New Zealand Investors: Availability and Selling Restriction

The offer made to New Zealand investors is available only to, and may only be accepted by, a Wholesale Investor who has completed a Wholesale Investor Certification. Each New Zealand investor acknowledges and agrees that:

- (a) he, she or it has not offered, sold, or transferred, and will not offer, sell, or transfer, directly or indirectly, any units in the Fund; and
- (b) he, she or it has not granted, issued, or transferred, and will not grant, issue, or transfer, any interests in or options over, directly or indirectly, any units in the Fund; and
- (c) he, she or it has not distributed and will not distribute, directly or indirectly, a PDS or any other offering materials or advertisement in relation to any offer of any units in the Fund, in each case in New Zealand other than to a person who is a Wholesale Investor; and
- (d) he, she or it will notify Equity Trustees Limited if he, she, or it ceases to be a Wholesale Investor.

All references to Wholesale Investor in this document are a reference to an investor who is both a Wholesale Client under the Australian Corporations Act 2001 and a Wholesale Investor in terms of clause 3(2) of Schedule 1 of the Financial Markets Conduct Act 2013 (New Zealand).

Investing in the Fund

Direct investors

Direct investors can acquire units in the Fund by following the instructions outlined in the Application Form accompanying the PDS. All applications must be made in Australian dollars.

Minimum application amounts are subject to the Australian dollar minimum amounts disclosed in the PDS.

Indirect investors

If you wish to invest indirectly in the Fund through an IDPS your IDPS Operator will complete the application for you. Your IDPS Operator will advise what minimum investment amounts relate to you.

Withdrawing your investment

Direct investors

Direct investors of the Fund can withdraw their investment by written request to:

Colchester Global Investors Unit Registry
GPO Box 804
Melbourne VIC 3001

Minimum withdrawal amounts are subject to the Australian dollar minimum amounts disclosed in the relevant PDS. Withdrawal requests received from New Zealand investors must specify:

- the withdrawal amount in Australian dollars; or
- the number of units to be withdrawn.

We are unable to accept withdrawal amounts quoted in New Zealand dollars. Please note that the withdrawal amount paid to you will be in Australian dollars and may differ from the amount you receive in New Zealand dollars due to:

- Foreign exchange spreads between Australian and New Zealand dollars (currency rate differs daily); and
- Overseas telegraphic transfer costs.

Withdrawals will only be paid directly to the investor's AUD bank account held in the name of the investor with an Australian domiciled or New Zealand domiciled bank. Withdrawal payments will not be made to third parties.

Indirect investors

If you have invested indirectly in the Fund through an IDPS, you need to provide your withdrawal request directly to your IDPS Operator. The time to process a withdrawal request will depend on the particular IDPS Operator.

Managing your investment

Distributions

If New Zealand investors elect to have their distribution paid in cash, they will need to nominate a bank account held in their own name with an Australian domiciled or New Zealand domiciled bank, otherwise it must be reinvested. Cash distributions will only be paid in Australian dollars to such an account. When the distribution is reinvested, New Zealand investors will be allotted units in accordance with the terms and conditions set out in the PDS relating to the units in the Fund. Please see the PDS for a description of distributions and the terms and conditions of the reinvestment of distributions.

The distribution reinvestment plan described in the PDS is offered to New Zealand investors on the following basis:

- At the time the price of the units allotted pursuant to the distribution reinvestment plan is set, the Responsible Entity will not have any information that is not publicly available that would, or would be likely to, have a material adverse effect on the realisable price of the units if the information were publicly available.
- The right to acquire, or require the Responsible Entity to issue, units will be offered to all investors of the same class, other than those resident outside New Zealand who are excluded so as to avoid breaching overseas laws.
- Units will be issued on the terms disclosed to you, and will be subject to the same rights as units issued to all investors of the same class as you.

There is available from the Responsible Entity, on request and free of charge, a copy of the most recent annual report (if any) of the Fund, the most recent financial statements (if any) of the Fund, the auditor's report on those financial statements or, if those financial statements are not audited or reviewed by an auditor, a statement to that effect, the PDS and the Constitution for the Fund (including any amendments). Other than the Constitution, these documents may be obtained electronically from www.egt.com.au/insto.

Processing cut-off times

The processing cut-off times for applications and redemptions referred to in the PDSs are Australian Eastern Standard Time (Australian EST) and you should take this into account when sending instructions.

Cooling off rights

No cooling off period applies to units in the Fund as the units offered are only available in Australia to Wholesale Clients and in New Zealand to Wholesale Investors.

Taxation

New Zealand resident taxation

If you are a New Zealand resident wishing to invest in Australia, we strongly recommend that you seek independent professional tax advice. New Zealand resident investors will be taxed on their units under the foreign investment fund rules or ordinary tax rules, depending on their circumstances. Australian tax will be withheld at prescribed rates from distributions to non-residents to the extent that the distributions comprise relevant Australian sourced income or gains.

Product Disclosure Statement

ARSN 676 735 943
APIR ETL0863AU
Issue Date 3 October 2024

About this PDS

This Product Disclosure Statement ("PDS") has been prepared and issued by Equity Trustees Limited ("Equity Trustees", "we" or "Responsible Entity") and is a summary of the significant information relating to an investment in the unit class named Class I ("Class I" or "the Class") in the Colchester Global Inflation-Linked Bond Fund (the "Fund"). It contains a number of references to important information (including a glossary of terms) contained in the Colchester Reference Guide ("Reference Guide"), which forms part of this PDS. You should carefully read and consider both the information in this PDS, and the information in the Reference Guide, before making a decision about investing in the Fund. The information provided in this PDS is general information only and does not take account of your personal objectives, financial situation or needs. You should obtain financial and taxation advice tailored to your personal circumstances and consider whether investing in Class I is appropriate for you in light of those circumstances.

