foreign currencies by Australian incorporated companies (or wholly-owned subsidiaries). Currency movements against the Australian Dollar may adversely affect the domestic value of the Fund’s investments and the income from those investments. The Portfolio Manager will aim to fully hedge currency exposures back to Australian Dollars to reduce the risk of adverse fluctuations in the value of the Australian Dollar relative to other currencies.

In the case of the Coolabah Short Term Income Fund USD Investor Class the Fund is denominated in US Dollars and will have exposure to an Underlying Pool of assets which are predominately Australian Dollar denominated assets. The Portfolio Manager will aim to manage the Fund’s currency risk through the use of foreign exchange transactions such that at purchase the Fund’s currency exposure is fully hedged to US Dollars. Although the Portfolio Manager aims to fully hedge currency exposures within the Fund they may not be hedged perfectly.

Currency movements may adversely affect the value of the Fund’s investments and the income from those investments.

mFund risk

In the case of the Coolabah Short Term Income Fund - Assisted Investor Class and the Smarter Money Fund Assisted Investor Class, investing through an administration platform or through your stockbroker also brings some risks that the operator of the administration platform or your stockbroker may not perform its obligations properly. For instance, the stockbroker may make mistakes, or ASX may halt, suspend or revoke any admission of Equity Trustees or the Fund to mFund. Although unlikely, ASX or stockbroker systems could fail or there could be errors, anomalies or irregularities. Investing in the Fund may give inferior results compared to investing directly (where for example you avoid the impact of others coming and going and may be able to manage your tax situation better).

Pandemic and other unforeseen event risk

Health crises, such as pandemic and epidemic diseases, as well as other catastrophes that interrupt the expected course of events, such as natural disasters, war or civil disturbance, acts of terrorism, power outages and other unforeseeable and external events, and the public response to or fear of such diseases or events, have and may in the future have an adverse effect on the economies and financial markets either in specific countries or worldwide and consequently on the value of the Fund’s investments. Further, under such circumstances the operations, including functions such as trading and valuation, of the Investment Manager, Portfolio Manager and other service providers could be reduced, delayed, suspended or otherwise disrupted.

5. Additional information on fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns. For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000). You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs. You may be able to negotiate to pay lower fees. Ask the Fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) Moneysmart website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

Fees and other costs

This section shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of the managed investment scheme as a whole. Taxes are set out in another part of this document. You should read all the information about fees and costs because it is important to understand their impact on your investment.

Coolabah Funds		
Type of fee or cost	Amount	How and when paid
Ongoing annual fees and costs ¹		

Type of fee or cost	Amount	How and when paid
<i>Management fees and costs</i> The fees and costs for managing your investment	<u>Smarter Money Fund:</u> - Base Fee Class = 0.79% of the NAV of the Class - Assisted Investor Class = 0.66% of the NAV of the Class - Institutional Class A = 0.40% of the NAV of the Class <u>Coolabah Short Term Income Fund</u> - Base Fee Class = 0.89% of the NAV of the Class - Assisted Investor Class = 0.69% of the NAV of the Class - Direct Investor Class = 0.55% of the NAV of the Class - Institutional Class A = 0.40% of the NAV of the Class - USD Investor Class = 0.55% of the NAV of the Class	The management fees component of management fees and costs are accrued daily and paid from the relevant Class monthly in arrears and reflected in the unit price. Otherwise, the fees and costs are variable and deducted and reflected in the unit price of the relevant Class as they are incurred. The management fees component of management fees and costs may be negotiated. Please see "Differential fees" in the "Additional Explanation of Fees and Costs" for further information.
<i>Performance fees</i> Amounts deducted from your investment in relation to the performance of the product	<u>Smarter Money Fund:</u> - Base Fee Class = Not Applicable - Assisted Investor Class = 0.19% of the NAV of the Class² - Institutional Class A = 0.30% of the NAV of the Class² <u>Coolabah Short Term Income Fund</u> - Base Fee Class = Not Applicable - Assisted Investor Class = 0.21% of the NAV of the Class² - Direct Investor Class = 0.21% of the NAV of the Class² - Institutional Class A = 0.21% of the NAV of the Class² - USD Investor Class = 0.15% of the NAV of the Class²	Performance fees at the Class level are calculated daily and paid monthly in arrears from the Class and reflected in the unit price. Performance fees at the interposed vehicle level are reflected in the value of the Class's investment in the relevant interposed vehicle, and therefore reflected in the unit price.
<i>Transaction costs</i> The costs incurred by the scheme when buying or selling assets	<u>Smarter Money Fund:</u> - Base Fee Class = 0.00% of the NAV of the Class - Assisted Investor Class = 0.00% of the NAV of the Class - Institutional Class A = 0.00% of the NAV of the Class <u>Coolabah Short Term Income Fund</u> - Base Fee Class = 0.00% of the NAV of the Class - Assisted Investor Class = 0.00% of the NAV of the Class - Direct Investor Class = 0.00% of the NAV of the Class - Institutional Class A = 0.00% of the NAV of the Class - USD Investor Class = 0.00% of the NAV of the Class	Transaction costs are variable and deducted from the relevant Class as they are incurred and reflected in the unit price. They are disclosed net of amounts recovered by the buy-sell spread. Any transaction costs at the interposed vehicle level are reflected in the value of the Class's investment in the relevant interposed vehicle, and therefore reflected in the unit price.
Member activity related fees and costs (fees for services or when your money moves in or out of the scheme)		
<i>Establishment fee</i> The fee to open your investment	Not applicable	Not applicable
<i>Contribution fee</i> The fee on each amount contributed to your investment	Not applicable	Not applicable

Type of fee or cost	Amount	How and when paid
Buy-sell spread An amount deducted from your investment representing costs incurred in transactions by the scheme	nil upon entry and 0.025% upon exit	These costs are an additional cost to the investor but are incorporated into the unit price and arise when investing application monies and funding withdrawals from the relevant Class and are not separately charged to the investor. The Buy Spread is paid into the relevant Class as part of an application and the Sell Spread is left in the relevant Class as part of a redemption.
Withdrawal fee The fee on each amount you take out of your investment	Not applicable	Not applicable
Exit fee The fee to close your investment	Not applicable	Not applicable
Switching fee The fee for changing investment options	Not applicable	Not applicable

¹ All fees quoted above are inclusive of Goods and Services Tax (GST) and net of any Reduced Input Tax Credits (RITC). See below for more details as to how the relevant fees and costs are calculated.

