

EQT MORTGAGE INCOME FUND (CLASS C)

About the Fund

The EQT Mortgage Income Fund is designed for investors seeking income returns higher than short-term money market returns.

The EQT Mortgage Income Fund invests in cash and mortgage loans secured by a first registered mortgage over selected improved retail, commercial, industrial, and residential real estate within Australia.

This is a conservatively managed Fund which seeks to produce income by providing loans to selected borrowers that meet the strict lending guidelines. The Fund does not provide loans in respect of development properties, construction projects, vacant land or shares in companies. The maximum Loan to Value ratio (LVR) for the loans are 66.67%.

Investment objective

The Fund aims to outperform its Benchmark over rolling three-year periods.

About the Manager

Equity Trustees Limited (EQT) is the Investment Manager of the Fund, managing more than \$5 billion across various asset classes.

EQT is well resourced with an experienced team of investment professionals, managing funds across various client cohorts, such as large wholesale clients, superannuation funds, corporate trusts, philanthropic investors, not-for-profit organisations and individual investors.

EQT has been operating in Australia for more than 145 years, is listed on the Australian Stock Exchange and has a national presence.

Past performance should not be taken as an indicator of future performance. You should obtain a copy of the Product Disclosure Statement before making a decision about whether to invest in this product. The Fund's Target Market Determination is available here https://www.eqt.com.au. A Target Market Determination is a document which describes who this financial product is likely to be appropriate for (i.e. the target market), and any conditions around how the product can be distributed to investors. It also describes the events or circumstances where the Target Market Determination for this financial product may need to be reviewed.

^^Ratings are not the only factor to be taken into account when deciding whether to invest in an financial product. The rating contained in this document is issued by SQM Research Pty Ltd ABN 93 122 592 036 AFSL 421913. SQM Research is an investment research firm that undertakes research on investment products exclusively for its wholesale clients, utilising a proprietary review and star rating system. The SQM Research star rating system is of a general nature and does not take into account the particular circumstances or needs of any specific person. The rating may be subject to change at any time. Only licensed financial advisers may use the SQM Research star rating system in determining whether an investment is appropriate to a person's particular circumstances or needs. You should read the product disclosure statement and consult a licensed financial adviser before making an investment decision in relation to this investment product. SQM Research receives a fee from the Fund Manager for the research and rating of the managed investment scheme.