The offer to which this PDS relates is only available to Wholesale Clients (as defined in the Reference Guide) receiving this PDS (electronically or otherwise) in Australia and Wholesale Investors (as defined in the Reference Guide) receiving this PDS (electronically or otherwise) in New Zealand. New Zealand investors must read the Colchester New Zealand Wholesale Investors Fact Sheet. All references to dollars or "\$" in this PDS are to Australian dollars. The Class I units are denominated in Australian dollars.

This PDS has not been, and will not be, lodged with the Registrar of Financial Service Providers in New Zealand, and is not a Product Disclosure Statement under the Financial Markets Conduct Act 2013 (NZ). New Zealand Wholesale Investors wishing to invest in the Fund should be aware that there may be different tax implications of investing in the Fund and should seek their own tax advice as necessary.

This PDS does not constitute a direct or indirect offer of securities in the US or to any US Person as defined in Regulation S under the Securities Act of 1933 as amended ("US Securities Act"). Equity Trustees may vary this position and offers may be accepted on merit at Equity Trustees' discretion. The units in the Fund have not been, and will not be, registered under the US Securities Act unless otherwise approved by Equity Trustees and may not be offered or sold in the US to, or for, the account of any US Person (as defined in the Reference Guide) except in a transaction that is exempt from the registration requirements of the US Securities Act and applicable US state securities laws.

1. About Equity Trustees Limited

The Responsible Entity

Equity Trustees Limited

Equity Trustees Limited ABN 46 004 031 298 AFSL 240975, a subsidiary of EQT Holdings Limited ABN 22 607 797 615, which is a public company listed on the Australian Securities Exchange (ASX: EQT), is the Fund's responsible entity and issuer of this PDS. Established as a trustee and executorial service provider by a special Act of the Victorian Parliament in 1888, today Equity Trustees is a dynamic financial services institution which continues to grow the breadth and quality of products and services on offer.

Equity Trustees' responsibilities and obligations as the Fund's responsible entity are governed by the Fund's constitution ("Constitution"), the Corporations Act and general trust law. Equity Trustees has appointed Colchester Global Investors (Singapore) Pte. Ltd as the investment manager of the Fund. Equity Trustees has appointed a custodian to hold the assets of the Fund. The custodian has no supervisory role in relation to the operation of the Fund and is not responsible for protecting your interests.

The Investment Manager

Colchester Global Investors (Singapore) Pte. Ltd.

In 2012, Colchester Global Investors (Singapore) Pte. Ltd. (the "Investment Manager") was established in Singapore as a wholly owned subsidiary of Colchester Global Investors Limited. Colchester Global Investors Limited, the parent company of the Investment Manager, was established in London in 1999 as a specialist global sovereign fixed income manager. It is an independently owned, established market participant with experienced fund management professionals who have enjoyed long and successful careers managing global bonds with reputable institutions. The Investment Manager has delegated certain investment management functions to Colchester Global Investors Limited and certain of its affiliates. Each entity or all together shall be referred to as "Colchester" as the context requires. Colchester has had mandates in the Australian market since 2003.

The Investment Manager is exempt from the requirement to hold an Australian Financial Services Licence under the Corporations Act in respect of the financial services it provides to Wholesale Clients in Australia and is regulated by the Monetary Authority of Singapore under Singaporean laws which differ from Australian laws.

2. How the Colchester Global Inflation-Linked Bond Fund - Class I works

The Fund is a registered managed investment scheme and is governed by the Constitution. The Fund comprises assets which are acquired in accordance with the Fund's investment strategy. Investors receive units in Class I when they invest in the Fund under this PDS. Different classes of units may be issued. In general, each unit represents an equal interest in the assets of Class I subject to liabilities; however, it does not give the investor an interest in any particular asset of Class I.

Applying for units

You can acquire units by completing the Application Form that accompanies this PDS. The minimum investment amount for Class I is \$1,000,000.

Completed Application Forms should be sent along with your identification documents (if applicable) to:

Colchester Global Investors Unit Registry,
GPO Box 804,
Melbourne VIC 3001

Please note that cash and cheques cannot be accepted.

We reserve the right to accept or reject applications in whole or in part at our discretion. We have the discretion to delay processing applications where we believe this to be in the best interest of the Fund's investors.

The price at which units are acquired is determined in accordance with the Constitution ("Application Price"). The Application Price on a Business Day is, in general terms, equal to the Net Asset Value ("NAV") of Class I, divided by the number of units on issue in Class I and adjusted for transaction costs ("Buy Spread"). At the date of this PDS, the Buy Spread is 0.13%.

Particular assets and liabilities determined by or on behalf of the Responsible Entity to relate to currency transactions associated with Class I units are treated as Class I assets and class liabilities. These will be taken into account in determining the Application Price.

The Buy Spread will be reviewed periodically and may change in certain circumstances to counter the impact of dealing costs incurred by selling and purchasing underlying assets. The Buy Spread can change the without notice. Please call the Investment Manager on +613 9046 4040 in regard to the current Buy Spread.

The Application Price will vary as the market value of assets in Class I rises or falls.

Making additional investments

You can make additional investments into Class I at any time by sending us your additional investment amount together with a completed Application Form. The minimum additional investment is \$100,000. The Responsible Entity may alter or waive this amount at any time in accordance with the Constitution.

Distributions

An investor's share of any distributable income is calculated in accordance with the Constitution. The allocation of the distributable income to Class I is based on the relative value of the Class I units, after taking into account certain adjustments made for currency transactions and investor's share of that allocation is generally based on the number of units held by the investor at the end of the distribution period.

Particular assets and liabilities determined by the Responsible Entity to relate to currency transactions associated with the Class I units are treated as Class I assets and Class I liabilities. These will be taken into account in determining the distribution.

The Responsible Entity usually pays a distribution in respect of Class I units quarterly at the end of March, June, September and December. Distributions are calculated on the last day of each period end (31 March, 30 June, 30 September and 31 December), and are normally paid to investors within 30 days of the period end, however the distribution in respect of 30 June may take longer. The Responsible Entity may change the distribution frequency without notice. There may be tax consequences associated with receiving distributions, including being assessed for tax purposes on income or net realised capital gains. Distributions may also result in adjustments to the cost base, for tax purposes, of your units. An investor that invests in the Fund just prior to a distribution date may receive some of its investment back immediately as a distribution payment.