² This represents the performance fee of the Class which is payable as an expense of the Class to the Investment Manager. See "Performance fees" below for more information.

Additional Explanation of Fees and Costs

Management fees and costs

The management fees and costs include amounts payable for administering and operating the Class, investing the assets of the Class, expenses and reimbursements in relation to the Class and indirect costs if applicable.

Management fees and costs do not include performance fees or transaction costs, which are disclosed separately.

The management fees component of management fees and costs of 0.66% p.a. of the NAV of the Smarter Money Fund – Assisted Investor Class, 0.79% p.a. of the NAV of the Smarter Money Fund – Base Fee Class, 0.40% p.a. of the NAV of the Smarter Money Fund – Institutional Class A, 0.69% p.a. of the NAV of the Coolabah Short Term Income Fund – Assisted Investor Class, 0.89% p.a. of the NAV of the Coolabah Short Term Income Fund – Base Fee Class, 0.55% p.a. of the NAV of the Coolabah Short Term Income Fund – Direct Investor Class, 0.40% p.a. of the NAV of the Coolabah Short Term Income Fund – Institutional Class A and 0.55% p.a. of the NAV of the Coolabah Short Term Income Fund – USD Investor Class is payable to the Responsible Entity of the Fund for managing the assets and overseeing the operations of the Class. The management fees component is accrued daily and paid from the Class monthly in arrears and reflected in the unit price. As at the date of this PDS, the management fees component covers certain ordinary expenses such as Responsible Entity fees, investment management fees, custodian fees, and administration and audit fees.

The indirect costs and other expenses component of 0.00% p.a. of the NAV of the Smarter Money Fund – Assisted Investor Class, 0.00% p.a. of the NAV of the Smarter Money Fund – Base Fee Class, 0.00% p.a. of the NAV of the Smarter Money Fund – Institutional Class A, 0.00% p.a. of the NAV of the Coolabah Short Term Income Fund – Assisted Investor Class, 0.00% p.a. of the NAV of the Coolabah Short Term Income Fund – Base Fee Class, 0.00% p.a. of the NAV of the Coolabah Short Term Income Fund – Direct Investor Class, 0.00% p.a. of the NAV of the Coolabah Short Term Income Fund – Institutional Class A and 0.00% p.a. of the NAV of the Coolabah Short Term Income Fund – USD Investor Class may include other ordinary expenses of operating the Class, as well as management fees and costs (if any) arising from interposed vehicles in or through which the Class invests. The indirect costs and other expenses component is variable and reflected in the unit price of the Class as the relevant fees and costs are incurred. They are borne by investors, but they are not paid to the Responsible Entity or Investment Manager. The indirect costs and other expenses component is based on the relevant costs incurred during the financial year ended 30 June 2024.

Actual indirect costs for the current and future years may differ. If in future there is an increase to indirect costs disclosed in this PDS, updates will be provided on Equity Trustees' website at www.eqt.com.au/insto where they are not otherwise required to be disclosed to investors under law.

Performance fees

Smarter Money Fund

Assisted Investor Class

Performance fees include amounts that are calculated by reference to the performance of the Class. The performance fees for the Class are 0.19% of the NAV of the Class. The performance fee figure that is disclosed in the Fees and Costs Summary is generally based on an average of the performance fees over the previous five financial years, where each performance fee relevant to the Class is averaged and totalled to give the performance fees for the Class.

In terms of the performance fees payable to the Investment Manager, a performance fee is payable where the investment performance of the Class exceeds the RBA Cash Rate (RBACOR) plus 1.00% (Benchmark), after management fees of 0.66% p.a. (Performance Hurdle). The performance fees are 20.5% of this excess, calculated daily and paid monthly in arrears from the Class and calculated based on the beginning NAV of the Class over the relevant period. No performance fees are payable until any accrued Class losses from prior periods have been made up (this feature is sometimes referred to as a high-watermark).

Please note that the performance fees disclosed in the Fees and Costs Summary is not a forecast as the actual performance fee for the current and future financial years may differ. The Responsible Entity cannot guarantee that performance fees will remain at their previous level or that the performance of the Class will outperform the Benchmark.

It is not possible to estimate the actual performance fee payable in any given period, as we cannot forecast what the performance of the Class will be. Information on current performance fees will be updated from time to time and available at www.eqt.com.au/insto.

Performance fee example

The example below is provided for illustrative purposes only and does not represent any actual or prospective performance of the Class. We do not provide any assurance that the Class will achieve the performance used in the example and you should not rely on this example in determining whether to invest in the Class.

The below is an example of the performance fee expense using annualised percentage calculations over the performance fee period. The actual performance fee will be payable monthly.

Assumptions:

- The return of the RBA Cash Rate from the start of the performance fee period to the end of the performance fee period is 1%;
- the Class's Performance Hurdle for the performance fee period is 2.66% (1% plus 1% plus 0.66%);
- the Class's 'investment return' for the performance fee period is 3%;
- the Class's 'investment return' for the performance fee period is assumed to accrue evenly over the course of the performance fee period; and
- there are no accrued Class losses from the previous performance fee period to be carried forward.

On the basis of the above assumptions and if you had an investment in the Class of \$50,000 at the beginning of the performance fee period and no withdrawals were effected during the performance fee period, your investment would bear a performance fee expense of approximately \$34.85 (Based on outperformance of 0.34% (3%-2.66%) above 'performance hurdle' x performance fee 20.5% x \$50,000 investment = \$34.85) for the performance fee period.

Please note that the 'investment return' specified in this example:

- is only an example to assist investors to understand the effect of the performance fee expense on the investment return of the Class; and
- is not a forecast of the expected investment return for the Class and is for illustrative purposes only.

Institutional Class A

Performance fees include amounts that are calculated by reference to the performance of the Class. The performance fees for the Class are 0.30% of the NAV of the Class. The performance fee figure that is disclosed in the Fees and Costs Summary is generally based on an average of the performance fees over the previous five financial years, where each performance fee relevant to the Class is averaged and totalled to give the performance fees for the Class.

