Directors' declaration

Independent auditor's report to the unit holders of L1 Capital International Fund (Hedged)

This annual report covers L1 Capital International Fund (Hedged) as an individual entity.

The Responsible Entity of L1 Capital International Fund (Hedged) is Equity Trustees Limited (ABN 46 004 031 298) (AFSL 240975).

The Responsible Entity's registered office is:

Level 1, 575 Bourke Street
Melbourne, VIC 3000.

Directors' report

The directors of Equity Trustees Limited, the Responsible Entity of L1 Capital International Fund (Hedged) (the "Fund"), present their report together with the financial statements of the Fund for the period 2 May 2024 to 30 June 2025.

Principal activities

The Fund was constituted on 19 April 2024, registered with the Australian Securities and Investments Commission on 2 May 2024 and commenced operations on 19 July 2024.

There are two separate classes of units and each unit has the same rights attaching to it as all other units of the Fund. The first class of units, named L1 Capital International (Hedged) Active ETF have been issued on 19 July 2024. Investors of the class can buy and sell units on the ASX under L1 Capital International (Hedged) Active ETF, ASX Ticker: L1HI or through the Fund's Unit Registry. The second class of units, named L1 Capital International (Hedged) - Z Class have been issued on 16 January 2025 under a separate Product Disclosure Statement.

The Fund seeks to deliver attractive risk-adjusted currency-hedged returns over a long-term investment horizon by investing in high quality companies that it understands well and that have favourable cashflow-based valuations in accordance with the Product Disclosure Statement and the provisions of the Fund's Constitution.

The Fund will also invest in derivatives for currency hedging purposes with the aim to minimise the effect of currency movements by hedging, as far as is practicable, all foreign currency exposures into Australian dollars.

The Fund did not have any employees during the period.

There were no significant changes in the nature of the Fund's activities during the period.

The various service providers of the Fund are detailed below:

Service	Provider
Responsible Entity	Equity Trustees Limited
Investment Manager	L1 Capital International Pty Limited
Custodian, Administrator and Registrar	Apex Fund Services Pty Ltd (an Apex Group Company)
Statutory Auditor	Ernst & Young

Directors

The following persons held office as directors of Equity Trustees Limited during or since the end of the period and up to the date of this report:

Philip D Gentry	Chairman (resigned 6 June 2024)
Michael J O'Brien	Chairman (appointed 6 June 2024)
Russell W Beasley	(resigned 9 October 2024, reappointed 1 July 2025)
Mary A O'Connor	(resigned 1 July 2025)
David B Warren	
Andrew P Godfrey	
Johanna E Platt	(appointed 9 October 2024)

Review and results of operations

During the period, the Fund continued to invest its funds in accordance with the Product Disclosure Statement and the provisions of the Fund's Constitution.

The Fund's performance for L1HI was 14.37% (net of fees) for the period 19 July 2024 to 30 June 2025. The Fund's benchmark, the MSCI World 100% Hedged Net Total Return AUD Index, returned 12.50% for the same period. The return achieved by L1HI for the reporting period is calculated as the percentage movement in NAV/units on issue from 19 July 2024 to 30 June 2025.

The Fund's performance for Z Class was 7.50% (net of fees) for the period 16 Jan 2025 to 30 June 2025. The Fund's benchmark, the MSCI World 100% Hedged Net Total Return AUD Index, returned 5.32% for the same period. The return achieved by the Z Class for the reporting period is calculated as the percentage movement in NAV/units on issue from 16 January 2025 to 30 June 2025.

Directors' report (continued)

Review and results of operations (continued)

The performance of the Fund, as represented by the results of its operations, was as follows:

	For the period 2 May 2024 to 30 June 2025
Profit/(loss) before finance costs attributable to unit holders for the period (\$'000)	1,354
L1HI	
Distributions paid and payable (\$'000)	190
Distributions cents per unit (CPU)	8.0999
Z Class	
Distributions paid and payable (\$'000)	90
Distributions cents per unit (CPU)	7.6698

Significant changes in the state of affairs

In the opinion of the directors, there were no significant changes in the state of affairs of the Fund that occurred during the period ended 30 June 2025.

Matters subsequent to the end of the financial period

No matter or circumstance has arisen since 30 June 2025 that has significantly affected, or may have a significant effect on:

- i. the operations of the Fund in future financial years; or
- ii. the results of those operations in future financial years; or
- iii. the state of affairs of the Fund in future financial years.

Likely developments and expected results of operations

The Fund will continue to be managed in accordance with the investment objectives and guidelines as set out in the Product Disclosure Statement and the provisions of the Fund's Constitution.

The results of the Fund's operations will be affected by a number of factors, including the performance of investment markets in which the Fund invests. Investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

Indemnification and insurance of officers

No insurance premiums are paid for out of the assets of the Fund in regard to insurance cover provided to the officers of Equity Trustees Limited. So long as the officers of Equity Trustees Limited act in accordance with the Fund's Constitution and the Law, the officers remain indemnified out of the assets of the Fund against losses incurred while acting on behalf of the Fund.

Indemnification of auditor

The Responsible Entity has not, during or since the end of the financial period, except to the extent permitted by law, indemnified or agreed to indemnify the auditor of the Fund against a liability incurred as auditor.

Fees paid to and interests held in the Fund by the Responsible Entity and its associates

Fees paid to the Responsible Entity and its associates out of Fund property during the period are disclosed in Note 15 to the financial statements.

No fees were paid out of Fund's property to the directors of the Responsible Entity during the period.

The number of interests in the Fund held by the Responsible Entity or its associates as at the end of the financial period are disclosed in Note 15 of the financial statements.

Directors' report (continued)

Interests in the Fund

The movement in units on issue in the Fund during the period is disclosed in Note 8 to the financial statements.

The value of the Fund's assets and liabilities is disclosed in the statement of financial position and derived using the basis set out in Note 2 to the financial statements.

Environmental regulation

The operations of the Fund are not subject to any particular or significant environmental regulations under Commonwealth, State or Territory law.

Rounding of amounts to the nearest thousand dollars

Amounts in the Directors' report have been rounded to the nearest thousand dollars in accordance with *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, unless otherwise indicated.

Auditor's independence declaration

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 5.

This report is made in accordance with a resolution of the directors of Equity Trustees Limited through a delegated authority given by the Equity Trustees Limited's Board.