Australian investors in Class I can indicate a preference to have:

- their distribution reinvested back into the Class I; or
- their distribution directly credited to their nominated Australian domiciled or New Zealand domiciled bank account.

Australian investors who do not indicate a preference will have their distributions automatically reinvested. Applications for reinvestment will be taken to be received prior to the next valuation time after the relevant distribution period. There is no Buy Spread on distributions that are reinvested.

In some circumstances, where an investor makes a large withdrawal request (5% or more of the units on issue), their withdrawal proceeds may be taken to include a component of distributable income. Further, where there is a large application for units on any one day, the Responsible Entity may determine to calculate and pay a special distribution in respect of Class I units.

Indirect Investors should review their IDPS Guide for information on how and when they receive any income distribution.

New Zealand investors can only have their distribution directly credited if an AUD Australian domiciled or New Zealand domiciled bank account is provided, otherwise it must be reinvested (refer to the Colchester New Zealand Wholesale Investor Fact Sheet).

Access to your money

Investors in the Fund can generally withdraw their investment by completing a written request to withdraw from the Fund and mailing it to:

Colchester Global Investors Unit Registry,
GPO Box 804,
Melbourne VIC 3001

The minimum withdrawal amount is \$100,000. Once we receive and accept your withdrawal request, we may act on your instruction without further enquiry if the instruction bears your account number or investor details and your (apparent) signature(s), or your authorised signatory's (apparent) signature(s).

Equity Trustees will generally allow an investor to access their investment within 5 Business Days of acceptance of a withdrawal request by transferring the withdrawal proceeds to such investor's nominated Australian domiciled or New Zealand domiciled bank account. However, Equity Trustees is allowed to reject withdrawal requests, and also to make payment up to 21 days after acceptance of a request (which may be extended in certain circumstances) as outlined in the Constitution and Reference Guide.

We reserve the right to accept or reject withdrawal requests in whole or in part at our discretion.

The price at which units are withdrawn is determined in accordance with the Constitution ("Withdrawal Price"). The Withdrawal Price on a Business Day is, in general terms, equal to the NAV of Class I, divided by the number of units on issue in Class I and adjusted for transaction costs ("Sell Spread"). At the date of this PDS, the Sell Spread is 0.13%.

The Sell Spread will be reviewed periodically and may change in certain circumstances to counter the impact of dealing costs incurred by selling and purchasing underlying assets. The Sell Spread may change without notice. Please call the Investment Manager on +613 9046 4040 in regard to the current Sell Spread.

The Withdrawal Price will vary as the market value of assets in Class I rises or falls.

Equity Trustees reserves the right to fully redeem your investment if your investment balance in Class I falls below \$100,000 as a result of processing your withdrawal request. In certain circumstances, for example, when there is a freeze on withdrawals, where accepting a withdrawal is not in the best interests of investors in the Fund including due to one or more circumstances outside its control or where the Fund is not liquid (as defined in the Corporations Act), Equity Trustees can deny or suspend a withdrawal request and you may not be able to withdraw your funds in the usual processing times or at all. When the Fund is not liquid, an investor can only withdraw when Equity Trustees makes a withdrawal offer to investors in accordance with the Corporations Act. Equity Trustees is not obliged to make such offers.

If you are an Indirect Investor, you need to provide your withdrawal request directly to your IDPS Operator. The time to process a withdrawal request will depend on the particular IDPS Operator and the terms of the IDPS.

Unit pricing discretions policy

Equity Trustees has developed a formal written policy in relation to the guidelines and relevant factors taken into account when exercising any discretion in calculating unit prices (including determining the value of the assets and liabilities). A copy of the policy and, where applicable and to the extent required, any other relevant documents in relation to the policy will be made available free of charge on request.

Additional information

If and when the Fund has 100 or more direct investors, it will be classified by the Corporations Act as a 'disclosing entity'. As a disclosing entity, the Fund will be subject to regular reporting and disclosure obligations. Investors would then have a right to obtain a copy, free of charge, of any of the following documents:

- the most recent annual financial report lodged with ASIC ("Annual Report");
- any subsequent half yearly financial report lodged with ASIC after the lodgement of the Annual Report; and

- any continuous disclosure notices lodged with ASIC after the Annual Report but before the date of this PDS.

Equity Trustees will comply with any continuous disclosure obligation by lodging documents with ASIC as and when required.

Copies of these documents lodged with ASIC in relation to the Fund may be obtained from ASIC through ASIC's website.

3. Benefits of investing in the Colchester Global Inflation-Linked Bond Fund - Class I

The Fund is actively managed in accordance with Colchester's investment philosophy as outlined in Section 5. The Fund's investment objective is to achieve favourable income and capital returns from a globally diversified portfolio of primarily sovereign inflation-indexed debt or debt-like securities and currencies. An associated objective is the preservation of capital and enhancement of principal. The Fund may also use forward foreign exchange transactions (including non-deliverable foreign exchange transactions), as further described in Section 5. Colchester believes both bond and currency markets can be valued in terms of their real returns on offer, thereby providing an indication of their relative attractiveness or otherwise.

Investing in the Class I units provides investors with the following significant features and benefits:

- Access to Colchester's investment management expertise in relation to sovereign bonds;
- Access to investment opportunities in offshore markets that Colchester considers attractive;
- Prudent risk management;
- Access to investment opportunities and diversification through pooling of assets that may not be available to individual investors;
- Potential for a regular income stream by way of quarterly distributions (noting that the Responsible Entity may change the distribution frequency without notice); and
- Potential for diversification when employed in conjunction with other asset classes and investment styles.