In terms of the performance fees payable to the Investment Manager, a performance fee is payable where the investment performance of the Class exceeds the performance of the RBA cash rate (RBACOR) (Benchmark), after management fees of 0.40% p.a. (Performance Hurdle). The performance fees are 20.5% of this excess, calculated daily and paid monthly in arrears from the Class and calculated based on the beginning NAV of the Class over the relevant period. No performance fees are payable until any accrued Class losses from prior periods have been made up (this feature is sometimes referred to as a high-watermark).

Please note that the performance fees disclosed in the Fees and Costs Summary is not a forecast as the actual performance fee for the current and future financial years may differ. The Responsible Entity cannot guarantee that performance fees will remain at their previous level or that the performance of the Class will outperform the Benchmark.

It is not possible to estimate the actual performance fee payable in any given period, as we cannot forecast what the performance of the Class will be. Information on current performance fees will be updated from time to time and available at www.eqt.com.au/insto.

Performance fee example

The example below is provided for illustrative purposes only and does not represent any actual or prospective performance of the Class. We do not provide any assurance that the Class will achieve the performance used in the example and you should not rely on this example in determining whether to invest in the Class.

The below is an example of the performance fee expense using annualised percentage calculations over the performance fee period. The actual performance fee will be payable monthly.

Assumptions:

- The return of the RBA Cash Rate from the start of the performance fee period to the end of the performance fee period is 1%;
- the Class's Performance Hurdle for the performance fee period is 1.40% (1% plus 0.40%);
- the Class's 'investment return' for the performance fee period is 3%;
- the Class's 'investment return' for the performance fee period is assumed to accrue evenly over the course of the performance fee period; and
- there are no accrued Class losses from the previous performance fee period to be carried forward.

On the basis of the above assumptions and if you had an investment in the Class of \$50,000 at the beginning of the performance fee period and no withdrawals were effected during the performance fee period, your investment would bear a performance fee expense of approximately \$164 (Based on outperformance of 1.60% (3%-1.40%) above 'performance hurdle' x performance fee 20.5% x \$50,000 investment = \$164) for the performance fee period.

Coolabah Short Term Income Fund

Assisted Investor Class

Performance fees include amounts that are calculated by reference to the performance of the Class. The performance fees for the Class are 0.21% of the NAV of the Class. The performance fee figure that is disclosed in the Fees and Costs Summary is generally based on an average of the performance fees over the previous five financial years, where each performance fee relevant to the Class is averaged and totalled to give the performance fees for the Class.

In terms of the performance fees payable to the Investment Manager, a performance fee is payable where the investment performance of the Class exceeds the performance of the RBA cash rate (RBACOR), plus 1.50% (Benchmark), after management fees of 0.69% p.a. (Performance Hurdle). The performance fees are 22.50% of this excess, calculated daily and paid monthly in arrears from the Class and calculated based on the beginning NAV of the Class over the relevant period. No performance fees are payable until any accrued Class losses from prior periods have been made up (this feature is sometimes referred to as a high-watermark).

Please note that the performance fees disclosed in the Fees and Costs Summary is not a forecast as the actual performance fee for the current and future financial years may differ. The Responsible Entity cannot guarantee that performance fees will remain at their previous level or that the performance of the Class will outperform the Benchmark.

It is not possible to estimate the actual performance fee payable in any given period, as we cannot forecast what the performance of the Class will be. Information on current performance fees will be updated from time to time and available at www.eqt.com.au/insto.

Performance fee example

The example below is provided for illustrative purposes only and does not represent any actual or prospective performance of the Class. We do not provide any assurance that the Class will achieve the performance used in the example and you should not rely on this example in determining whether to invest in the Class.

The below is an example of the performance fee expense using annualised percentage calculations over the performance fee period. The actual performance fee will be payable monthly.

Assumptions:

- The return of the RBA Cash Rate from the start of the performance fee period to the end of the performance fee period is 1%;
- the Class's Performance Hurdle for the performance fee period is 3.19% (1% plus 1.50% plus 0.69%);
- the Class's 'investment return' for the performance fee period is 3.50%;
- the Class's 'investment return' for the performance fee period is assumed to accrue evenly over the course of the performance fee period; and
- there are no accrued Class losses from the previous performance fee period to be carried forward.

On the basis of the above assumptions and if you had an investment in the Class of \$50,000 at the beginning of the performance fee period and no withdrawals were effected during the performance fee period, your investment would bear a performance fee expense of approximately \$34.88 (Based on outperformance of 0.31% (3.50% - 3.19%) above 'performance hurdle' x performance fee 22.5% x \$50,000 investment = \$34.88) for the performance fee period.

Please note that the 'investment return' specified in this example:

- is only an example to assist investors to understand the effect of the performance fee expense on the investment return of the Class; and
- is not a forecast of the expected investment return for the Class.

Direct Investor Class

Performance fees include amounts that are calculated by reference to the performance of the Class. The performance fees for the Class are 0.21% of the NAV of the Class. The performance fee figure that is disclosed in the Fees and Costs Summary is generally based on an average of the performance fees over the previous five financial years, where each performance fee relevant to the Class is averaged and totalled to give the performance fees for the Class.

In terms of the performance fees payable to the Investment Manager, a performance fee is payable where the investment performance of the Class exceeds the performance of the RBA cash rate, plus 1.50% (Benchmark), after management fees of 0.55% p.a. (Performance Hurdle). The performance fees are 22.50% of this excess, calculated daily and paid monthly in arrears from the Class and calculated based on the beginning NAV of the Class over the relevant period. No performance fees are payable until any accrued Class losses from prior periods have been made up (this feature is sometimes referred to as a high-watermark).

Please note that the performance fees disclosed in the Fees and Costs Summary is not a forecast as the actual performance fee for the current and future financial years may differ. The Responsible Entity cannot guarantee that performance fees will remain at their previous level or that the performance of the Class will outperform the Benchmark.

It is not possible to estimate the actual performance fee payable in any given period, as we cannot forecast what the performance of the Class will be. Information on current performance fees will be updated from time to time and available at www.eqt.com.au/insto.

Performance fee example

The example below is provided for illustrative purposes only and does not represent any actual or prospective performance of the Class. We do not provide any assurance that the Class will achieve the performance used in the example and you should not rely on this example in determining whether to invest in the Class.

The below is an example of the performance fee expense using annualised percentage calculations over the performance fee period. The actual performance fee will be payable monthly.

