# Bangalore Data Center (BLR-1)

Bengaluru (Bangalore) is one of the world's top five technology clusters, and our BLR-1 facility is located at its interconnected heart. The data center is an 80,000 ft2, 4MW facility situated in Pattandur Agrahara in the Whitefield district to the East of Bangalore, also known as the 'Silicon Valley of India'. Whitefield is the densest data center cluster in the whole of Karnataka state, which is home to over 5,500 IT companies including many global cloud and internet leaders.

## Why choose BLR-1?

› **Ecosystems**
Rich customer ecosystems with a huge range of ISPs and managed service providers

› **Interconnection**
Easy access to regional and global networks and public clouds

› **Location**
In the heart of Bangalore's tech hub

" With Iron Mountain, we have a highly available, redundant computing environment for the cloud ... that helps us meet customer demand today and allows us to expand quickly to support business growth tomorrow. "
Logicalis

# Bangalore
## Data Center (BLR-1)

Our Bangalore campus is suitable for hyperscale, network, content and enterprise customers, with a comprehensive range of secure space options, sector-specific standards, and power configurations.

### Services
> Smart Hands
> Migration