4. Risks of managed investment schemes

All investments carry risks. Different investment strategies may carry different levels of risk, depending on the assets acquired under the strategy. Assets with the highest long-term returns may also carry the highest level of short-term risk. The significant risks below should be considered in light of your risk profile when deciding whether to invest in the Fund. Your risk profile will vary depending on a range of factors, including your age, the investment time frame (how long you wish to invest for), your other investments or assets and your risk tolerance.

The Responsible Entity and Colchester do not guarantee the liquidity of the Fund's investments, repayment of capital or any rate of return or the Fund's investment performance. The value of the Fund's investments will vary. Returns are not guaranteed, and you may lose money by investing in the Fund. The level of returns will vary and future returns may differ from past returns. Laws affecting managed investment schemes may change in the future. The structure and administration of the Fund is also subject to change.

In addition, we do not offer advice that takes into account your personal financial situation, including advice about whether the Fund is suitable for your circumstances. If you require personal financial or taxation advice, you should contact a licensed financial adviser and/or taxation adviser.

Below Investment Grade risk

Below Investment Grade debt investments are regarded as speculative investments that are particularly vulnerable to adverse business or economic conditions, and at increased risk of incapacity to pay principal and interest obligations.

Security specific risk

The risk associated with an individual asset. For example, loss of value arising where a bond issuer cannot pay principal or interest when due.

Currency risk

For unhedged investments in global assets, a rise in the Australian dollar relative to other currencies will negatively impact investment values and returns. Currency markets can be extremely volatile and are subject to a range of unpredictable forces.

Derivatives risk

The Fund will use forward foreign exchange transactions (including non-deliverable foreign exchange transactions) for hedging purposes, efficient portfolio management purposes, or for investment purposes. For more details on Derivatives risk, please refer to the Colchester Reference Guide.

Market risk

The risk that the market price of an asset will fluctuate as a result of factors such as economic conditions, government regulations, market sentiment, local and international political events and environmental and technological issues. This risk may have different impacts on each type of asset, investment style and investor.

The Fund is also subject to the risk of the failure of any of the financial markets on which the securities are traded or of a clearing house.

Liquidity risk

It may be difficult to value, and it may not be possible to sell, certain investments, types of investments, and/or investments in certain segments of the market, and the Fund may have to sell certain of these investments at a price or time that is not advantageous in order to meet redemptions or other cash needs.

Investment selection risk

Colchester may make investment decisions that result in low returns or loss of capital invested. This risk is mitigated to some extent by the knowledge and experience of Colchester.

Emerging markets risk

Investment risk may be particularly high when the Fund invests in emerging market securities. These securities may present market, credit, currency, liquidity, legal, political and other risks different from, or greater than, the risks of investing in developed countries.

Non-Diversification risk

Focusing investments in a small number of securities issuers, industries or countries increases risk. Funds that invest in a relatively small number of securities issuers are more susceptible to risks associated with a single economic, political or regulatory occurrence than more diversified funds might be. Some of those securities issuers also may present substantial credit or other risks.

Key personnel risk

The Investment Manager is dependent to some extent upon the expertise of its management team. Consequently, the Fund's performance could be adversely affected if key members of the management team do not continue to provide their services to the Investment Manager.

Interest rate risk

Interest rate risk is the risk that fixed income securities and other instruments in the Fund's portfolio will decline in value because of an increase in interest rates. As nominal interest rates rise, the value of certain fixed income securities held by the Fund, directly or indirectly, is likely to decrease.

Cross class liability risk

Separate classes of the Fund are not separate legal entities and the assets of each class will not be segregated. All of the assets of the Fund are available to meet all of its liabilities, regardless of the class to which such assets or liabilities are attributable. In practice, cross class liability will usually only arise where any separate class becomes insolvent and is unable to meet all of its liabilities. In this case, all of the assets of the Fund attributable to other separate classes may be applied to cover the liabilities of the insolvent classes. If losses or liabilities are sustained by a class in excess of the assets attributable to such class, such excess may be apportioned to the other classes. The assets attributable to any one class will not be isolated from the liabilities attributable to other classes, and to the extent that the assets of one particular class are insufficient to satisfy the liabilities attributable to such class then the assets of other classes may be charged with such liabilities.

Pandemic and other unforeseen event risk

Health crises, such as pandemic and epidemic diseases, as well as other catastrophes that interrupt the expected course of events, such as natural disasters, war or civil disturbance, acts of terrorism, power outages and other unforeseeable and external events, and the public response to or fear of such diseases or events, have and may in the future have an adverse effect on the economies and financial markets either in specific countries or worldwide and consequently on the value of the Fund's investments. Further, under such circumstances the operations, including functions such as trading and valuation, of the Investment Manager and other service providers could be reduced, delayed, suspended or otherwise disrupted.

The material relating to risks may change between the time when you read this PDS and the day when you acquire the product.

5. How we invest your money

Warning: When choosing to invest in the Fund or an option of the Fund, you should consider the likely investment returns, the risks of investing and your investment time frame.

Investment objective

The Fund's investment objective is to achieve favourable income and capital returns from a globally diversified portfolio of primarily sovereign inflation-indexed debt or debt-like securities and currencies. An associated objective is the preservation and enhancement of principal. Neither Colchester nor the Responsible Entity guarantees the repayment of capital or the performance of the Class I units or make any representation concerning any of these matters.

Benchmark

Bloomberg World Government Inflation-Linked Bond Index hedged in Australian Dollars.

Minimum suggested time frame

The minimum suggested time frame for investment in the Class is 5 to 7 years.

Risk level

Moderate.

There is a moderate level risk of loss of investment over the suggested investment horizon.

Investor suitability

Class I may be suitable for investors seeking to have an exposure to global fixed income markets.

Investments held/investment strategy/investment guidelines and restrictions

The Fund will invest primarily in sovereign inflation-indexed debt or debt-like securities and in currencies. Securities and currencies will be rated Investment Grade, save that the Fund may purchase and hold up to 20% of the Net Asset Value of the Fund in securities rated below Investment Grade. An inflation-indexed debt security is one that is structured to provide protection against inflation. The value of the bond's principal or the interest income paid on the bond is adjusted to track changes in an official inflation measure.