Assumptions:

- The return of the RBA Cash Rate from the start of the performance fee period to the end of the performance fee period is 1%;
- the Class's Performance Hurdle for the performance fee period is 3.05% (1% plus 1.50% plus 0.55%);
- the Class's 'investment return' for the performance fee period is 3.50%;
- the Class's 'investment return' for the performance fee period is assumed to accrue evenly over the course of the performance fee period; and
- there are no accrued Class losses from the previous performance fee period to be carried forward.

On the basis of the above assumptions and if you had an investment in the Class of \$50,000 at the beginning of the performance fee period and no withdrawals were effected during the performance fee period, your investment would bear a performance fee expense of approximately \$50.63 (Based on outperformance of 0.45% (3.50% - 3.05%) above 'performance hurdle' x performance fee 22.5% x \$50,000 investment = \$50.63) for the performance fee period.

Please note that the 'investment return' specified in this example:

- is only an example to assist investors to understand the effect of the performance fee expense on the investment return of the Class; and
- is not a forecast of the expected investment return for the Class.

Institutional Class A

Performance fees include amounts that are calculated by reference to the performance of the Class. The performance fees for the Class are 0.21% of the NAV of the Class. The performance fee figure that is disclosed in the Fees and Costs Summary is generally based on an average of the performance fees over the previous five financial years, where each performance fee relevant to the Class is averaged and totalled to give the performance fees for the Class.

In terms of the performance fees payable to the Investment Manager, a performance fee is payable where the investment performance of the Class exceeds the performance of the RBA cash rate (RBACOR), plus 1.50% (Benchmark), after management fees of 0.40% p.a. (Performance Hurdle). The performance fees are 22.50% of this excess, calculated daily and paid monthly in arrears from the Class and calculated based on the beginning NAV of the Class over the relevant period. No performance fees are payable until any accrued Class losses from prior periods have been made up (this feature is sometimes referred to as a high-watermark).

Please note that the performance fees disclosed in the Fees and Costs Summary is not a forecast as the actual performance fee for the current and future financial years may differ. The Responsible Entity cannot guarantee that performance fees will remain at their previous level or that the performance of the Class will outperform the Benchmark.

It is not possible to estimate the actual performance fee payable in any given period, as we cannot forecast what the performance of the Class will be. Information on current performance fees will be updated from time to time and available at www.eqt.com.au/insto.

Performance fee example

The example below is provided for illustrative purposes only and does not represent any actual or prospective performance of the Class. We do not provide any assurance that the Class will achieve the performance used in the example and you should not rely on this example in determining whether to invest in the Class.

The below is an example of the performance fee expense using annualised percentage calculations over the performance fee period. The actual performance fee will be payable monthly.

Assumptions:

- The return of the RBA Cash Rate from the start of the performance fee period to the end of the performance fee period is 1%;
- the Class's Performance Hurdle for the performance fee period is 2.90% (1% plus 1.50% plus 0.40%);
- the Class's 'investment return' for the performance fee period is 3.50%;
- the Class's 'investment return' for the performance fee period is assumed to accrue evenly over the course of the performance fee period; and
- there are no accrued Class losses from the previous performance fee period to be carried forward.

On the basis of the above assumptions and if you had an investment in the Class of \$50,000 at the beginning of the performance fee period and no withdrawals were effected during the performance fee period, your investment would bear a performance fee expense of approximately \$67.50 (Based on outperformance of 0.60% (3.50% - 2.90%) above 'performance hurdle' x performance fee 22.5% x \$50,000 investment = \$67.50) for the performance fee period.

Please note that the 'investment return' specified in this example:

- is only an example to assist investors to understand the effect of the performance fee expense on the investment return of the Class; and
- is not a forecast of the expected investment return for the Class.

USD Investor Class

Performance fees include amounts that are calculated by reference to the performance of the Class. The performance fees for the Class are 0.15% of the NAV of the Class.

In respect of the Class that was not in operation for the previous five financial years, the performance fee average is calculated by reference to the number of financial years in which the Class was operated.

In terms of the performance fees payable to the Investment Manager, a performance fee is payable where the investment performance of the Class exceeds the performance of the Midpoint of the US Federal Funds Target Range, plus 1.50% (Benchmark), after management fees of 0.55% p.a. (Performance Hurdle). The performance fees are 22.50% of this excess, calculated daily and paid monthly in arrears from the Class and calculated based on the beginning NAV of the Class over the relevant period. No performance fees are payable until any accrued Class losses from prior periods have been made up (this feature is sometimes referred to as a high-watermark).

Please note that the performance fees disclosed in the Fees and Costs Summary is not a forecast as the actual performance fee for the current and future financial years may differ. The Responsible Entity cannot guarantee that performance fees will remain at their previous level or that the performance of the Class will outperform the Benchmark.

It is not possible to estimate the actual performance fee payable in any given period, as we cannot forecast what the performance of the Class will be. Information on current performance fees will be updated from time to time and available at www.eqt.com.au/insto.

Performance fee example

The example below is provided for illustrative purposes only and does not represent any actual or prospective performance of the Class. We do not provide any assurance that the Class will achieve the performance used in the example and you should not rely on this example in determining whether to invest in the Class.

Assumptions:

- The return of the 'midpoint of the US Federal Funds Target Rate Range' from the start of the performance fee period to the end of the performance fee period is 1.0%;
- the Class's Performance Hurdle for the performance fee period is 3.05% ('midpoint of the US Federal Funds Target Rate Range' 1.0% plus 1.50% plus 0.55%);
- the Class's 'investment return' for the performance fee period is 3.50%;
- the Class's 'investment return' for the performance fee period is assumed to accrue evenly over the course of the performance fee period; and
- there are no accrued Class losses from the previous performance fee period to be carried forward.

On the basis of the above assumptions and if you had an investment in the Class of \$50,000 at the beginning of the performance fee period and no withdrawals were effected during the performance fee period, your investment would bear a performance fee expense of approximately \$50.63 (Based on outperformance of 0.45% above 'performance hurdle' x performance fee 22.5% x \$50,000 investment = \$50.63) for the USD Class performance fee period.

Please note that the 'investment return' specified in this example:

- is only an example to assist investors to understand the effect of the performance fee expense on the investment return of the Class; and
- is not a forecast of the expected investment return for the Class.

