

WOULD YOU BIN THIS
WITH YOUR BUSINESS
INFORMATION STILL ON IT?

IRON MOUNTAIN ARE LEADERS IN SECURE MEDIA DESTRUCTION.

Personal identity and information theft is on the rise across the corporate world.

What's more, the regulatory environment has become increasingly stringent in cases of non-compliance with executives and companies both held liable.

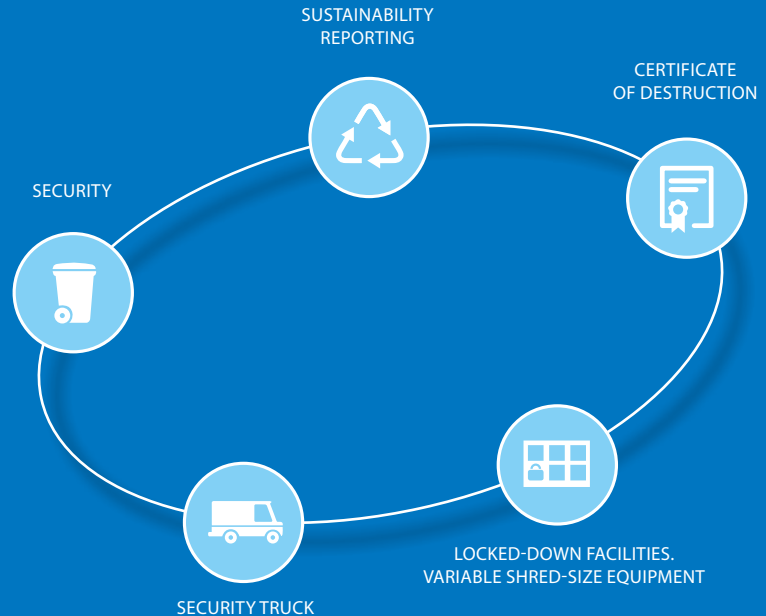

With this as background we would like to introduce you to the Iron Mountain world class Secure Shredding Services.

REDUCE RISK. ENSURE REGULATORY COMPLIANCE.

Iron Mountain covers all aspects of the information destruction of:

- Hard drives
- Media/Backup tapes
- Thumb/jump drives
- CDs/DVDs
- Microfilm and Microfiche
- Badges
- X-Rays

From collection to secure shredding and recycling preparation, our Closed Loop approach ensures that the entire process is conducted under secure conditions and that your media is completely destroyed and rendered unreadable.