The Fund will be managed against, and its performance is measured against, the Bloomberg World Government Inflation-Linked Bond Index hedged in Australian Dollars (the "Benchmark"). The Benchmark primarily contains investment grade, government inflation-linked debt from developed market countries.

The Fund is actively managed and the Investment Manager may use its discretion to invest in bonds not included in the Fund's Benchmark, although the Fund will tend to purchase bonds with characteristics similar to those in its Benchmark. The investment strategy implemented by the Investment Manager may lead to significant deviation from the Fund's Benchmark in terms of country and currency weightings and duration, which could cause the return of Class I to differ significantly from that of the Benchmark. The Fund does not intend to track its Benchmark and there is no guarantee that the Class I will outperform the Benchmark.

Forward foreign exchange transactions (including non-deliverable forward foreign exchange transactions) may be used by the Fund to reduce the risk of adverse market changes in exchange rates, to increase exposure to foreign currencies or to shift exposure in order to address foreign currency fluctuations between currencies. The Fund's use of financial derivative instruments is limited to forward foreign exchange transactions (including non-deliverable forward foreign exchange transactions).

The Fund will invest in sovereign debt and debt-like securities that will be issued by: (i) world governments, their agencies and instrumentalities and government-owned corporations; (ii) state, provincial, county, and city governments, as well as those of public utilities and other quasi-governmental bodies; (iii) supra-national entities; and (iv) entities guaranteed by any of (i), (ii) or (iii) above. The Fund may acquire securities such as fixed and floating rate bonds, inflation-indexed securities, zero-coupon and discount bonds, eurobonds, global bonds or yankee bonds issued by such issuers.

The Fund employs an active "long-short" currency strategy. To "short" a currency is defined as selling an amount of the currency forward in excess of the total value of underlying assets held in that currency. The strategy will hold long currency positions that increase in value as the value of the currency increases and short currency positions that decrease in value as the value of the currency increases. Currency positions in the strategy will be mainly hedged to give exposure to AUD.

Changing the investment strategy

The investment strategy and asset allocation parameters may be changed. If a change is to be made, investors in the Fund will be notified in accordance with the Corporations Act.

Labour Standards, Environmental, Social and Ethical Factors

EQT has delegated the investment function (including ESG responsibilities) to the Investment Manager and the Investment Manager has contemplated that 'Labour, Environmental, Social and Ethical considerations will be taken into account in relation to the investment of the assets associated with Class I. Colchester employs a value-based investment approach and integrates environmental, social, and governance (ESG) risks into its valuation framework for sovereign debt. Countries are assigned a proprietary Financial Stability Score (FSS) which combines an assessment of balance sheet and economic strength, with an assessment of ESG risks, and potential opportunities. Each bond and currency market within the Fund's investment universe is assigned an FSS and this translates into a premium or discount being applied to the valuation of any bond issued in that particular market. Whilst Colchester considers that there are strong interlinkages between ESG factors and traditional balance sheet or "credit" metrics, Colchester has developed a sovereign ESG Scoring Framework to measure and compare countries' exposure specifically to ESG risks, in a systematic and consistent fashion. A series of publicly available metrics are used to assess ESG risks under a variety of categories. For example, environmental metrics consider a country's vulnerability to climate through two lenses, namely physical risk and transition risk. Physical risk relates to a country's sensitivity to the implications of climate change such as extreme weather events, whilst transition risk is concerned with the implications of adjusting to a low-carbon economy. The percentage of electricity generated from renewable sources is one metric Colchester considers to assess transition risk. Social characteristics of a country are assessed via human capital i.e. the knowledge, skills and experience of the population, and social cohesion i.e. the levels of trust, accountability and equality prevailing in society. Labour standards are measured through considering, for example, a country's education levels, old age dependency, modern slavery, female labour force participation and youth unemployment. Governance standards such as the rule of law, property rights and financial freedom are also measured. The full list of ESG factors taken into account by Colchester is set out more fully in Colchester's ESG Policy available on its website at www.colchesterglobal.com.au/esg-policy. These metrics are distilled into a score for each country, which feeds into the FSS and hence the valuation of each bond and currency market. A country with stronger ESG metrics and a more robust balance sheet than its peers will therefore be a more attractive investment, all other things being equal. In general, the data used in Colchester's ESG Scoring Framework, and the broader financial stability assessment of the countries within the investment universe, is sourced from third party data providers including supranational entities such as the World Bank and the International Monetary Fund, as well as independent think tanks and foundations. Such data sources generally rely in turn on national statistical offices for the raw data. There is a risk that such data is incomplete, unavailable or inaccurate. Colchester does not verify the data produced from such third party data providers. For further information on Labour, environmental, social and ethical considerations refer to the Reference Guide.

Fund performance

Up to date information on the performance of the Fund will be available online at www.eqt.com.au/insto or by calling Colchester on +61 3 9046 4040. Past performance is not necessarily a guide to future performance.

6. Fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the Fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

The information in the following Fees and Costs Summary can be used to compare costs between different simple managed investment schemes. Fees and costs can be paid directly from an investor's account or deducted from investment returns. For information on tax please see Section 7 of this PDS.

¹ All fees quoted above are inclusive of Goods and Services Tax (GST) and net of any Reduced Input Tax Credits (RITC). See below for more details as to how the relevant fees and costs are calculated.

² The management fee component of management fees and costs can be negotiated. See "Differential fees" in the "Additional Explanation of Fees and Costs" below.

³ The indirect costs component of management fees and costs and transaction costs is based on a reasonable estimate of the costs for the current financial year to date, adjusted to reflect a 12 month period. Please see "Additional Explanation of Fees and Costs" below.

Additional Explanation of Fees and Costs

Management fees and costs

The management fees and costs include amounts payable for administering and operating the Fund, investing the assets of the Fund, expenses and reimbursements in relation to the Fund and indirect costs if applicable.