Auditor's independence declaration to the directors of Equity Trustees Limited as Responsible Entity for L1 Capital International Fund (Hedged)

As lead auditor for the audit of the financial report of L1 Capital International Fund (Hedged) for the financial year ended 30 June 2025, I declare to the best of my knowledge and belief, there have been:

- a. No contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit;
- b. No contraventions of any applicable code of professional conduct in relation to the audit; and
- c. No non-audit services provided that contravene any applicable code of professional conduct in relation to the audit.

Statement of comprehensive income

	Note	For the period 2 May 2024 to 30 June 2025 \$'000
Income		
Interest income from financial assets at amortised cost		3
Dividend income		84
Net gains/(losses) on financial instruments at fair value through profit or loss		1,366
Management fees and costs reimbursement	15	178
Other income		3
Total income/(loss)		1,634
Expenses		
Management fees and costs	15	245
Foreign tax expense		1
Withholding taxes		17
Transaction costs		14
Other expenses		3
Total expenses		280
Profit/(loss) before finance costs attributable to unit holders for the period		1,354
Finance costs attributable to unit holders		
Distributions to unit holders	9	(280)
(Increase)/decrease in net assets attributable to unit holders	8	(1,074)
Profit/(loss) for the period		-
Other comprehensive income		-
Total comprehensive income for the period		-

The above statement of comprehensive income should be read in conjunction with the accompanying notes.

Statement of financial position

	Note	As at 30 June 2025 \$'000
Assets		
Cash and cash equivalents	10	546
Receivables	12	248
Financial assets at fair value through profit or loss	5	18,949
Total assets		19,743
Liabilities		
Distributions payable	9	280
Payables	13	6
Due to brokers - payable for securities purchased		55
Financial liabilities at fair value through profit or loss	6	4
Total liabilities (excluding net assets attributable to unit holders)		345
Net assets attributable to unit holders - liability	8	19,398

The above statement of financial position should be read in conjunction with the accompanying notes.

Statement of changes in equity

	For the period 2 May 2024 to 30 June 2025 \$'000
Total equity at the beginning of the financial period	-
Comprehensive income for the financial period	
Profit/(loss) for the period	-
Other comprehensive income	-
Total comprehensive income	-
Transactions with unit holders	
Applications	-
Redemptions	-
Distributions paid and payable	-
Total transactions with unit holders	-
Total equity at the end of the financial period*	-

*Under Australian Accounting Standards, net assets attributable to unit holders are classified as a liability rather than equity. As a result, there was no equity at the start or end of the period.

The above statement of changes in equity should be read in conjunction with the accompanying notes with reference to Notes 2c and 8.

Statement of cash flows

	For the period 2 May 2024 to 30 June 2025 \$'000
	Note
Cash flows from operating activities	
Proceeds from sale/maturity of financial instruments at fair value through profit or loss	2,649
Payments for purchase of financial instruments at fair value through profit or loss	(20,173)
Interest income received from financial assets at amortised cost	3
Dividends and distributions received	62
Management fees and costs reimbursement received	141
Other income received	3
Tax expenses paid	(1)
Management fees and costs paid	(239)
Transaction costs paid	(14)
Other expenses paid	(5)
Net cash inflow/(outflow) from operating activities	11(a) (17,574)
Cash flows from financing activities	
Proceeds from applications by unit holders	18,541
Payments for redemptions by unit holders	(421)
Net cash inflow/(outflow) from financing activities	18,120
Net increase/(decrease) in cash and cash equivalents	546
Cash and cash equivalents at the beginning of the period	-
Cash and cash equivalents at the end of the period	10 546

The above statement of cash flows should be read in conjunction with the accompanying notes.

1. General information

These financial statements cover L1 Capital International Fund (Hedged) (the "Fund") as an individual entity. The Fund is an Australian registered managed investment scheme which was constituted on 19 April 2024 and will terminate in accordance with the provisions of the Fund's Constitution or by law.

The Responsible Entity of the Fund is Equity Trustees Limited (ABN 46 004 031 298) (AFSL 240975) (the "Responsible Entity"). The Responsible Entity's registered office is Level 1, 575 Bourke Street, Melbourne, VIC 3000. The financial statements are presented in the Australian currency unless otherwise noted.

The investment activities of the Fund are managed by L1 Capital International Pty Limited (Investment Manager). The custody and administration services of the Fund is delegated to Apex Fund Services Pty Ltd (the custodian and administrator).

The Fund seeks to deliver attractive risk-adjusted currency-hedged returns over a long-term investment horizon by investing in high quality companies that it understands well and that have favourable cashflow-based valuations in accordance with the Product Disclosure Statement and the provisions of the Fund's Constitution.

The Fund will also invest in derivatives for currency hedging purposes with the aim to minimise the effect of currency movements by hedging, as far as is practicable, all foreign currency exposures into Australian dollars.

The financial statements were authorised for issue by the directors on the date the Directors' declaration was signed. The directors of the Responsible Entity have the power to amend and reissue the financial statements.

2. Summary of material accounting policy information

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to the period presented, unless otherwise stated in the following text.

a. Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001* in Australia. The Fund is a for-profit entity for the purpose of preparing the financial statements.

The financial statements are prepared on the basis of fair value measurement of assets and liabilities, except where otherwise stated.

The statement of financial position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and do not distinguish between current and non-current. All balances are expected to be recovered or settled within 12 months, except for investments in financial assets and net assets attributable to unit holders.

The Fund manages financial assets at fair value through profit or loss based on the economic circumstances at any given point in time, as well as to meet any liquidity requirements. As such, it is expected that a portion of the portfolio will be realised within 12 months, however, an estimate of that amount cannot be determined as at reporting date.

In the case of net assets attributable to unit holders, the units are redeemable on demand at the unit holders' option. However, holders of these instruments typically retain them for the medium to long term. As such, the amount expected to be settled within 12 months cannot be reliably determined.

i. Compliance with International Financial Reporting Standards (IFRS)

The financial statements of the Fund also comply with IFRS as issued by the International Accounting Standards Board (IASB).

ii. New and amended standards adopted by the Fund

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the financial year beginning 1 July 2024 that have a material impact on the amounts recognised in the prior periods or will affect the current or future periods.

iii. New standards and interpretations not yet adopted

AASB 18 Presentation and Disclosure in Financial Statements

AASB 18 was issued in June 2024 and replaces AASB 101 *Presentation of Financial Statements*. The new standard introduces new requirements for the statement of comprehensive income, including:

- new categories for the classification of income and expenses into operating, investing and financing categories, and
- presentation of subtotals for "operating profit" and "profit before financing and income taxes".