Transaction costs

In managing the assets of the Class, the Class may incur transaction costs such as brokerage, buy-sell spreads in respect of the underlying investments of the Class, settlement costs, clearing costs and applicable stamp duty when assets are bought and sold, as well as the costs of over-the-counter derivatives that reflect transaction costs that would arise if the Class held the ultimate reference assets, as well as the costs of over-the-counter derivatives used for hedging purposes. Transaction costs also include costs incurred by interposed vehicles in which the Class invests (if any), that would have been transaction costs if they had been incurred by the Class itself. Transaction costs are an additional cost to the investor where they are not recovered by the Buy/Sell Spread, and are generally incurred when the assets of the Class are changed in connection with day-to-day trading or when there are applications or withdrawals which cause net cash flows into or out of the Class.

The Buy/Sell Spread that is disclosed in the Fees and Costs Summary is a reasonable estimate of transaction costs that the Class will incur when buying or selling assets of the Class. These costs are an additional cost to the investor but are incorporated into the unit price and arise when investing application monies and funding withdrawals from the Class and are not separately charged to the investor. The Buy Spread is paid into the Class as part of an application and the Sell Spread is left in the Class as part of a redemption and not paid to the Responsible Entity or the Investment Manager. The Buy Spread is paid into the Class as part of an application and the Sell Spread is left in the Class as part of a redemption and not paid to Equity Trustees or the Investment Manager. The estimated Buy/Sell Spread is nil upon entry and 0.025% upon exit. The dollar value of these costs based on an application or a withdrawal of \$1,000 is nil (application) and \$0.25 (withdrawal) for each individual transaction.

The Buy/Sell Spread can be altered by the Responsible Entity at any time and www.eqt.com.au/insto will be updated as soon as practicable to reflect any change. The Responsible Entity may also waive the Buy/Sell Spread in part or in full at its discretion. The transaction costs figure in the Fees and Costs Summary is shown net of any amount recovered by the Buy/Sell Spread charged by the Responsible Entity. Please call the Investment Manager prior to making an investment or withdrawal to obtain the current Buy/Sell Spread.

Transaction costs generally arise through the day-to-day trading of the Class's assets, and are reflected in the Class's unit price as an additional cost to the investor, as and when they are incurred.

Coolabah Funds	Gross transaction costs
Smarter Money Fund – Assisted Investor Class	0.00% p.a. of the NAV of the Class
Smarter Money Fund – Base Fee Class	0.00% p.a. of the NAV of the Class
Smarter Money Fund – Institutional Class A	0.00% p.a. of the NAV of the Class
Coolabah Short Term Income Fund – Assisted Investor Class	0.01% p.a. of the NAV of the Class
Coolabah Short Term Income Fund – Base Fee Class	0.01% p.a. of the NAV of the Class
Coolabah Short Term Income Fund – Direct Investor Class	0.01% p.a. of the NAV of the Class
Coolabah Short Term Income Fund – Institutional Class A	0.01% p.a. of the NAV of the Class
Coolabah Short Term Income Fund – USD Investor Class	0.01% p.a. of the NAV of the Class

The gross transaction costs for the Classes are outlined in the table above, which are based on the relevant costs incurred during the financial year ended 30 June 2024.

However, actual transaction costs for future years may differ.

Can the fees change?

Yes, all fees can change without investor consent, subject to the maximum fee amounts specified in the constitution for each Fund. The current maximum management fee to which Equity Trustees is entitled to with respect to classes of the Smarter Money Fund is 4.00% of the GAV of the Class. However, Equity Trustees does not intend to charge that amount and will generally provide investors with at least 30 days' notice of any proposed increase to the management fees component of management fees and costs. In most circumstances, the constitution defines the maximum level that can be charged for fees described in the PDS. Equity Trustees also has the right to recover all reasonable expenses incurred in relation to the proper performance of its duties in managing the Funds and as such these expenses may increase or decrease accordingly, without notice.

Payments to the IDPS Operators

Subject to the law, annual payments may be made to some IDPS Operators because they offer the Classes on their investment menus. Product access is paid by the Investment Manager out of its investment management fee and is not an additional cost to the investor.

Differential fees

The Investment Manager may from time to time negotiate a different fee arrangement (by way of a rebate or waiver of fees) with certain investors who are Australian Wholesale Clients. Please contact the Investment Manager on 1300 901 711 for further information.

mFund

Warning: if you are transacting through mFund your stockbroker or accredited intermediary may charge you additional fees (see their Financial Services Guide).

Taxation

Please refer to Section 7 of the PDS and Section 5 of this RG for further information on taxation.

6. Other important information

Taxation

The following information summarises some of the Australian taxation issues you may wish to consider before making an investment in the Fund and assumes that you hold your investment in the Fund on capital account and are not considered to be carrying on a business of investing, trading in investments or investing for the purpose of profit making by sale. The information should be used as a guide only and does not constitute professional tax advice as individual circumstances may differ.

A number of tax reform measures are currently under review by the Australian Government. These reforms may impact on the tax position of the Fund and its investors. Accordingly, it is recommended that investors seek their own professional advice, specific to their own circumstances, of the taxation implications of investing in the Fund.

General

The Fund is an Australian resident trust for Australian tax purposes. Therefore, the Fund is required to determine its net income (taxable income) for the year of income. On the basis that investors are presently entitled (which is the intention of Equity Trustees) to the net income of the Fund (including net taxable capital gains) or will be attributed their share of assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits) of the Fund and the Fund is not a public trading trust, the Fund should be treated as a flow-through trust for tax purposes. This means that investors should be taxed on their share of the Fund's net taxable income or the amount attributed to them, and the Fund should not be subject to Australian income tax.

In the case where the Fund makes a loss for Australian tax purposes, the Fund cannot distribute the tax loss to investors. However, the tax loss may be carried forward by the Fund for offset against taxable income of the Fund in subsequent years, subject to the operation of the trust loss rules.

Attribution Managed Investment Trust ("AMIT") – core rules

The Fund may qualify as an eligible Attribution Managed Investment Trust (AMIT), and if so, intends to elect into the AMIT regime. The AMIT legislation applies an attribution model whereby Equity Trustees as the Responsible Entity of the Fund attributes amounts of trust components of a particular character to investors on a fair and reasonable basis consistent with the operation of the Fund's Constitution, which includes provisions in relation to AMIT. Under the AMIT rules, the following will apply:

Fair and reasonable attribution: Each year, the Fund's determined trust components of assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits) will be allocated to investors on a "fair and reasonable" attribution basis, rather than being allocated proportionally based on each investor's present entitlement to the income of the Fund.