Management fees and costs do not include performance fees or transaction costs, which are disclosed separately.

The management fees component of management fees and costs of 0.45% p.a. of the NAV of Class I is payable to the Responsible Entity of the Fund for managing the assets and overseeing the operations of the Fund. The management fees component is accrued daily and paid from Class I monthly in arrears and reflected in the unit price. As at the date of this PDS, the management fees component covers certain ordinary expenses such as Responsible Entity fees, investment management fees, custodian fees, and administration and audit fees.

The indirect costs and other expenses component of 0.02% p.a. of the NAV of Class I may include other ordinary expenses of operating the Fund, as well as management fees and costs (if any) arising from interposed vehicles in or through which the Fund invests and the costs of investing in over-the-counter derivatives to gain investment exposure to assets or implement the Fund's investment strategy. The indirect costs and other expenses component is variable and reflected in the unit price of Class I as the relevant fees and costs are incurred. They are borne by investors, but they are not paid to the Responsible Entity or Investment Manager. The indirect costs and other expenses component is based on a reasonable estimate of the costs for the current financial year to date, adjusted to reflect a 12 month period

In relation to the costs that have been estimated, they have been estimated on the basis of relevant information for a similar investment in the market offered by the Investment Manager.

Actual indirect costs for the current and future years may differ. If in future there is an increase to indirect costs disclosed in this PDS, updates will be provided on Equity Trustees' website at www.eqt.com.au/insto where they are not otherwise required to be disclosed to investors under law.

Transaction costs

In managing the assets of the Fund, the Fund may incur transaction costs such as brokerage, buy-sell spreads in respect of the underlying investments of the Fund, settlement costs, clearing costs and applicable stamp duty when assets are bought and sold, and the costs of over-the-counter derivatives that reflect transaction costs that would arise if the Fund held the ultimate reference assets, as well as the costs of over-the-counter derivatives used for hedging purposes. Transaction costs also include costs incurred by interposed vehicles in which the Fund invests (if any), that would have been transaction costs if they had been incurred by the Fund itself. Transaction costs are an additional cost to the investor where they are not recovered by the Buy/Sell Spread, and are generally incurred when the assets of the Fund are changed in connection with day-to-day trading or when there are applications or withdrawals which cause net cash flows into or out of the Fund.

The Buy/Sell Spread that is disclosed in the Fees and Costs Summary is a reasonable estimate of transaction costs that Class I will incur when buying or selling assets of Class I. These costs are an additional cost to the investor but are incorporated into the unit price and arise when investing application monies and funding withdrawals from Class I and are not separately charged to the investor. The Buy Spread is paid into Class I as part of an application and the Sell Spread is left in Class I as part of a redemption and not paid to Equity Trustees or the Investment Manager. The estimated Buy/Sell Spread is 0.13% upon entry and 0.13% upon exit. The dollar value of these costs based on an application or a withdrawal of \$1,000,000 is \$1,300 for each individual transaction. The Buy/Sell Spread can be altered by the Responsible Entity at any time and www.eqt.com.au/insto will be updated as soon as practicable to reflect any change. The Responsible Entity may also waive the Buy/Sell Spread in part or in full at its discretion. The transaction costs figure in the Fees and Costs Summary is shown net of any amount recovered by the Buy/Sell Spread charged by the Responsible Entity.

Transaction costs generally arise through the day-to-day trading of Class I's assets and are reflected in Class I's unit price as an additional cost to the investor, as and when they are incurred.

The gross transaction costs for Class I are 0.05% p.a. of the NAV of Class I, which is based on a reasonable estimate of the costs for the current financial year to date, adjusted to reflect a 12 month period.

In relation to the costs that have been estimated, they have been estimated on the basis of relevant information for a similar investment in the market offered by the Investment Manager.

However, actual transaction costs for future years may differ.

Can the fees change?

Yes, all fees can change without investor consent, subject to the maximum fee amounts specified in the Constitution. The current maximum management fee to which Equity Trustees is entitled is 2.00% of the GAV of Class I. However, Equity Trustees does not intend to charge that amount and will generally provide investors with at least 30 days' notice of any proposed increase to the management fees component of management fees and costs. In most circumstances, the Constitution defines the maximum level that can be charged for fees described in this PDS. Equity Trustees also has the right to recover all reasonable expenses incurred in relation to the proper performance of its duties in managing the Fund and as such these expenses may increase or decrease accordingly, without notice.

Payments to IDPS Operators

Subject to the law, annual payments may be made to some IDPS Operators because they offer the Fund on their investment menus. Product access is paid by the Investment Manager out of its investment management fee and is not an additional cost to the investor.

Differential fees

The Investment Manager may from time to time negotiate a different fee arrangement (by way of a rebate or waiver of fees) with certain investors who are Australian Wholesale Clients and New Zealand Wholesale Investors. Please contact the Investment Manager on +613 9046 4040 for further information.

Example of annual fees and costs for an investment option

This table gives an example of how the ongoing annual fees and costs in the investment option for this product can affect your investment over a 1-year period. You should use this table to compare this product with other products offered by managed investment schemes.

EXAMPLE – Colchester Global Inflation-Linked Bond Fund - Class I		
BALANCE OF \$1,050,000 WITH A CONTRIBUTION OF \$5,000 DURING THE YEAR		
Contribution Fees	Nil	For every additional \$5,000 you put in, you will be charged \$0
Plus Management fees and costs	0.47% p.a.	And, for every \$1,050,000 you have in the Colchester Global Inflation-Linked Bond Fund - Class I you will be charged or have deducted from your investment \$4,935 each year
Plus Performance fees	Not applicable	And, you will be charged or have deducted from your investment \$0 in performance fees each year
Plus Transaction costs	0.05% p.a.	And, you will be charged or have deducted from your investment \$525 in transaction costs
Equals Cost of Colchester Global Inflation-Linked Bond Fund - Class I		If you had an investment of \$1,050,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of: \$5,460* What it costs you will depend on the investment option you choose and the fees you negotiate.

