Any contract for the sale of the vehicle(s) is with Motability directly on their terms and is not with MBUK. Please refer to full Terms and Conditions [here](#). You are eligible to apply for the Motability Scheme if you receive any of the following: higher rate mobility component of the Disability Living Allowance; enhanced rate mobility component of the Personal Independence Payment; War Pensioners' Mobility Supplement; or Armed Forces Independence Payment.

Standard metallic paint only, offer does not include solid or Manufaktur paint. Applicable to all models with the exception of EQA which is eligible for solid paint. Standard car only, factory fitted options cannot be added. Adaptions can only be fitted by a Motability approved installer as part of the Motability application, all Motability vehicles are excluded from MBUK campaign support and personalised offers. Selected stock only. Applicable for orders with a confirmed sellable commission number between 01/07/2025 - 30/09/2025.

^ When looking to achieve the industry comparable range figure shown, a charge of 100% is required, however when maximum range isn't required, charging to 80% is recommended to maximise the life of the battery. Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish range, power consumption and CO₂ figures can be found at <http://www.mercedes-benz.co.uk/WLTP>.

^^ Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10-80% charge using public rapid charging at 100 kW

^^^Motability offer a home chargepoint for eligible customers ordering an electric car, click [here](#) for more information
