**If You Purchased or Otherwise Acquired Securities Issued by American International Group, Inc. ("AIG")
During the Period from October 28, 1999 through April 1, 2005, Inclusive, ("Class Period") and
Were Damaged Thereby, You May Be Entitled to Share in a \$725 Million Settlement with
American International Group, Inc.**

**PLEASE READ THIS NOTICE CAREFULLY.
A Federal Court Authorized This Notice. This Is Not A Solicitation.
Your Legal Rights Are Affected Whether You Do Or Do Not Act.**

1. **Statement of Plaintiff Recovery:** This Notice advises you of a proposed partial settlement (the "Settlement"), consisting of \$725 million in cash (the "Settlement Amount"), plus interest as it accrues, of a consolidated class action lawsuit brought by the Ohio Public Employees Retirement System, State Teachers Retirement System of Ohio and Ohio Police & Fire Pension Fund (collectively, "Lead Plaintiff" or "the Ohio State Funds"), on behalf of the Settlement Class against AIG and other defendants. This Settlement is a final resolution of the Claims brought on behalf of the Settlement Class against AIG and certain related defendants.

This AIG Settlement is separate from the settlement with defendant PricewaterhouseCoopers LLP, previously announced ("PwC Settlement").

The action alleges, among other things, that during the Class Period, defendants made materially false and misleading statements and omissions in connection with the involvement of AIG in an allegedly illegal market division scheme with Marsh & McLennan Companies ("Marsh") and others, as well as an alleged accounting fraud that led to AIG's \$3.9 billion restatement or adjustment of earnings in May 2005. The action also alleges certain market manipulation claims. The Consolidated Third Amended Complaint ("Complaint") alleges violations of Sections 11 and 15 of the Securities Act of 1933 (the "Securities Act") and Sections 10(b), 20(a), and 20A of the Securities Exchange Act of 1934 (the "Exchange Act") and Rule 10b-5 promulgated thereunder (the "Action").

The Settlement will resolve all claims against AIG and certain related defendants and will create a settlement fund to pay the claims of investors who purchased or otherwise acquired AIG's publicly-traded common stock, debt and options during the Class Period. (See below at page 5 for more information about eligible "AIG Securities.") The Distribution Amount (the Settlement Amount plus interest as it accrues and less any Notice and Administrative Expenses, attorneys' fees and litigation expenses awarded to Lead Plaintiff's counsel, expenses awarded to Lead Plaintiff and Tax Expenses) will be distributed in accordance with a proposed plan of allocation (the "Plan of Allocation" or "Plan"), which is described herein. Based on Lead Plaintiff's damages consultant's estimate of the number of shares of common stock entitled to participate in the Settlement, given the allocation of 5% of the recovery to debt purchasers and assuming that all shares entitled to participate do so, Lead Plaintiff estimates that the average recovery per damaged share would be approximately \$0.45 per share, before deduction of any court-awarded fees and expenses.¹ An individual Class

¹ An allegedly damaged share might have been traded more than once during the Class Period, and the indicated average recovery per share would be the total for all purchasers of that share.

Member's actual recovery will depend on many factors, for example: (1) the total number of claims submitted; (2) when the Settlement Class Member purchased AIG Securities during the Class Period; (3) the purchase price paid; (4) the type of security bought; and (5) whether those AIG Securities were held at the end of the Class Period or sold during the Class Period (and, if sold, when they were sold and the amount received). See the Plan of Allocation beginning on page 9 for more information on your potential Recognized Loss.

2. **Reasons for Settlement:** The Settlement resolves claims against AIG for allegedly violating the federal securities laws by allegedly failing to disclose the truth about certain of its business practices and financial results and for damages allegedly caused by these practices and by market manipulation of AIG's securities. However, the Settlement is not and should not be construed as an admission of any fault, liability or wrongdoing whatsoever by AIG. In light of the amount of the Settlement and the immediacy of recovery to the Settlement Class, Lead Plaintiff believes that the proposed Settlement is fair, reasonable and adequate, and in the best interests of the Settlement Class. Lead Plaintiff believes that the Settlement provides a substantial benefit in the form of \$725 million in cash, less the various deductions described in this Notice, as compared to the risks and delays of proceeding with the Action against AIG. These risks include the fact that there is no assurance that Lead Plaintiff would recover as much as was achieved in this Settlement at a later stage in the litigation. Moreover, even if the case were to proceed and a later recovery obtained, it would take several more years of expert discovery, motion practice, trial and further appeals to obtain such a recovery, during which time AIG would have the opportunity to assert substantial defenses to the claims asserted against it. The risks also include that AIG could prevail in all or part of the Action, in which case Lead Plaintiff may obtain no recovery at all from AIG.