* Additional fees may apply. Please note that this example does not capture all the fees and costs that may apply to you such as the Buy/Sell Spread.

This example assumes the \$5,000 contribution occurs at the end of the first year, therefore the fees and costs are calculated using the \$1,050,000 balance only.

Warning: If you have consulted a financial adviser, you may pay additional fees. You should refer to the Statement of Advice or Financial Services Guide provided by your financial adviser in which details of the fees are set out.

ASIC provides a fee calculator on www.moneysmart.gov.au, which you may use to calculate the effects of fees and costs on account balances.

The indirect costs and other expenses component of management fees and costs and transaction costs may also be based on estimates. As a result, the total fees and costs that you are charged may differ from the figures shown in the table.

Further reading

You should read the important information in the Reference Guide about fees and costs under the "Additional Information on fees and other costs" section before making a decision. Go to the Reference Guide which is available at www.eqt.com.au/insto. The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

7. How managed investment schemes are taxed

Warning: Investing in a registered managed investment scheme (such as the Fund) is likely to have tax consequences. You are strongly advised to seek your own professional tax advice about the applicable Australian tax (including income tax, GST and duty) consequences and, if appropriate, foreign tax consequences which may apply to you based on your particular circumstances before investing in the Fund.

The Fund is an Australian resident for tax purposes and does not generally pay tax on behalf of its investors. Australian resident investors are assessed for tax on any income and capital gains generated by the Fund to which they become presently entitled or, where the Fund has made a choice to be an Attribution Managed Investment Trust ("AMIT") and the choice is effective for the income year, are attributed to them.

Further reading

You should read the important information in the Reference Guide about Taxation under the "Other important information" section before making a decision. Go to the Reference Guide which is available at www.eqt.com.au/insto. The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

8. How to apply

To invest please complete the Application Form accompanying this PDS, send funds (see details in the Application Form) and your completed Application Form to:

Colchester Global Investors Unit Registry,
GPO Box 804,
Melbourne VIC 3001

Please note that cash and cheques cannot be accepted and all applications must be made in Australian dollars.

Who can invest?

Eligible persons (as detailed in the 'About this PDS' section) can invest, however individual investors must be 18 years of age or over. Investors investing through an IDPS should use the application form provided by their IDPS Operator.

Cooling off period

No cooling off period applies to the offer made in this PDS, as the units offered under this PDS are only available to Wholesale Clients in Australia and Wholesale Investors in New Zealand.

Indirect Investors should seek advice from their IDPS Operator as to whether cooling off rights apply to an investment in the Fund by the IDPS. The right to cool off in relation to the Fund is not directly available to an Indirect Investor. This is because an Indirect Investor does not acquire the rights of a unit holder in the Fund. Rather, an Indirect Investor directs the IDPS Operator to arrange for their monies to be invested in the Fund on their behalf. The terms and conditions of the IDPS Guide or similar type document will govern an Indirect Investor's investment in relation to the Fund and any rights an Indirect Investor may have in this regard.

Complaints resolution

Equity Trustees has an established complaints handling process and is committed to properly considering and resolving all complaints. If you have a complaint about your investment, please contact us on:

SECTION 5.1 – CUSTODIAN ATTESTATION: CHAPTER 4, PARTS 4.4.18 AND 4.4.19 OF THE AML/CTF RULES

If you are a Company completing this Application Form on behalf of an individual, another company, a trust or other entity, in a Custodial capacity, please complete this section.

In accordance with Chapter 4, part 4.4.19 (1)(a) to (d) of the AML/CTF Rules, does the Custodian meet the definition (see 'Section 10 – Glossary') of a Custodian?

☐ No ☐ Yes

In accordance with Chapter 4, part 4.4.19 (e) of the AML/CTF Rules, do you, in your capacity as Custodian attest that prior to requesting this designated service from Equity Trustees, it has carried out and will continue to carry out, all applicable customer identification procedures on the underlying account holder named or to be named in the Fund's register, including conducting ongoing customer due diligence requirements in accordance with Chapter 15 of the AML/CTF Rules?

☐ No ☐ Yes

If you answered YES to all of the above questions, then Equity Trustees is able to apply the Chapter 4, part 4.4 Custodian rules to this account and will rely upon the customer due diligence conducted by the Custodian on the underlying account holder named or to be named in the Fund's register.

If requested to do so at any time after the provision of this designated service, the Custodian agrees to honour any reasonable request made by Equity Trustees for information or evidence about the underlying account holder in order to allow Equity Trustees to meet its obligations under the AML/CTF Act.

☐ No ☐ Yes

Excepting the below circumstances where the custodian answered NO or did not complete any of the above questions, no other information about the underlying account holder is required to be collected. However, further information about you as the Custodian and as a company is required to be collected and verified as required by the AML/CTF rules. Please complete the rest of this form for the Custodian.

Excepting circumstances:

If you answered NO or did not complete any of the above questions, then we are unable to apply the Chapter 4, part 4.4 Custodian rules to this application. We are therefore obligated to conduct full Know Your Client procedures on the underlying account holder named or to be named in the Fund's register including any named nominee, as well as the trustees, beneficial owners and controlling persons of the underlying named account in addition to the Custodian. Therefore, please complete the relevant forms and provide identity documents for all parties connected to this account.

SECTION 8 – DECLARATIONS – ALL INVESTORS MUST COMPLETE

In most cases the information that you provide in this form will satisfy the AML/CTF Act, the US Foreign Account Tax Compliance Act (FATCA) and the Common Reporting Standard (CRS). However, in some instances the Responsible Entity may contact you to request further information. It may also be necessary for the Responsible Entity to collect information (including sensitive information) about you from third parties in order to meet its obligations under the AML/CTF Act, FATCA and CRS.

