**Exceedances:** No exceedances, cf. the min. / Max. Values specified in the report

**Deviations / comments for this test:** None

**Location reference:**

h) Højvang Laboratorier A/S, Holstebro. DANAK-Nr.: 428

The test results only apply to the tested items / subsets. Without the written permission of the laboratory, the report may only be reproduced in its entirety Højvang Laboratorier A/S disclaims any responsibility in connection with data provided by the requester.

Højvang Laboratorier A/S refuses to comment on attitudes and interpretations.

Analysis results are stated in the report with 2 significant digits unless otherwise agreed. When comparing with any limit and / or requirement value, the analysis result is used in the report.

Højvang Laboratorier A/S disclaims any responsibility in connection with the use of the stated minimum and maximum values or the use of the classifications made.

Made according to:

BEK no. 811 of 27/06/2024 Executive Order on quality requirements for environmental measurements

Min and max values in relation to Executive Order no. 810 of 27/06/2024, tap without rinsing ( nitrite outlet waterworks, however, with max. Value specific to this)

The sample has been taken in accordance with the current sampling plan / agreement.

**Approved by:**

Heidi Jensen  
Teamleder

**Designations:**

+/- expanded relative uncertainty in% with coverage factor 2. Results at the detection limit level are subject to a relatively greater measurement uncertainty than is generally the case.

# Symbolizes that all components included in the sum in question have a concentration less than the detection limit of the individual component.

^ Analyzed for quality requirements for environmental measurements

~ This is a translation of the Danish report with the same report number .

**Exceedances:** No exceedances, cf. the min. / Max. Values specified in the report

**Deviations / comments for this test:** None

**Location reference:**

- h) Højvang Laboratorier A/S, Holstebro. DANAK-Nr.: 428
- d) Højvang Laboratories A/S, Dianalund. DANAK no.: 428

The test results only apply to the tested items / subsets. Without the written permission of the laboratory, the report may only be reproduced in its entirety. Højvang Laboratorier A/S disclaims any responsibility in connection with data provided by the requester.

Højvang Laboratorier A/S refuses to comment on attitudes and interpretations.

Analysis results are stated in the report with 2 significant digits unless otherwise agreed. When comparing with any limit and / or requirement value, the analysis result is used in the report.

Højvang Laboratorier A/S disclaims any responsibility in connection with the use of the stated minimum and maximum values or the use of the classifications made.

Made according to:

BEK no. 811 of 27/06/2024 Executive Order on quality requirements for environmental measurements

Min and max values in relation to Executive Order no. 810 of 27/06/2024, tap without rinsing ( nitrite outlet waterworks, however, with max. Value specific to this)

The sample has been taken in accordance with the current sampling plan / agreement.

**Approved by:**

Heidi Jensen  
Teamleder

**Designations:**

+/- expanded relative uncertainty in% with coverage factor 2. Results at the detection limit level are subject to a relatively greater measurement uncertainty than is generally the case.

# Symbolizes that all components included in the sum in question have a concentration less than the detection limit of the individual component.

^ Analyzed for quality requirements for environmental measurements

~ This is a translation of the Danish report with the same report number.