2. Summary of material accounting policy information (continued)

a. Basis of preparation (continued)

iii. *New standards and interpretations not yet adopted (continued)*

Additional disclosure requirements are introduced for management-defined performance measures and new principles for aggregation and disaggregation of information in the notes and the primary financial statements and the presentation of interest and dividends in the statement of cash flows. The new standard is effective for annual years beginning on or after 1 January 2027 and will apply to the Fund for the financial year ending 30 June 2028.

This new standard is not expected to have an impact on the recognition and measurement of assets, liabilities, income and expenses, however there will likely be changes in how the statement of comprehensive income and statement of financial position line items are presented as well as some additional disclosures in the notes to the financial statements. Management is in the process of assessing the impact of the new standard.

Certain amendments to accounting standards have been published that are not mandatory for the 30 June 2025 reporting period and have not been early adopted by the Fund. These amendments are not expected to have a material impact on the Fund in the current or future reporting years and on foreseeable future transactions.

b. Financial instruments

i. *Classification*

- Financial assets

The Fund classifies its financial assets in the following measurement categories:

- those to be measured at fair value through profit or loss; and
- those to be measured at amortised cost

The Fund classifies its assets based on its business model for managing those financial assets and the contractual cash flow characteristics of the financial assets.

The Fund's portfolio of financial assets is managed and its performance is evaluated on a fair value basis in accordance with the Fund's documented investment strategy. The Fund's policy is for the Investment Manager to evaluate the information about these financial assets on a fair value basis together with other related financial information.

Equity securities are measured at fair value through profit or loss.

For cash and cash equivalents and receivables, these assets are held in order to collect the contractual cash flows. The contractual terms of these assets give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding. Consequently, these are measured at amortised cost.

- Financial liabilities

For financial liabilities that are not classified and measured at fair value through profit or loss, these are classified as financial liabilities at amortised cost (distribution payable and due to brokers).

ii. *Recognition and derecognition*

The Fund recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises changes in fair value of the financial assets or financial liabilities from this date.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or the Fund has transferred substantially all the risks and rewards of ownership. Financial liabilities are derecognised when the obligation under the liability is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of comprehensive income.

iii. *Measurement*

- Financial instruments at fair value through profit or loss

At initial recognition, the Fund measures a financial asset and a financial liability at its fair value. Transaction costs of financial assets and liabilities carried at fair value through profit or loss are expensed in the statement of comprehensive income.

Subsequent to initial recognition, all financial assets at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in fair value of 'financial assets at fair value through profit or loss' category are presented in the statement of comprehensive income within 'net gains/(losses) on financial instruments at fair value through profit or loss' in the period in which they arise.

2. Summary of material accounting policy information (continued)

b. Financial instruments (continued)

iii. Measurement (continued)

For further details on how they fair value of financial instruments is determined, please see Note 5 to the financial statements.

- Financial instruments at amortised cost

For financial assets and financial liabilities at amortised cost, they are initially measured at fair value including directly attributable costs and are subsequently measured using the effective interest rate method less any allowance for expected credit losses (ECL).

Cash and cash equivalents and receivables, are carried at amortised cost.

iv. Impairment

At each reporting date, the Fund shall estimate a loss allowance on each of the financial assets carried at amortised cost (cash and cash equivalents and receivables) at an amount equal to the lifetime ECL if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Fund shall measure the loss allowance at an amount equal to 12-month ECL. Significant financial difficulties of the counterparty, probability that the counterparty will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that the asset is credit impaired. If the credit risk increases to the point that it is considered to be credit impaired, interest income will be calculated based on the net carrying amount adjusted for the loss allowance. A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due. Any contractual payment which is more than 90 days past due is considered credit impaired.

The ECL approach is based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Fund expects to receive. The shortfall is then discounted at an approximation to the asset's original effective interest rate.

The amount of the impairment loss is recognised in the statement of comprehensive income within other expenses. When a trade receivable for which an impairment allowance had been recognised becomes uncollectible in a subsequent period, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against other expenses in the statement of comprehensive income.

v. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when the Fund has a legally enforceable right to offset the recognised amounts, and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

As at the end of the reporting period, there are no financial assets or liabilities offset or with the right to offset in the statement of financial position.

c. Net assets attributable to unit holders

Units are redeemable at the unit holders' option; however, applications and redemptions may be suspended by the Responsible Entity if it is in the best interests of the unit holders.

The Fund's units are classified as equity when they satisfy the following criteria under AASB 132 *Financial Instruments: Presentation*:

- the puttable financial instrument entitles the holder to a pro-rata share of net assets in the event of the Fund's liquidation;
- the puttable financial instrument is in the class of instruments that is subordinate to all other classes of instruments and class features are identical;
- the puttable financial instrument does not include any contractual obligations to deliver cash or another financial asset, or to exchange financial instruments with another entity under potentially unfavourable conditions to the Fund, and is not a contract settled in the Fund's own equity instruments; and the total expected cash flows attributable to the puttable financial instrument over the life are based substantially on the profit or loss.

As this is a multi-class Fund, units are classified as financial liabilities as they do not meet the requirements of equity in accordance with AASB 132 *Financial Instruments: Presentation*.

The units can be put back to the Fund at any time for cash based on the redemption price, which is equal to a proportionate share of the Fund's net asset value attributable to the unit holders.

The units are carried at the redemption amount that is payable at the reporting date if the holder exercises the right to put the units back to the Fund.

2. Summary of material accounting policy information (continued)

d. Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions and other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Cash at broker is included as a component of cash and cash equivalents. This balance is integral to the Company's cash management, to meet its short-term cash commitments, is readily accessible and is subject to an insignificant risk of changes in value.

Payments and receipts relating to the purchase and sale of investment securities are classified as cash flows from operating activities, as trading of these securities represents the Fund's main income generating activity.

e. Income

i. Interest income

Interest income from financial assets at amortised cost is recognised using the effective interest method and includes interest from cash and cash equivalents.

