

INFORMATION HAS A LIFE OF ITS OWN

We're here to help at every stage

MANAGING YOUR INFORMATION IS A COMPLEX CHALLENGE...

Many organisations are weighed down by their physical and electronic 'paperwork'. Organising, securely storing and disposing of sensitive information – while making it available for instant access – is a complex task.

Getting it right involves significant resources and is increasingly difficult as legal requirements become more rigorous. Getting it wrong can have expensive consequences.

...THERE IS A SIMPLE SOLUTION

Iron Mountain can work with you to manage this challenge. We provide high-level security for your paper and digital information, and support your drive for sustainability and cost savings. A leading provider of outsourced information management, our services bridge the gap between physical and digital files. We offer practical advice to solve complex information management challenges for organisations like yours around the world.

INTEGRATED INFORMATION MANAGEMENT

Our end-to-end services take care of your information at every stage, applying an integrated approach to records in both physical and digital formats.

STORE AND PROTECT

We house your paper, tape and digital data in a highly secure physical or online environment.

SCANNING AND DIGITISING

We can scan and index your paper records, either in full or specifically your most active ones.

FLEXIBLE ACCESS

We provide you with fast and reliable access to your documents when you need them.

SECURE DESTRUCTION

We work with you to identify which records can be discarded and ensure secure and confidential shredding or deletion.

ANALYSE AND ADVISE

We offer practical advice on solving your information and legal compliance challenges.

REDUCE RISK > CUT COST > IMPROVE EFFICIENCY

SOLUTIONS TAILORED TO MATCH YOUR NEEDS

Our information management services are built around four key product areas. We will work with you to deliver a customised solution that fits seamlessly into your day-to-day operations and delivers exceptional value.