Unders or overs adjustments: Where the Fund's determined trust components for a year are revised in a subsequent year (e.g. due to actual amounts differing to the estimates of income, gains / losses or expenses), then unders and overs may arise. Unders and overs will generally be carried forward and adjusted in the year of discovery.

Cost base adjustments: Where the distribution made is less than (or more than) certain components attributed to investors, then the cost base of an investor's units may be increased (or decreased). Details of cost base adjustments will be included on an investor's annual tax statement, referred to as an AMIT Member Annual Statement ("AMMA").

Large withdrawals: In certain circumstances, gains may be attributed to a specific investor, for example, gains on disposal of assets to fund a large withdrawal being attributed to the redeeming investor.

Penalties: In certain circumstances (e.g. failure to comply with certain AMIT rules), specific penalties may be imposed.

The new rules are intended to reduce complexity, increase certainty and reduce compliance costs for managed investment trusts and their investors. Where the Fund does not elect into the AMIT regime, or has made the election but the election is not effective for the income year (e.g. the Fund does not satisfy the requirements to be a managed investment trust for the income year), the Tax Law applicable to non-AMITs should be relevant. In particular, the Fund should not generally pay tax on behalf of its investors and instead, investors should be assessed for tax on any income and capital gains generated by the Fund to which they become presently entitled.

Deemed Capital Gains Tax ("CGT") Election

Eligible managed investment trusts ("MITs") may make an election to apply a deemed capital account treatment for gains and losses on disposal of certain eligible investments (including equities and units in other trusts but excluding derivatives, debt securities and foreign exchange contracts). Where the election is made the Fund should hold its eligible investments on capital account and gains/(losses) from the disposal of eligible investments should be treated as capital gains/(losses). Capital gains arising on the disposal of eligible investments held for 12 months or greater may be eligible to be treated as discount capital gains.

Where the CGT election is not made, the Fund should hold its eligible investments on revenue account and gains/(losses) from the disposal of eligible investments should be treated as revenue gains or losses.

Controlled Foreign Company ("CFC") Provisions

There are certain tax rules (i.e. the CFC provisions) which may result in assessable income arising in the Fund in relation to investments in foreign equities, where certain control thresholds are met. If such interests were to be held at the end of the income year, the taxable income of the Fund may include a share of net income and gains (i.e. CFC attributable income) from such investments.

Taxation of Financial Arrangements ("TOFA")

The TOFA rules may apply to certain "financial arrangements" held by the Fund. In broad terms, the TOFA regime seeks to recognise "sufficiently certain" returns on certain financial arrangements on an accruals basis for tax purposes rather than on a realisation basis. Where returns from derivative instruments are not "sufficiently certain" they will continue to be recognised on a realisation basis, unless specific tax timing elections are made.

Taxation Reform

The tax information included in this PDS is based on the taxation legislation and administrative practice as at the issue date of this PDS, together with proposed changes to the taxation legislation as announced by the Government. However, the Australian tax system is in a continuing state of reform, and based on the Government's reform agenda, it is likely to escalate rather than diminish. Any reform of a tax system creates uncertainty as to the full extent of announced reforms, or uncertainty as to the meaning of new law that is enacted pending interpretation through the judicial process. These reforms may impact on the tax position of the Fund and its investors. Accordingly, it will be necessary to closely monitor the progress of these reforms, and investors should seek their own professional advice, specific to their own circumstances, of the taxation implications of investing in the Fund.

Tax File Number ("TFN") and Australian Business Number ("ABN")

It is not compulsory for an investor to quote their TFN or ABN. If an investor is making this investment in the course of a business or enterprise, the investor may quote an ABN instead of a TFN. Failure by an investor to quote an ABN or TFN or claim an exemption may cause the Responsible Entity to withhold tax at the top marginal rate, plus the Medicare Levy, on gross payments including distributions or attribution of income to the investor. The investor may be able to claim a credit in their tax return for any TFN or ABN tax withheld. Collection of TFNs is permitted under taxation and privacy legislation.

By quoting their TFN or ABN, the investor authorises Equity Trustees to apply it in respect of all the investor's investments with Equity Trustees. If the investor does not want to quote their TFN or ABN for some investments, Equity Trustees should be advised.

GST

The Fund is registered for GST. The issue or withdrawal of units in the Fund and receipt of distributions are not subject to GST.

The Fund may be required to pay GST included in management and other fees, charges, costs and expenses incurred by the Fund. However, to the extent permissible, the Responsible Entity will claim on behalf of the Fund a proportion of this GST as a reduced input tax credit. Unless otherwise stated, fees and charges quoted in this PDS are inclusive of GST and take into account any available reduced input tax credits. The Fund may be entitled to as yet undetermined additional input tax credits on the fees, charges or costs incurred. If the Responsible Entity is unable to claim input tax credits on behalf of the Fund, the Responsible Entity retains the ability to recover the entire GST component of all fees and charges.

The impact of GST payments and credits will be reflected in the unit price of the Fund. Investors should seek professional advice with respect to the GST consequences arising from their unit holding.

Australian Taxation of Australian Resident Investors

Distributions

For each year of income, each Australian resident investor will be required to include within their own tax calculations and tax return filings the assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits) of the Fund attributed to them by Equity Trustees as the Responsible Entity of the Fund.

The tax consequences for investors in the Fund depends on the tax components of assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits) of the Fund attributed to them.

Investors will receive an Annual Tax Statement (or an "AMMA" for an AMIT) detailing all relevant taxation information concerning attributed amounts and cash distributions, including any Foreign Income Tax Offset ("FITO") and franking credit entitlements, returns of capital, assessable income, and any upwards or downwards cost base adjustment in the capital gains tax cost base of their units in the Fund (in the case of an AMIT).

An investor may receive their share of attributed tax components of the Fund or net income in respect of distributions made during the year or where they have made a large withdrawal from the Fund, in which case their withdrawal proceeds may include their share of net income or attributed tax components of assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits). In addition, because Australian investors can move into and out of the Fund at different points in time, there is the risk that taxation liabilities in respect of gains that have benefited past investors may have to be met by subsequent investors.