The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating the interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts throughout the expected life of the financial instrument, or a shorter period where appropriate, to the net carrying amount of the financial asset. When calculating the effective interest rate, the Fund estimates cash flows considering all contractual terms of the financial instruments (for example, prepayment options) but does not consider future credit losses. The calculation includes rate, including transaction costs and all other premiums or discounts.

Changes in fair value of financial instruments held at fair value through profit or loss are recorded in accordance with the policies described in Note 2(b) to the financial statements.

ii. Dividends

Dividend income is recognised on the ex-dividend date with any related foreign withholding tax recorded as an expense. The Fund currently incurs withholding tax imposed by certain countries on investment income. Such income is recorded gross of withholding tax in the statement of comprehensive income.

Trust distributions are recognised on an entitlement basis.

f. Expenses

All expenses are recognised in the statement of comprehensive income on an accruals basis.

The management fees and costs covers certain ordinary expenses such as Responsible Entity fees, investment management fees, custodian fees, and administration and audit fees and other operating expense.

g. Income tax

Under current legislation, the Fund is not subject to income tax provided it attributes the entirety of its taxable income to its unit holders.

The Fund currently incurs withholding taxes imposed by certain countries on investment income and capital gains. Such income or gains are recorded gross of withholding taxes in the statement of comprehensive income. Withholding taxes are included in the statement of comprehensive income as an expense.

The Fund is subject to US income tax due to its investment in a Publicly Traded Partnership (PTP). The Fund has made a provision for estimated US income tax and recognises this under Payables in the statement of financial position and Foreign tax expense in the statement of comprehensive income.

The amount of tax withholding and any US tax paid, where applicable, will be disclosed as Foreign Income Tax Offset (FITO) in the unit holders' annual (AMMA) tax statement.

h. Distributions

The Fund shall distribute its distributable income, in accordance with the Fund's Constitution, to unit holders by cash or reinvestment. For the period 2 May 2024 to 30 June 2025, the distributions are recognised in the statement of comprehensive income as finance costs attributable to unit holders.

i. Increase/decrease in net assets attributable to unit holders

Income not distributed is included in net assets attributable to unit holders. As the Fund's units are classified as financial liabilities, movements in net assets attributable to unit holders are recognised in the statement of comprehensive income as finance costs.

2. Summary of material accounting policy information (continued)

j. Foreign currency translation

i Functional and presentation currency

Balances included in the Fund's financial statements are measured using the currency of the primary economic environment in which it operates (the "functional currency"). This is the Australian dollar, which reflects the currency of the economy in which the Fund competes for funds and is regulated. The Australian dollar is also the Fund's presentation currency.

ii Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translations at period end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when fair value was determined.

The Fund does not isolate that portion of unrealised gains or losses on financial instruments at fair value through profit or loss which is due to changes in foreign exchange rates. Such fluctuations are included in the net gains/(losses) on financial instruments at fair value through profit or loss.

k. Due from/to brokers

Amount due from/to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet delivered by period end. The due from brokers balance is held for collection and is recognised initially at fair value and subsequently measured at amortised cost.

l. Receivables

Receivables may include amounts for interest, dividends and trust distributions. Dividends and trust distributions are accrued when the right to receive payment is established. Where applicable, interest is accrued on a daily basis. Amounts are generally received within 30 days of being recorded as receivables.

m. Payables

Payables include liabilities, accrued expenses owed by the Fund and any distributions declared which are unpaid as at the end of the reporting period.

A separate distributions payable is recognised in the statement of financial position.

Distributions declared effective 30 June in relation to unit holders who have previously elected to reinvest distributions are recognised as reinvested effective 1 July of the following financial period.

n. Applications and redemptions

Applications received for units in the Fund are recorded net of any entry fees payable prior to the issue of units in the Fund. Redemptions from the Fund are recorded gross of any exit fees payable after the cancellation of units redeemed.

o. Goods and services tax (GST)

The GST incurred on the costs of various services provided to the Fund by third parties such as management, administration and custodian services where applicable have been passed on to the Fund. The Fund qualifies for Reduced Input Tax Credits (RITC) at a rate of at least 55%. Hence, fees for these services and any other expenses have been recognised in the statement of comprehensive income net of the amount of GST recoverable from the Australian Taxation Office (ATO). Amounts payable are inclusive of GST. The net amount of GST recoverable from the ATO is included in receivables in the statement of financial position. Cash flows related to GST are included in the statement of cash flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority is classified as an operating cash flow.

p. Use of estimates and judgements

The Fund makes estimates, assumptions and judgements that affect the reported amounts of assets and liabilities within the current and next financial year. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods effected.

For the majority of the Fund's financial instruments, quoted market prices are readily available. However, certain financial instruments, for example over-the-counter derivatives or unquoted securities, are fair valued using valuation techniques. Where valuation techniques (for example, pricing models) are used to determine fair values, they are validated and periodically reviewed by experienced personnel of the Investment Manager.

2. Summary of material accounting policy information (continued)

p. Use of estimates and judgements (continued)

The Fund estimates that the resultant ECL derived from using impairment model, which has not materially impacted the Fund. Please see Note 3 for more information on credit risk.

Models use observable data, to the extent practicable. However, areas such as credit risk (both own and counterparty), volatilities and correlations, require management to make estimates and judgements. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

For more information on how fair value is calculated please refer to Note 5 to the financial statements.

q. Rounding of amounts

The Fund is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* relating to the "rounding off" of amounts in the financial statements. Amounts in the financial statements have been rounded to the nearest thousand dollars unless otherwise indicated.

r. Comparative period

The Fund was constituted on 19 April 2024, registered with the Australian Securities and Investments Commission on 2 May 2024 and commenced operations on 19 July 2024. The reporting period covers the period 2 May 2024, being the registration date, to 30 June 2025. Hence there is no comparative information.

3. Financial risk management

The Fund's activities expose it to a variety of financial risks including market risk (which incorporates price risk, foreign exchange risk and cash flow and fair value interest rate risk), credit risk and liquidity risk.

The Fund's overall risk management programme focuses on ensuring compliance with the Fund's Product Disclosure Statement and the investment guidelines of the Fund. It seeks to maximise the returns derived for the level of risk to which the Fund is exposed and seeks to minimise potential adverse effects on the Fund's financial performance. The Fund's policy allows it to use derivative financial instruments in managing its financial risks.

