SaveOnSP

SaveOnSP Program Overview

The SaveOnSP program is intended to reduce the rising trend of specialty pharmacy drugs. The program utilizes a unique benefit design and manufacturer copay assistance to achieve these goals. Drugs included in the SaveOnSP program are impacted as follows:

- If your drug is included in the SaveOnSP program, Health Alliance Plan's designated specialty pharmacy will call you at the time of your first prescription fill.
- You will continue to fill your specialty medications at the same designated specialty pharmacy whether you participate in the SaveOnSP program or decline participation.
- You will need to call SaveOnSP Member Services **(1-800-683-1074)** to enroll.
- When you enroll in the SaveOnSP program, your copays and cost share will be zero for the medications that are included in the program.
- You will continue to fill specialty medications at the same pharmacy (Pharmacy Advantage or designated specialty pharmacy for most specialty drugs) whether you participate in the SaveOnSP program or decline to participate.
- If you choose not to participate with SaveOnSP, the prescription drug coinsurance will be 30% of the cost of the drug. The coinsurance will not count toward the deductible or out-of-pocket maximums, in accordance with the Affordable Care Act (ACA).

Member Eligibility Criteria

- Participating large employer groups only.
- Medicare and Medicaid Members are ineligible to participate.

Health Alliance Plan of Michigan and its subsidiaries do not discriminate on the basis of race, color, national origin, disability, age, sex, gender identity, sexual orientation or health status in the administration of the plan, including enrollment and benefit determinations.
