

Reasons to go paperless

Accelerate digital transformation

Reason 01

Save time

Decrease time spent searching for information. Office workers spend between 7.6 and 12.5 hours per week searching for information.

REASON 02

Free up space

The average filing cabinet takes up nine square feet of floor space to store ~11,000 documents.

REASON 03

Increase resiliency

Reduce risk and more easily prove compliance with digitized documents.

REASON 04

Enhance security

Stop losing a document every 12 seconds, and save the \$125 to find a misfiled document.