All investments present a risk of loss of capital. The maximum loss of capital on long equity securities is limited to the fair value of those positions. The maximum loss of capital on long forward currency contracts is limited to the notional contract values of those positions.

The investments of the Fund, and associated risks, are managed by a specialist Investment Manager, L1 Capital International Pty Limited under an Investment Management Agreement (IMA) approved by the Responsible Entity, and containing the investment strategy and guidelines of the Fund, consistent with those stated in the Product Disclosure Statement.

The Fund uses different methods to measure different types of risk to which it is exposed. These methods are explained below.

a. Market risk

i. Price risk

The Fund is exposed to price risk on equity securities listed or quoted on recognised securities exchange. Price risk arises from investments held by the Fund for which prices in the future are uncertain. Where non-monetary financial instruments are denominated in currencies other than the Australian dollar, the price in the future will also fluctuate because of changes in foreign exchange rates which are considered a component of price risk.

The Fund uses a defined process to research and analyse stocks to invest in. A further defined process is then used to determine the structure of the portfolio to meet the investments return and level of risk of the portfolio. Diversification across a range of securities and sectors helps to mitigate this risk.

The table at Note 3(b) summarises the sensitivities of the Fund's assets and liabilities to price risk. The analysis is based on the reasonably possible shift that the investment portfolio of the Fund moves by +/-10%.

ii. Foreign exchange risk

The Fund operates internationally and holds both monetary and non-monetary assets denominated in currencies other than the Australian dollar. Foreign exchange risk arises as the value of monetary securities denominated in other currencies fluctuate due to changes in exchange rates. The foreign exchange risk relating to non-monetary assets and liabilities is a component of price risk and not foreign exchange risk. However, the Investment Manager monitors the exposure of all foreign currency denominated assets and liabilities.

3. Financial risk management (continued)

a. Market risk (continued)

ii. Foreign exchange risk (continued)

Currency hedging is implemented through the use of forward foreign exchange contracts, however the hedge may not provide complete protection from adverse currency movements. The Investment Manager monitors this risk on an on-going basis.

The table below summarises the fair value of the Fund's financial assets and liabilities, monetary and non-monetary, which are denominated in a currency other than the Australian dollar.

	US Dollars A\$'000	Euro A\$'000	CAD A\$'000	TWD A\$'000
As at 30 June 2025				
Monetary				
Cash and cash equivalents	6	-	-	-
Receivables	3	-	2	-
Due to brokers - payable for securities purchased	-	(49)	(6)	-
Total Monetary	9	(49)	(4)	-
Non-monetary				
Financial assets at fair value through profit or loss	17,232	1,001	410	95
Total Non-monetary	17,232	1,001	410	95
Net exposure	17,241	952	406	95
Net increase/(decrease) in exposure from forward currency contracts*				
Buy foreign currency	205	-	6	-
Sell foreign currency	-	(4)	-	-
Net exposure including forward currency contracts	17,446	948	412	95

*The amount disclosed above reflects mark to market value. Refer to Note 7(a) for the notional values of forward currency contracts.

The table at Note 3(b) summarises the sensitivities of the Fund's monetary assets and liabilities to foreign exchange risk. The analysis is based on the reasonably possible shift that the Australian dollar weakened and strengthened by 10% against the material foreign currencies to which the Fund is exposed.

iii. Cash flow and fair value interest rate risk

The Fund is exposed to cash flow interest rate risk on financial instruments with variable interest rates. Financial instruments with fixed rates expose the Fund to fair value interest rate risk.

The Fund's interest bearing financial instruments expose it to risks associated with the effects of fluctuations in the prevailing market interest rates on its financial position and cash flows. The risk is measured using sensitivity analysis. The impact of the interest rate risk on profit and net assets attributable to unit holders is considered material to the Fund.

The Fund's main interest rate risk arises from its investments in cash holdings. Interest income from cash holdings is earned at variable interest rates.

It is not possible for the Fund to manage interest rate risks (by fixing rates) as the Fund may need to draw on the cash at any point in time.

The table below summarises the Fund's exposure to interest rate risks at the end of the reporting period.

	Floating interest rate \$'000	Non-interest bearing \$'000	Total \$'000
As at 30 June 2025			
Financial assets			
Cash and cash equivalents	546	-	546
Receivables	-	248	248
Financial assets at fair value through profit or loss	-	18,949	18,949
Total financial assets	546	19,197	19,743
Financial liabilities			
Distributions payable	-	280	280
Payables	-	6	6
Due to brokers - payable for securities purchased	-	55	55
Financial liabilities at fair value through profit or loss	-	4	4
Total financial liabilities	-	345	345
Net exposure	546	18,852	19,398

3. Financial risk management (continued)

a. Market risk (continued)

iii. Cash flow and fair value interest rate risk (continued)

The table at Note 3(b) summarises the impact of an increase/decrease in interest rates on the Fund's operating profit and net assets attributable to unit holders through changes in fair value or changes in future cash flows. The analysis is based on the reasonably possible shift that the interest rates changed by +/- 100 basis points from the year end rates with all other variables held constant.

b. Summarised sensitivity analysis

The following table summarises the sensitivity of the Fund's net assets attributable to unit holders to market risks. The reasonably possible movements in the risk variables have been determined based on management's best estimate, having regard to a number of factors, including historical levels of changes in the historical correlation of the Fund's investments with the relevant benchmark and market volatility. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market movements resulting from changes in the performance of and/or correlation between the performances of the economies, markets and securities in which the Fund invests. As a result, historic variations in risk variables should not be used to predict future variances in the risk variables.

	Impact on net assets attributable to unit holders					
	Price risk		Interest rate risk		Foreign exchange risk	
	+10%	-10%	+100bps	-100bps	+10%	-10%
	US Dollars	US Dollars	US Dollars	US Dollars	US Dollars	US Dollars
	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000
As at 30 June 2025	1,895	(1,895)	5	(5)	1	(1)
					+10%	-10%
					Euro	Euro
					\$'000	\$'000
As at 30 June 2025					(5)	5

c. Credit risk

The Fund is exposed to credit risk, which is the risk that a counterparty will be unable to pay its obligations in full when they fall due, causing a financial loss to the Fund.

The Fund is exposed to counterparty credit risk on derivative financial instruments, cash and cash equivalents and other receivables.

