Getting started:

1. Login to MyHealth online portal to register. Go to <https://my.allianzcare.com/myhealth>, click on "REGISTER HERE" near the bottom of the page and follow the on-screen instructions. Be ready to provide your policy number, which you can find in your Insurance Certificate.
2. As an alternative, you can register via our MyHealth App. To download it, search for "Allianz MyHealth" on the Apple App Store or Android's Google Play service.

3. Once setup, you can use the email (username) and password you provided during registration to login to MyHealth online portal or app. The same login details are used for both and in the future, if you change login details for one, it will automatically apply to the other. You don't need to change them in both places. We also offer a biometric login option for the app, for example Touch ID or Face ID, where supported by your device.

The best insurance of all. Excellent service, it was very easy and quick to submit medical claims and get reimbursed when I used MyHealth. You don't have to worry when you have Allianz.
