THE PANDEMIC DISRUPTION

Across **healthcare and life sciences**, organisations are reimagining their operations and restructuring their workplace by adapting processes to run more efficiently and build resilience.

ENABLE TRACEABLE, VERIFIABLE, AND COMPLETE RECORDS MANAGEMENT PROCESSES

HOW CLEAN START WORKS

Iron Mountain conducts an **assessment** to identify opportunities for improvement.

You'll receive a summary of **proposed improvements**.

Together we create a **best practice plan to clear up space and transform**.

You pick the improvements you need based on your budget and priorities, and we manage the process from there. It's that simple!