The Fund determines credit risk and measures ECL for financial assets measured at amortised cost using probability of default, exposure at default and loss given default. Responsible Entity consider both historical analysis and forward looking information in determining any ECL. At 30 June 2025, all receivables and cash are held with counterparties with a credit rating of AA- or higher and are either callable on demand or due to be settled within 1 week. Responsible Entity considers the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12-month ECL as any such impairment would be wholly insignificant to the Fund.

The Fund manages credit risk by only entering into agreements with credit worthy parties.

At 30 June 2025, the credit ratings of the Fund's bank and sub-custodians as per Standard and Poor's were as follows:

	2025
National Australia Bank	AA-
State Street Bank and Trust Company	AA-
JPMorgan Chase Bank, N.A.	AA-

i. Derivative financial instruments

For derivative financial instruments, the Investment Manager has established limits such that transactions only take place with counterparties with a good reputation and a good credit rating as shown in the table within Note 3(c).

ii. Settlement of securities transactions

All transactions in listed securities are settled/paid for upon delivery using approved brokers. The risk of default is considered low, as delivery of securities sold is only made once the broker has received payment. Payment is made once the securities have been received by the broker. The trade will fail if either party fails to meet its obligations.

3. Financial risk management (continued)

c. Credit risk (continued)

iii. Other

The Fund is not materially exposed to credit risk on other financial assets.

iv. Maximum exposure to credit risk

The maximum exposure to credit risk before any credit enhancements at the end of each reporting period is the carrying amount of the financial assets. None of these assets are impaired nor past due but not impaired.

d. Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

Exposure to liquidity risk for the Fund may arise from the requirement to meet daily unit holders' redemption requests.

The Fund manages liquidity risk by investing the majority of its assets in investments that can be readily disposed of.

In order to manage the Fund's overall liquidity, the Responsible Entity has the discretion to reject an application for units and to defer or adjust a redemption of units if the exercise of such discretion is in the best interests of unit holders. The Fund did not reject or withhold any redemption during 2025.

i. Maturities of non-derivative financial liabilities

All non-derivative financial liabilities of the Fund in the current period have maturities of less than 1 month.

ii. Maturities of net settled derivative financial instruments

All net settled derivative financial instruments of the Fund have maturities of less than 1 month. The Fund may, at its discretion, settle financial instruments prior to their original contractual settlement date, in accordance with its investment strategy, where permitted by the terms and conditions of the relevant instruments.

4. Fair value measurement

The Fund measures and recognises financial assets and liabilities held at fair value through profit or loss on a recurring basis.

- Financial assets at fair value through profit or loss (see Note 5)
- Derivative financial instruments (see Note 7)

The Fund has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 *Fair Value Measurement* requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

The Fund values its investments in accordance with the accounting policies set out in Note 2 to the financial statements. For the majority of its investments, the Fund relies on information provided by independent pricing services for the valuation of its investments.

a. Quoted prices in active markets (Level 1)

The fair value of financial instruments traded in active markets (such as listed equity securities) is based on their quoted market prices at the closing of trading at the end of the reporting period without any deduction for estimated future selling costs.

The quoted market price used for financial assets held by the Fund is the close price; the quoted market price for financial liabilities is the current asking price.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

4. Fair value measurement (continued)

b. Significant observable inputs (Level 2)

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques that maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all material inputs required to fair value an instrument are observable, the instrument is included in level 2.

Some of the inputs to these models may not be market observable and are therefore estimated based on assumptions. The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Fund holds.

Specific valuation techniques using observable inputs used to value financial instruments include:

- Foreign currency forwards are valued at the present value of future cash flows based on the forward exchange rates at the balance sheet date.

c. Recognised fair value measurements

The table below presents the Fund's financial assets and financial liabilities measured and recognised at fair value as at 30 June 2025.

	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
As at 30 June 2025				
Financial assets				
International listed equity securities	18,738	-	-	18,738
Forward currency contracts	-	211	-	211
Total financial assets	18,738	211	-	18,949
Financial liabilities				
Forward currency contracts	-	4	-	4
Total financial liabilities	-	4	-	4

d. Transfer between levels

Management's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between levels in the fair value hierarchy at the end of the reporting period.

e. Financial instruments not carried at fair value

The financial instruments not measured at fair value through profit and loss include:

- i. Cash and cash equivalents and balances due to brokers. These are short-term financial assets and financial liabilities whose carrying amounts approximate fair value, because of their short-term nature and the high credit quality of counterparties; and
- ii. Net assets attributable to unit holders. The Fund routinely redeems and issues the units at the amount equal to the proportionate share of net assets of the Fund at the time of redemption, calculated on a basis consistent with that used in these financial statements. Accordingly, the carrying amount of net assets attributable to unit holders approximates their fair value. Any difference is not material in the current period.

5. Financial assets at fair value through profit or loss

	As at 30 June 2025 \$'000
International listed equity securities	18,738
Forward currency contracts	211
Total financial assets at fair value through profit or loss	18,949

An overview of the risk exposures and fair value measurements relating to financial assets at fair value through profit or loss is included in Note 3 and Note 4 to the financial statements.

6. Financial liabilities at fair value through profit or loss

	As at 30 June 2025 \$'000
Forward currency contracts	4
Total financial liabilities at fair value through profit or loss	4

An overview of the risk exposures and fair value measurements relating to financial liabilities at fair value through profit or loss is included in Note 3 and Note 4 to the financial statements.

7. Derivative financial instruments

In the normal course of business the Fund may trade interest rate futures which have certain risks. A derivative is a financial instrument or other contract which is settled at a future date and whose value changes in response to the change in a specified interest rate, financial instrument price, commodity price, foreign exchange rate, index of prices or rates, credit rating or credit index or other variable.

Derivative financial instruments require no initial net investment or an initial net investment that is smaller than would be required for other types of contracts that would be expected to have a similar response to changes in market factors.

Derivative transactions include many different instruments such as forwards, futures and options. Derivatives are considered to be part of the investment process and the use of derivatives is an essential part of the Fund's portfolio management. Derivatives are not managed in isolation. Consequently, the use of derivatives is multifaceted and includes:

- hedging to protect an asset or liability of the Fund against a fluctuation in market values, foreign exchange risk or to reduce volatility;
- a substitution for trading of physical securities; and
- adjusting asset exposures within the parameters set in the investment strategy and adjusting the duration of fixed interest portfolios or the weighted average maturity of cash portfolios.

