Maximum Mullion Rules

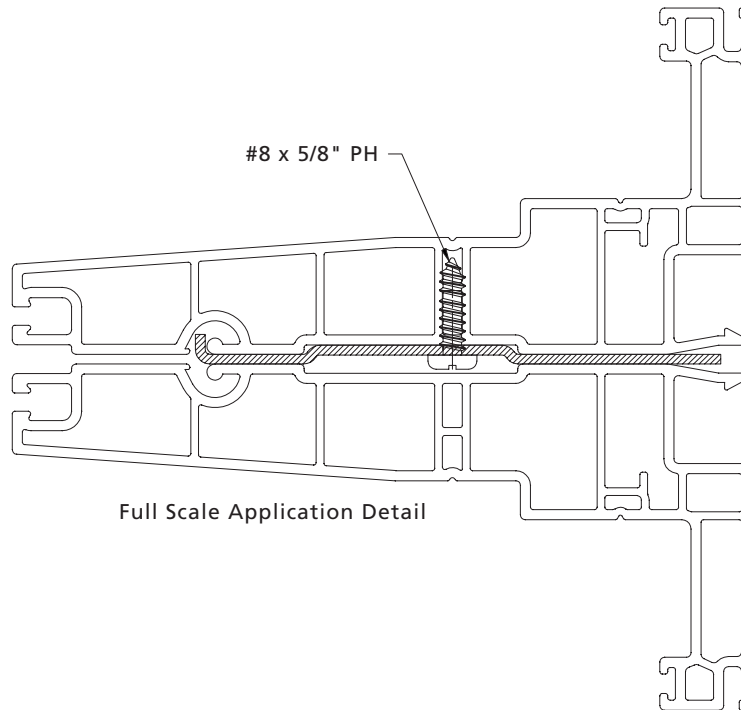

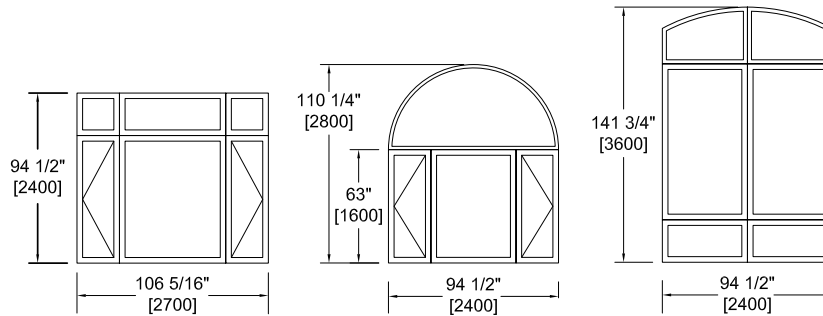

---

The following maximum mullion rules apply to product manufactured from the United plant and are for residential housing only. Contact your Territory Sales Manager or Customer Service Representative if you require further clarification.

**United Collection Vinyl Windows - Mullion Rules**

The horizontal mullion (stud to stud) and vertical mullion (bottom plate to header) can not exceed 2400mm (94 1/2") in both directions. As long as one mullion does not exceed 2400mm the opposite mullion can extend up to 3600mm (141 3/4"), but can not exceed the overall combination unit size of 96 sq. ft. 8'0" stud to stud required.
