

SECURING A SUSTAINABLE FUTURE

ENVIRONMENTAL, SOCIAL AND GOVERNANCE (ESG) PROGRAMMES AT IRON MOUNTAIN

At Iron Mountain, we are working to secure a more sustainable future, challenging ourselves and inspiring others to create innovative business solutions that make a positive environmental and social impact.

We strive to be our customers' most trusted partner for protecting and unlocking the value of what matters most to them in innovative and socially responsible ways.

We focus our efforts on what matters most - safeguarding customer trust, empowering our people, strengthening our communities, and protecting our planet - while ensuring we do business with integrity and in a way that creates value for our stakeholders.

- By 2022, Iron Mountain will develop or adopt a Brand Trust indicator metric and report our baseline.
- By 2023, we will complete a climate scenario analysis.

SAFEGUARDING CUSTOMER TRUST

Iron Mountain provides customers with innovative solutions that bring them closer to achieving their purpose and ESG aspirations.

We believe that innovation and integrity pave the path to long term, sustainable success. We build trusted relationships with stakeholders based on this philosophy. Our approach is underpinned by the conviction that ethics and good governance matter to our future success.

PROTECTING OUR PLANET

At Iron Mountain, we embrace our responsibility to contribute to the fight for a net zero future for our planet, seeking opportunities to improve environmental performance and unlock opportunities within our operations and beyond.

Iron Mountain has become a signatory to the Amazon Climate Pledge and is committing to:

- Achieve net zero emissions by 2040.**
- Go beyond our current Science-Based Target and by 2025 achieve a reduction of an additional **25%** of GHG emissions from Scope 1 & 2 energy sources from our 2019 baseline.
- We will maintain **100%** renewable electricity supply for our global data centre business and achieve **90%** renewable electricity corporate-wide by 2025, 15 years ahead of our RE100 commitment.
- By 2040, we will drive Circular Economy innovation by working toward **zero waste** in our operations and collaborating with others to create closed-loop products and services.

2020 PROGRESS

- We continued to have **100%** of purchased electricity for data centre operations come from renewable sources.
- 81%** of global electricity came from renewable sources.
- We achieved a **61%** reduction in absolute emissions from the 2016 baseline and an **18.5%** year-over-year reduction in absolute emissions.

EMPOWERING OUR PEOPLE

At Iron Mountain, we foster a culture of collaboration, courage, and customer focus in a workplace where employees' authentic selves are welcomed, accepted, and included. When we fuel innovation through diverse ideas, backgrounds, and perspectives, our people thrive, our customers benefit, and our business succeeds.

- We are working to expand our gender pay parity to achieve **+/- 5%** by 2025 in all regions that currently report.
- By 2025, women will represent **40%** of global leadership, and people who identify as Black, Indigenous, People of Colour (BIPOC) will represent **30%** of U.S. leadership roles.

2020 PROGRESS

- At the director level and above, we achieved **31%** representation of women in North America and **19%** representation of those who identify as BIPOC in the U.S.

STRENGTHENING OUR COMMUNITIES

Our impact extends beyond the walls of our facilities. We contribute positively to the communities in which we operate by leveraging the unique capabilities of our business. We go beyond philanthropy to conduct business in a way that leads to a prosperous future for communities.

- Through our Living Legacy Initiative, we will launch **50** new educational resources by 2025.
- In 2021, we plan to increase our diverse-supplier spend with minority-, women-, veteran-, disabled-, and LGBTQ-owned businesses by **5%**.
- We are working to adopt and implement a global human rights policy by 2023.

2020 PROGRESS

- We achieved a total diverse-supplier and small-business spend of more than **\$211 million** in 2020 (a **9%** increase over our 2019 spend).