While derivatives are used for trading purposes, they are not used to gear (leverage) a portfolio. Gearing a portfolio would occur if the level of exposure to the markets exceeds the underlying value of the Fund.

The Fund holds the following derivatives:

a. Forward currency contracts

Forward currency contracts are primarily used by the Funds to economically hedge against foreign currency exchange rate risks on its non-Australian dollar denominated trading securities. The Funds agree to receive or deliver a fixed quantity of foreign currency for an agreed upon price on an agreed future date. Forward currency contracts are valued at the present value of future cash flows based on the forward exchange rates at the balance sheet date. The Funds recognise a gain or loss equal to the change in fair value at the end of each reporting period.

The Fund's derivative financial instruments measured at fair value at period end are detailed below:

	Contractual/ notional	Assets \$'000	Liabilities \$'000
As at 30 June 2025			
Forward currency contracts	18,733	211	4
Total derivatives	18,733	211	4

Information about the Fund's exposure to credit risk, foreign exchange risk, interest rate risk and about the methods and assumptions used in determining fair values is provided in Note 3 and Note 5 to the financial statements. The maximum exposure to credit risk at the end of the reporting period is the carrying amount of each class of derivative financial instruments disclosed above.

8. Net assets attributable to unit holders - liability

The Fund's units are classified as a liability as they do not meet the definition of a financial instrument to be classified as equity.

Movements in the number of units and net assets attributable to unit holders during the period were as follows:

	For the period 2 May 2024 to 30 June 2025	
	Units '000	\$'000
L1 Capital International Fund (Hedged) Active ETF		
Opening balance	-	-
Applications	7,303	12,754
Redemptions	(4,963)	(354)
Increase/(decrease) in net assets attributable to unit holders	-	780
Closing balance	2,340	13,180
L1 Capital International Fund (Hedged) - Z Class		
Opening balance	-	-
Applications	1,187	5,991
Redemptions	(13)	(67)
Increase/(decrease) in net assets attributable to unit holders	-	294
Closing balance	1,174	6,218
Total net assets attributable to unit holders	3,514	19,398

As stipulated within the Fund's Constitution, each unit represents a right to an individual unit in the Fund and does not extend to a right to the underlying assets of the Fund.

There are two separate classes of units and each unit has the same rights attaching to it as all other units of the Fund. Except for different management fee rates and performance fee rates, the two different classes have the same preferences and restrictions. Unit holders participate in distributions and the proceeds of winding up of the Fund in proportion to the number of units held.

Units are redeemed on demand at the unit holders' option. However, holders of these instruments typically retain them for the medium to long term. As such, the amount expected to be settled within twelve months after the end of the reporting period cannot be reliably determined.

Capital risk management

The Fund considers its net assets attributable to unit holders as capital, notwithstanding net assets attributable to unit holders are classified as a liability. The amount of net assets attributable to unit holders can change significantly on a daily basis as the Fund is subject to at least daily applications and redemptions at the discretion of unit holders.

Daily applications and redemptions are reviewed relative to the liquidity of the Fund's underlying assets on a weekly basis by the Responsible Entity. Under the terms of the Fund's Constitution, the Responsible Entity has the discretion to reject an application for units and to defer or adjust a redemption of units if the exercise of such discretion is in the best interests of unit holders.

9. Distributions to unit holders

The distributions declared during the year were as follows:

	For the period 2 May 2024 to 30 June 2025	
	\$'000	CPU
L1HI		
June (payable)	190	8.0999
Total distributions	190	8.0999
Z Class		
June (payable)	90	7.6698
Total distributions	90	7.6698
Total distributions	280	

10. Cash and cash equivalents

	As at 30 June 2025 \$'000
Cash at broker	546
Total cash and cash equivalents	546

11. Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities

	For the period 2 May 2024 to 30 June 2025 \$'000
a. Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities	
Profit/(loss) for the period	-
Increase/(decrease) in net assets attributable to unit holders	1,074
Distributions to unit holders	280
Proceeds from sale/maturity of financial instruments at fair value through profit or loss	2,649
Payments for purchase of financial instruments at fair value through profit or loss	(20,173)
Net gains/(losses) on financial instruments at fair value through profit or loss	(1,366)
Net change in receivables	(44)
Net change in payables	6
Net cash inflow/(outflow) from operating activities	(17,574)

As described in Note 2(i), income not distributed is included in net assets attributable to unit holders. The change in this amount for the period (as reported in (a) above) represents a non-cash financing cost as it is not settled in cash until such time as it becomes distributable.

12. Receivables

	As at 30 June 2025 \$'000
GST receivable	2
Management fees and costs reimbursement receivable	37
Application receivable	204
Dividends receivable	5
Total receivables	248

13. Payables

	As at 30 June 2025 \$'000
Management fees and costs payable	6
Total payable	6

14. Remuneration of auditors

During the period the following fees were paid or payable for services provided by the auditors of the Fund:

	For the period 2 May 2024 to 30 June 2025 \$
Ernst & Young	
<i>Audit and other assurance services</i>	
Audit and review of financial statements	31,621
Total remuneration for audit and other assurance services	31,621
<i>Taxation services</i>	
Tax compliance services	19,195
Total remuneration for taxation services	19,195
Total remuneration of Ernst & Young	50,816
PricewaterhouseCoopers	
<i>Audit and other assurance services</i>	
Audit of compliance plan	2,448
Total remuneration for audit and other assurance services	2,448
Total remuneration of PricewaterhouseCoopers	2,448

The auditors' remuneration is borne by the Fund. Fees are stated exclusive of GST.

15. Related party transactions

The Responsible Entity of L1 Capital International Fund (Hedged) is Equity Trustees Limited (ABN 46 004 031 298) (AFSL 240975). Accordingly, transactions with entities related to Equity Trustees Limited are disclosed below.

The only related parties to the Fund, as defined by AASB 124 *Related Party Disclosures*, are the Responsible Entity, schemes managed by the Responsible Entity and key management personnel of the Responsible Entity.

a. Key management personnel

i. Directors

Key management personnel include persons who were directors of Equity Trustees Limited at any time during or since the end of the financial period and up to the date of this report.

