IRON MOUNTAIN® DATA CENTERS

Frankfurt Data Center (FRA-1)

FRA-1 is a new greenfield 26,000 m² facility located on a 2.6-hectare site 5 km from the heart of Frankfurt, one of Europe's leading data hubs. At full build-out it is scheduled to provide 27 MW of power from 100% renewable sources in 9 data halls. The facility, now leased for the foreseeable future, will provide the highest levels of redundancy, security, efficiency, and connectivity, aligning with Iron Mountain's industry-leading global compliance standards, and offering easy access to hundreds of leading networks.

> " A critically important aspect of our business case was finding a partner who not only met our renewable energy requirements but also understood what we were trying to do and could help us to achieve our goals. With Iron Mountain, we found a partner who could do all that — in ways that gave us a competitive advantage. "

Akamai

Why choose FRA-1?

› **Strategic Location**
Frankfurt is the second largest of Europe's leading FLAP data center markets, with excellent strategic proximity to Central and Eastern Europe.

› **Compliance**
Exceptional reliability and efficiency in line with the industry's most comprehensive compliance program.

› **Interconnection**
Frankfurt is home to DE-CIX, one of the world's busiest Internet Exchanges, with access to hundreds of major AS networks.

Frankfurt