Foreign Income

The Fund may derive foreign source income that is subject to tax overseas, for example withholding tax. Australian resident investors should include their share of both the foreign income and the amount of the foreign tax withheld in their assessable income. In such circumstances, investors may be entitled to a FITO for the foreign tax paid, against the Australian tax payable on the foreign source income. To the extent the investors do not have sufficient overall foreign source income to utilise all of the FITOs relevant to a particular year of income, the excess FITOs cannot be carried forward to a future income year.

Disposal of Units by Australian Resident Investors

If an Australian resident investor transfers or redeems their units in the Fund, this may constitute a disposal for tax purposes depending on their specific circumstances.

Where an investor holds their units in the Fund on capital account, a capital gain or loss may arise on disposal and each investor should calculate their capital gain or loss according to their own particular facts and circumstances. As noted above, proceeds on disposal may include a component of distributable income. In calculating the taxable amount of a capital gain, a discount of 50% for individuals and trusts or 33 & 1/3% for complying Australian superannuation funds may be allowed where the units in the Fund have been held for 12 months or more. No CGT discount is available to corporate investors.

Any capital losses arising from the disposal of the investment may be used to offset other capital gains the investor may have derived. Net capital losses may be carried forward for offset against capital gains of subsequent years but may not be offset against ordinary income.

The discount capital gains concession may be denied in certain circumstances where an investor (together with associates) holds 10% or more of the issued units of the Fund, the Fund has less than 300 beneficiaries and other requirements are met. Investors who together with associates are likely to hold more than 10% of the units in the Fund should seek advice on this issue.

Australian Taxation of Non-Resident Investors

Tax on Income

The Fund expects to derive income which may be subject to Australian withholding tax when attributed by Equity Trustees as the Responsible Entity of the Fund to non-resident investors.

Australian withholding tax may be withheld from distributions of Australian source income and gains attributed to a non-resident investor. The various components of the net income of the Fund which may be regarded as having an Australian source include Australian sourced interest, Australian sourced other gains, Australian sourced dividends and CGT taxable Australian property.

We recommend that non-resident investors seek independent tax advice before investing, taking into account their particular circumstances and the provisions of any relevant Double Taxation Agreement/Exchange of Information Agreement ("EOI") between Australia and their country of residence.

Disposal of Units by Non-Resident Investors

Based on the Fund's investment profile, generally non-resident investors holding their units on capital account should not be subject to Australian CGT on the disposal of units in the Fund unless the units were capital assets held by the investor in carrying on a business through a permanent establishment in Australia. Australian tax may apply in certain circumstances if the non-resident holds their units on revenue account. CGT may also apply in some cases where the Fund has a direct or indirect interest in Australian real property. We recommend that non-resident investors seek independent tax advice in relation to the tax consequences of the disposal of their units.

Your privacy

The Australian Privacy Principles contained in the Privacy Act 1988 (Cth) ("Privacy Act") regulate the way in which we collect, use, disclose, and otherwise handle your personal information. Equity Trustees is committed to respecting and protecting the privacy of your personal information, and our Privacy Policy details how we do this.

It is important to be aware that, in order to provide our products and services to you, Equity Trustees may need to collect personal information about you and any other individuals associated with the product or service offering. In addition to practical reasons, this is necessary to ensure compliance with our legal and regulatory obligations (including under the Corporations Act, the AML/CTF Act and taxation legislation). If you do not provide the information requested, we may not be able to process your application, administer, manage, invest, pay or transfer your investment(s).

You must therefore ensure that any personal information you provide to Equity Trustees is true and correct in every detail. If any of this personal information (including your contact details) changes, you must promptly advise us of the changes in writing. While we will generally collect your personal information from you, your broker or adviser or the Investment Manager and Administrator directly, we may also obtain or confirm information about you from publicly available sources in order to meet regulatory obligations.

In terms of how we deal with your personal information, Equity Trustees will use it for the purpose of providing you with our products and services and complying with our regulatory obligations. Equity Trustees may also disclose it to other members of our corporate group, or to third parties who we work with or engage for these same purposes. Such third parties may be situated in Australia or offshore, however we take reasonable steps to ensure that they will comply with the Privacy Act when collecting, using or handling your personal information.

The types of third parties that we may disclose your information to include, but are not limited to:

- stockbrokers, financial advisers or adviser dealer groups, their service providers and/or any joint holder of an investment;
- those providing services for administering or managing the Fund, including the Investment Manager, Custodian and Administrator, auditors, or those that provide mailing or printing services;
- our other service providers;
- regulatory bodies such as ASIC, ATO, APRA and AUSTRAC; and
- other third parties who you have consented to us disclosing your information to, or to whom we are required or permitted by law to disclose information to.

Equity Trustees or the Investment Manager may from time to time provide you with direct marketing and/or educational material about products and services they believe may be of interest to you. You have the right to "opt out" of such communications by contacting us using the contact details below.

In addition to the above information, Equity Trustees' Privacy Policy contains further information about how we handle your personal information, and how you can access information held about you, seek a correction to that information, or make a privacy-related complaint.

Full details of Equity Trustees' Privacy Policy are available at www.eqt.com.au. You can also request a copy by contacting Equity Trustees' Privacy Officer on +61 3 8623 5000 or by email to privacy@eqt.com.au.

The Constitution

The Fund is governed by a constitution that sets out the Fund's operation (the "Constitution"). The Constitution, together with the Fund's PDS, the Corporations Act and other laws, regulate our legal relationship with investors in the Fund. If you invest in the Fund, you agree to be bound by the terms of the Fund's PDS and the Fund's Constitution. You can request a copy of the Constitution free of charge from Equity Trustees. Please read these documents carefully before investing in the Fund.

We may amend the Constitution from time to time in accordance with the provisions in the Constitution and the Corporations Act.

Anti-Money Laundering and Counter Terrorism Financing ("AML/CTF")

Australia's AML/CTF laws require Equity Trustees to adopt and maintain a written AML/CTF Program. A fundamental part of the AML/CTF Program is that Equity Trustees must hold up-to-date information about investors (including beneficial owner information) in the Fund.

To meet this legal requirement, we need to collect certain identification information (including beneficial owner information) and documentation ("KYC Documents") from new investors. Existing investors may also be asked to provide KYC Documents as part of an ongoing customer due diligence/verification process to comply with AML/CTF laws. If applicants or investors do not provide the applicable KYC Documents when requested, Equity Trustees may be unable to process an application, or may be unable to provide products or services to existing investors until such time as the information is provided.