Philip D Gentry	Chairman (resigned 6 June 2024)
Michael J O'Brien	Chairman (appointed 6 June 2024)
Russell W Beasley	(resigned 9 October 2024, reappointed 1 July 2025)
Mary A O'Connor	(resigned 1 July 2025)
David B Warren	
Andrew P Godfrey	
Johanna E Platt	(appointed 9 October 2024)

ii. Responsible Entity

Other than fees paid to the Responsible Entity, there were no other transactions.

iii. Other key management personnel

There were no other key management personnel with responsibility for planning, directing and controlling activities of the Fund, directly or indirectly during the financial period.

b. Transactions with key management personnel

There were no transactions with key management personnel during the reporting period.

c. Key management personnel unit holding

Key management personnel did not hold units in the Fund as at 30 June 2025.

15. Related party transactions (continued)

d. Key management personnel compensation

Key management personnel are paid by EQT Services Pty Ltd. Payments made from the Fund to Equity Trustees Limited do not include any amounts directly attributable to the compensation of key management personnel.

e. Key management personnel loans

The Fund has not made, guaranteed or secured, directly or indirectly, any loans to the key management personnel or their personally related entities at any time during the reporting period.

f. Other transactions within the Fund

Apart from those details disclosed in this note, no key management personnel have entered into a significant contract with the Fund during the financial period and there were no significant contracts involving management personnel's interests existing at period end.

g. Responsible Entity fees and other transactions

The transactions during the year and amounts payable as at year end between the Fund, the Responsible Entity and its service providers as per Note 1 were as follows:

	For the period 2 May 2024 to 30 June 2025 \$
Management fees and costs for the period	245,105
Management fees and costs reimbursement for the period	177,759
Management fees and costs payable at period end	5,833
Management fees and costs reimbursement receivable at period end	37,427

Equity Trustees Limited earned \$110,251 for Responsible Entity fees provided to the Fund paid from management fees and costs.

Under the terms of the Fund's Constitution and Product Disclosure Statement, management fees and costs include responsible entity fees paid to the Responsible Entity, management fees paid to the Investment Manager and other costs (such as custody fees, administration fees and audit fees) paid to other unrelated parties. Please refer to the Fund's Product Disclosure Statement for information on how management fees and costs are calculated.

Management fees and cost reimbursed represent monies put into the Fund to ensure that the Fund's overall management fees and costs remain within those disclosed in the Product Disclosure Statement.

h. Related party unit holdings

Parties related to the Fund (including Equity Trustees Limited, its related parties and other schemes managed by Equity Trustees Limited) held no units in the Fund as at 30 June 2025.

i. Investments

The Fund did not hold any investments in Equity Trustees Limited or its related parties during the period.

16. Events occurring after the reporting period

No significant events have occurred since the end of the period which would impact on the financial position of the Fund as disclosed in the statement of financial position as at 30 June 2025 or on the results and cash flows of the Fund for the period ended on that date.

17. Contingent assets and liabilities and commitments

There were no outstanding contingent assets, liabilities or commitments as at 30 June 2025.

Directors' declaration

In the opinion of the directors of the Responsible Entity:

- a. The financial statements and notes set out on pages 6 to 25 are in accordance with the *Corporations Act 2001*, including:
 - i. complying with Australian Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
 - ii. giving a true and fair view of the Fund's financial position as at 30 June 2025 and of its performance for the financial period ended on that date.
- b. There are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable; and
- c. Note 2(a) confirms that the financial statements also comply with the International Financial Reporting Standards as issued by the International Accounting Standards Board.

This declaration is made in accordance with a resolution of the directors of Equity Trustees Limited through a delegated authority given by Equity Trustees Limited's Board.

Andrew P Godfrey
Director

Melbourne
18 September 2025

Independent Auditor's Report to the unitholders of L1 Capital International Fund (Hedged)

Opinion

We have audited the financial report of L1 Capital International Fund (Hedged) (the "Fund"), which comprises the statement of financial position as of 30 June 2025, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the period 2 May 2024 to 30 June 2025, notes to the financial statements, including material accounting policy information, and the directors' declaration.

In our opinion, the accompanying financial report of the Fund is in accordance with the *Corporations Act 2001*, including:

- a. Giving a true and fair view of the Fund's financial position as of 30 June 2025 and of its financial performance for the period 2 May 2024 to 30 June 2025; and
- b. Complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial report* section of our report. We are independent of the Fund in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial report of the current year. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, but we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the financial report* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial report. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial report.

1. Investment existence and valuation

Why significant	How our audit addressed the key audit matter
<p>The Fund has an investment portfolio consisting primarily of listed equity securities and forward currency contracts. As at 30 June 2025, the financial assets and financial liabilities made up approximately 95.98% and 1.16% of the total assets and total liabilities, respectively, of the Fund.</p> <p>As disclosed in the Fund's accounting policy in Note 2(b) of the financial report, these financial assets and financial liabilities are measured at fair value through profit or loss in accordance with the requirements of Australian Accounting Standards.</p> <p>Pricing, exchange rates and other market drivers can have a significant impact on the value of these financial assets and financial liabilities.</p> <p>Accordingly, existence and valuation of the investment portfolio was considered a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Obtained and reviewed the assurance report on the controls of the Fund's administrator for the period 1 July 2024 to 30 June 2025, and assessed the external auditor's competence, objectivity, and findings. • Agreed all investment holdings, including cash accounts, to third party confirmations at 30 June 2025. • Assessed the fair value of all investments in the portfolio held at 30 June 2025. For listed securities and forward currency contracts, the values were verified against independent pricing vendors. • Assessed the adequacy and appropriateness of the disclosures included in Notes 2(b), 4, 5 and 6 of the financial report.

Information other than the Financial Report and Auditor's Report Thereon

The directors of Equity Trustees Limited (the Responsible Entity) are responsible for the other information. The other information comprises the information included in the Fund's 2025 annual report, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors of the Responsible Entity for the Financial Report

The directors of the Responsible Entity are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors of the Responsible Entity determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors of the Responsible Entity are responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the directors of the Responsible Entity either intend to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors of the Responsible Entity.
- ▶ Conclude on the appropriateness of the directors of the Responsible Entity's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors of the Responsible Entity regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors of the Responsible Entity with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

**Shape the future
with confidence**

From the matters communicated to the directors of the Responsible Entity, we determine those matters that were of most significance in the audit of the financial report of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