When you complete this Application Form you make the following declarations:

- I/We have received the PDS/IM and made this application in Australia (and/or New Zealand for those offers made in New Zealand).
- I/We have read the PDS/IM to which this Application Form applies and agree to be bound by the terms and conditions of the PDS/IM and the Constitution of the relevant Fund/Trust in which I/we have chosen to invest.
- I/we have carefully considered the features of Fund/Trust as described in the PDS (including its investment objectives, minimum suggested investment timeframe, risk level, withdrawal arrangements and investor suitability) and, after obtaining any financial and/or tax advice that I/we deemed appropriate, am/are satisfied that my/our proposed investment in the Fund/Trust is consistent with my/our investment objectives, financial circumstances and needs.*
- I/We have considered our personal circumstances and, where appropriate, obtained investment and/or taxation advice.
- I/We hereby declare that I/we are not a US Person as defined in the PDS/IM.
- I/We acknowledge that (if a natural person) I am/we are 18 years of age or over and I am/we are eligible to hold units in the Fund/Trust in which I/We have chosen to invest.
- I/We acknowledge and agree that Equity Trustees has outlined in the PDS/IM provided to me/us how and where I/we can obtain a copy of the Equity Trustees Group Privacy Statement.
- I/We consent to the transfer of any of my/our personal information to external third parties including but not limited to fund administrators, fund investment manager(s) and related bodies corporate who are located outside Australia for the purpose of administering the products and services for which I/we have engaged the services of Equity Trustees or its related bodies corporate and to foreign government agencies for reporting purposes (if necessary).
- I/we hereby confirm that the personal information that I/we have provided to Equity Trustees is correct and current in every detail, and should these details change, I/we shall promptly advise Equity Trustees in writing of the change(s).
- I/We agree to provide further information or personal details to the Responsible Entity if required to meet its obligations under anti-money laundering and counter-terrorism legislation, US tax legislation or reporting legislation and acknowledge that processing of my/our application may be delayed and will be processed at the unit price applicable for the Business Day as at which all required information has been received and verified.
- If I/we have provided an email address, I/we consent to receive ongoing investor information including PDS/IM information, confirmations of transactions and additional information as applicable via email.
- I/We acknowledge that Equity Trustees does not guarantee the repayment of capital or the performance of the Fund/Trust or any particular rate of return from the Fund/Trust.
- I/We acknowledge that an investment in the Fund/Trust is not a deposit with or liability of Equity Trustees and is subject to investment risk including possible delays in repayment and loss of income or capital invested.
- I/We acknowledge that Equity Trustees is not responsible for the delays in receipt of monies caused by the postal service or the investor's bank.
- If I/we have completed and lodged the relevant sections on authorised representatives, agents and/or financial advisers on the Application Form then I/we agree to release, discharge and indemnify Equity Trustees from and against any and all losses, liabilities, actions, proceedings, account claims and demands arising from Equity Trustees acting on the instructions of my/our authorised representatives, agents and/or financial advisers.
- If this is a joint application each of us agrees that our investment is held as joint tenants.
- I/We acknowledge and agree that where the Responsible Entity, in its sole discretion, determines that:
 - I/we are ineligible to hold units in a Fund/Trust or have provided misleading information in my/our Application Form; or
 - I/we owe any amounts to Equity Trustees, then I/we appoint the Responsible Entity as my/our agent to submit a withdrawal request on my/our behalf in respect of all or part of my/our units, as the case requires, in the Fund/Trust.
- **For Wholesale Clients*** – I/We acknowledge that I am/we are a Wholesale Client (as defined in Section 761G of the Corporations Act 2001 (Cth)) and are therefore eligible to hold units in the Fund/Trust.
- **For New Zealand applicants*** – I/we have read the terms of the offer relating to New Zealand investors, including the New Zealand warning statement.
- **For New Zealand Wholesale Investors*** – I/We acknowledge and agree that:
 - I/We have read the “New Zealand Wholesale Investor Fact Sheet” and PDS/IM or “New Zealand Investors: Selling Restriction” for the Fund/Trust;
 - I am/We are a Wholesale Investor and am/are therefore eligible to hold units in the Fund/Trust; and
 - I/We have not:

- Offered, sold, or transferred, and will not offer, sell, or transfer, directly or indirectly, any units in the Fund/Trust;
 - Granted, issued, or transferred, and will not grant, issue, or transfer, any interests in or options over, directly or indirectly, any units in the Fund/Trust; and
 - Distributed and will not distribute, directly or indirectly, the PDS/IM or any other offering materials or advertisement in relation to any offer of units in the Fund/Trust, in each case in New Zealand, other than to a person who is a Wholesale Investor; and
- I/We will notify Equity Trustees if I/we cease to be a Wholesale Investor; and
 - I/We have separately provided a signed Wholesale Investor Certification located at the end of this Application Form.

All references to Wholesale Investor in this Declaration are a reference to Wholesale Investor in terms of clause 3(2) of Schedule 1 of the Financial Markets Conduct Act 2013 (New Zealand).

* Disregard if not applicable.

***Terms and conditions for collection of Tax File Numbers (TFN) and Australian Business Numbers (ABN)**

Collection of TFN and ABN information is authorised and its use and disclosure strictly regulated by tax laws and the Privacy Act. Investors must only provide an ABN instead of a TFN when the investment is made in the course of their enterprise. You are not obliged to provide either your TFN or ABN, but if you do not provide either or claim an exemption, we are required to deduct tax from your distribution at the highest marginal tax rate plus Medicare levy to meet Australian taxation law requirements.

For more information about the use of TFNs for investments, contact the enquiries section of your local branch of the ATO. Once provided, your TFN will be applied automatically to any future investments in the Fund/Trust where formal application procedures are not required (e.g. distribution reinvestments), unless you indicate, at any time, that you do not wish to quote a TFN for a particular investment. Exempt investors should attach a copy of the certificate of exemption. For super funds or trusts list only the applicable ABN or TFN for the super fund or trust.

When you sign this Application Form you declare that you have read, agree to and make the declarations above