In order to comply with AML/CTF Laws, Equity Trustees may also disclose information including your personal information that it holds about the applicant, an investor, or any beneficial owner, to its related bodies corporate or service providers, or relevant regulators of AML/CTF Laws (whether inside or outside Australia). Equity Trustees may be prohibited by law from informing applicants or investors that such reporting has occurred.

Equity Trustees shall not be liable to applicants or investors for any loss you may suffer because of compliance with the AML/CTF laws.

If you apply for units via mFund you may be required to provide the KYC documents to your broker (rather than the Administrator).

Indirect Investors

You may be able to invest indirectly in the Fund via an IDPS by directing the IDPS Operator to acquire units on your behalf. If you do so, you will need to complete the relevant forms provided by the IDPS Operator and not the Application Form accompanying the PDS. This will mean that you are an Indirect Investor in the Fund and not an investor or member of the Fund. Indirect Investors do not acquire the rights of an investor as such rights are acquired by the IDPS Operator who may exercise, or decline to exercise, these rights on your behalf.

Indirect Investors do not receive reports or statements from us and the IDPS Operator's application and withdrawal conditions determine when you can direct the IDPS Operator to apply or redeem. Your rights as an Indirect Investor should be set out in the IDPS Guide or other disclosure document issued by the IDPS Operator.

Information on underlying investments

Information regarding the underlying investments of the Fund will be provided to an investor of the Fund on request, to the extent Equity Trustees is satisfied that such information is required to enable the investor to comply with its statutory reporting obligations. This information will be supplied within a reasonable timeframe having regard to these obligations.

Foreign Account Tax Compliance Act ("FATCA")

In April 2014, the Australian Government signed an intergovernmental agreement ("IGA") with the United States of America ("U.S."), which requires all Australian financial institutions to comply with the FATCA Act enacted by the U.S. in 2010.

Under FATCA, Australian financial institutions are required to collect and review their information to identify U.S. residents and U.S. controlling persons that invest in assets through non-U.S. entities. This information is reported to the Australian Taxation Office ("ATO"). The ATO may then pass that information onto the U.S. Internal Revenue Service.

In order to comply with the FATCA obligations, we may request certain information from you. Failure to comply with FATCA obligations may result in the Fund, to the extent relevant, being subject to a 30% withholding tax on payment of U.S. income or gross proceeds from the sale of certain U.S. investments. If the Fund suffers any amount of FATCA withholding and is unable to obtain a refund for the amounts withheld, we will not be required to compensate investors for any such withholding and the effect of the amounts withheld will be reflected in the returns of the Fund.

Common Reporting Standard ("CRS")

The CRS is developed by the Organisation of Economic Co-operation and Development and requires certain financial institutions resident in a participating jurisdiction to document and identify reportable accounts and implement due diligence procedures. These financial institutions will also be required to report certain information on reportable accounts to their relevant local tax authorities.

Australia signed the CRS Multilateral Competent Authority Agreement and has enacted provisions within the domestic tax legislation to implement CRS in Australia. Australian financial institutions need to document and identify reportable accounts, implement due diligence procedures and report certain information with respect to reportable accounts to the ATO. The ATO may then exchange this information with foreign tax authorities in the relevant signatory countries.

In order to comply with the CRS obligations, we may request certain information from you. Unlike FATCA, there is no withholding tax that is applicable under CRS.

NAV for the Fund

The NAV for each Class is available at <http://www.eqt.com.au/business-partners/mfund-product-issuer>.

7. Glossary

Application Form

The Application Form that accompanies the PDS.

APRA

Australian Prudential Regulatory Authority.

ATO

Australian Taxation Office.

AUSTRAC

Australian Transaction Reports and Analysis Centre.

Authorised Deposit-taking Institutions (ADIs)

An Australian government term for financial institutions in Australia which are supervised by APRA and authorised under the Banking Act to accept deposits from the public.

Business Day

A day other than Saturday or Sunday on which banks are open for general banking business in Sydney.

CCII

Coolabah Capital Institutional Investments Pty Ltd.

Corporations Act

The Corporations Act 2001 (Cth) and Corporations Regulations 2001 (Cth) and as amended from time to time.

IDPS

Investor-Directed Portfolio Service or investor-directed portfolio-like managed investment scheme. An IDPS is generally the vehicle through which an investor purchases a range of underlying investment options from numerous investment managers. In New Zealand, the IDPS Operator needs to be licensed as a Discretionary Investment Management Service provider.

IDPS Operator

The entity responsible for operating an IDPS.

Indirect Investors

Individuals who invest in the Fund through an IDPS.

mFund

The mFund Settlement service.

Net Asset Value (NAV)

The value of the assets of the Class less the value of the liabilities of that Fund.

Underlying Pool

Refers to the underlying assets of the Coolabah Short Term Income Fund ARSN 601 093 485.

Unit

A unit of the unit trust comprising the Fund.

US Person

A person so classified under securities or tax law in the United States of America ("US") including, in broad terms, the following persons:

- (a) any citizen of, or natural person resident in, the US, its territories or possessions; or
- (b) any corporation or partnership organised or incorporated under any laws of or in the US or of any other jurisdiction if formed by a US Person (other than by accredited investors who are not natural persons, estates or trusts) principally for the purpose of investing in securities not registered under the US Securities Act of 1933; or

- (c) any agency or branch of a foreign entity located in the US; or
- (d) a pension plan primarily for US employees of a US Person; or
- (e) a US collective investment vehicle unless not offered to US Persons; or
- (f) any estate of which an executor or administrator is a US Person (unless an executor or administrator of the estate who is not a US Person has sole or substantial investment discretion over the assets of the estate and such estate is governed by non-US law) and all the estate income is non-US income not liable to US income tax; or
- (g) any trust of which any trustee is a US Person (unless a trustee who is a professional fiduciary is a US Person and a trustee who is not a US Person has sole or substantial investment discretion over the assets of the trust and no beneficiary (or settlor, if the trust is revocable) of the trust is a US Person); or
- (h) any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a US Person; or
- (i) any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated or (if an individual) resident in the US for the benefit or account of a US Person.

We, us

Refers to Equity Trustees.

Wholesale Client and Retail Client

Persons or entities defined as such under section 761G of the Corporations Act.
