

The Power of Epic, Optimized for Nephrology.

Acumen Epic Connect combines the power of Epic's world-class electronic health record with over 25 years of nephrology focus and customer service.

Why do more nephrologists use Acumen Epic Connect than any other system?

Extensive & effortless interoperability - CareEverywhere

Rounding tool connects provider with hospital, dialysis and office systems

MyChart patient portal & engagement

MCP and inpatient charges imported into Epic for accurate billing

Robust analytics and PopHealth

Highly automated billing system to increase clean claims

CKCC and VBC Quality Measure Workflows

Resources and networking through Customer Community

CKD and ESKD Care Coordination

Excellent customer service

Single system for all venues of care

Acumen Epic Connect – the only platform your practice will need – now or in the future.
