

LONG HAULS? SHORT HAULS? VARYING CONDITIONS?

Let FS Lubricants field-proven products enhance your on-highway fleet.

Lubricants

After **500,000** miles with 75,000 mile oil drains, these parts show **no sign of slowing down**. All main bearings show signs of normal wear and pistons show outstanding cleanliness.

FIELD-PROVEN PRODUCTS FOR YOUR FLEET

DIESEL ENGINE OIL

FS Suprex Gold ESP SAE 15W-40 & 10W-30

- FS Lubricants industry-leading shear stability maintains viscosity in support of extended drain intervals
- Exceeds API CK-4
- Meets Cummins CES 20086 and CES 20081

**SAE 10W-30 is semi-synthetic*

TRANSMISSION FLUIDS

FS Synthetic 40 & 50 Transmission Fluid

- Full synthetic oils recommended for use in severe service, heavy-duty manual transmissions

FS Synthetic HD Next-Gen ATF

- Meets the Allison TES 668 standards and carries Allison's transmission engineering specification of badge approval 668-10462024.

GEAR OIL

FS HD Gear Synthetic SAE 75W-90

- Full synthetic heavy-duty gear lubricant for use in moderate to severe service applications
- Outperforms conventional gear oils in GL-5 applications

GREASE

FS Spectra Lube Green Semi-Synthetic Grease

- Multi-purpose, semi-synthetic, calcium sulfonate complex grease
- Provides high load-carrying ability and excellent protection against corrosion, wear, and shock-loading

COOLANT/ANTIFREEZE

FS Extended Life OAT Coolant/Antifreeze

- Reduced cost of ownership, especially in high-mileage vehicles and equipment that is kept longer, with little to no maintenance
- Eliminate the need for liquid Supplemental Coolant Additives (SCAs) and SCA filters
- Ability to use in both old and new engines including light, medium and heavy-duty engines helps you consolidate coolant inventory for mixed fleets
