

RIM

Is the New Green

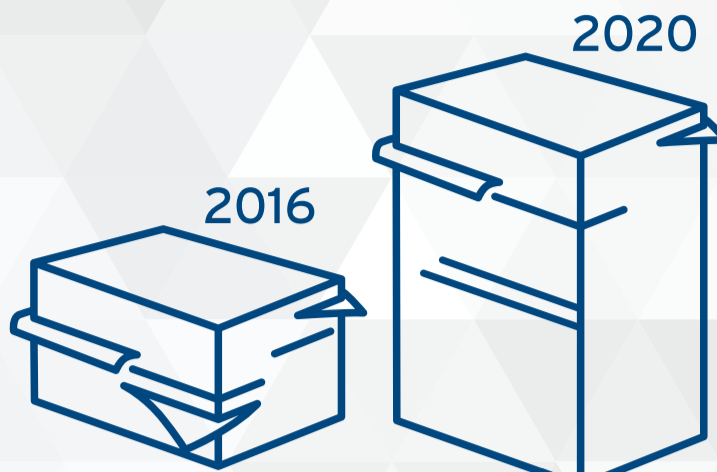

Thinking of blending sustainability goals into your **Records and Information Management** program? Here's how.

The Problem: Taming Your Paper Demons

22%

Average annual increase in a business's paper records volume

3.3 YEARS

Time it will take to double your paper records volume

69 MILLION

Tons of paper and paperboard United States uses annually

650 POUNDS

Average amount of paper an American uses per year

The Solution: Recycle with a Partner to Save the Day

Here's how Iron Mountain helps customers reach their sustainability goals:

A single ton of paper created from recycled fibers makes a real impact...

Saves **31 trees** and **7,000 gallons** of water

Removes **60 pounds** of air pollutants

We're also:

Sparing **1.3 MILLION cubic yards** of landfill space

Conserving **1.8 BILLION KILOWATT HOURS** of electricity

Using **65% recycled content** in our iconic IM storage boxes

Saving **7 MILLION** trees

Go Green with Iron Mountain

Let us turn your RIM program an enviable shade of green by helping you:

-  Store records offsite to reap energy-savings
-  Consolidate your information reserves to save on time, overhead and natural resources
-  Scan documents intelligently to reduce your reliance on paper
-  Leverage secure destruction as a step to recycling