3. **Statement of Potential Outcome if the Case Against AIG Continued:** Lead Plaintiff and AIG (collectively, the "Settling Parties") do not agree on the average amount of damages per share that would be recoverable even if Lead Plaintiff was to prevail on the claims asserted against AIG. AIG denies all liability. In addition, the Settling Parties disagree on, among other things: (i) whether certain statements made by AIG were false; (ii) whether AIG knew, or was severely reckless in not knowing, that certain of its statements and omissions about AIG's business and financial results were false or misleading; (iii) whether the alleged misstatements and omissions were material to investors; (iv) whether AIG engaged in actions constituting market manipulation of its securities; (v) the amount of inflation, if any, caused by the alleged misrepresentations and omissions; (vi) the amount of damages, if any, caused by the alleged market manipulation of AIG's securities (vii) the appropriate economic models for determining the amounts by which AIG's securities were allegedly artificially inflated (if at all) during the Class Period, (viii) the effect of various market forces influencing the trading prices of AIG's securities during the Class Period, and (ix) whether a class should have been certified for purposes other than the Settlement.

4. **Statement of Attorneys' Fees and Expenses Sought:** Lead Plaintiff's counsel, Labaton Sucharow LLP and Hahn Loeser & Parks LLP (collectively, "Lead Counsel"), intend to apply for an award of attorneys' fees on behalf of all plaintiffs' counsel of 13.25% of the Escrow Account and to seek reimbursement of litigation expenses paid and incurred in connection with the prosecution and resolution of the claims against AIG (the "Litigation Expenses"), in an amount not to exceed \$9.75 million. In addition, Lead Plaintiff will, by separate application, ask the Court to reimburse it from the Settlement Amount for costs and expenses it incurred directly related to its representation of the Settlement Class, in an amount not to exceed \$150,000. If the Court approves Lead Plaintiff's counsel's fee and expense application and Lead Plaintiff's application for reimbursement, the average cost per share will be approximately \$0.07 per share.

Why did I get this notice?

You or someone in your family may have purchased or acquired publicly-traded securities issued by AIG during the period from October 28, 1999 through April 1, 2005, inclusive. The Court sent you this Notice because, as a potential Settlement Class Member, you have a right to know about the proposed Settlement of the claims asserted in this Class Action against AIG and your options before the Court determines whether to approve the Settlement. If the Court approves the Settlement, after all objections and appeals are resolved, a claims administrator (the "Administrator") will make payments pursuant to the terms of the Settlement.

The Court in charge of this case is the United States District Court for the Southern District of New York and the case is known as *In re American International Group, Inc. Securities Litigation*, Master File No. 04-8141 (DAB). Lead Plaintiff filed this lawsuit on behalf of itself and as representative of the Settlement Class.

Lead Plaintiff has reached settlements or contingent settlements with all defendants in the Action, including, as previously noticed, defendant PricewaterhouseCoopers LLP. If approved by the Court, these settlements could total more than \$1 billion for the Settlement Class. However, only the PwC Settlement has been finally approved by the Court.²

The Settlement with AIG will also release all claims against defendants John A. Graf, Eli Broad, Martin J. Sullivan, Thomas R. Tizzio, Wachovia Securities, Inc. and Merrill Lynch & Co.

This Notice explains the lawsuit, the Settlement with AIG, your legal rights, what benefits are available, who is eligible for them, and how you may receive your portion of the benefits. The purpose of this Notice is to inform you of the terms of the proposed Settlement and of a hearing to be held by the Court to consider the Settlement (the "Fairness Hearing").

The Fairness Hearing will be held at 11:00 a.m. on January 31, 2012 before the Honorable Deborah A. Batts, in the United States District Court for the Southern District of New York, United States Courthouse, 500 Pearl Street, New York, New York 10007, to determine:

- (a) Whether the proposed Settlement is fair, reasonable and adequate and should be approved by the Court;
- (b) Whether the claims against AIG and related defendants should be dismissed with prejudice as set forth in the Agreement of Compromise and Settlement, dated November 30, 2010 (the "Agreement");
- (c) Whether the proposed Settlement Class should be certified and Lead Plaintiff be appointed as Class Representative and Lead Plaintiff's counsel be appointed Class Counsel;
- (d) Whether the proposed Plan of Allocation for distributing the Settlement to Settlement Class Members is fair and reasonable and should be approved; and
- (e) Whether the application by Lead Plaintiff's counsel for an award of attorneys' fees and reimbursement of litigation expenses should be approved.

The issuance of this Notice is not an expression of the Court's opinion on the merits of any claim in the Action, and the Court still has to decide whether to approve the Settlement. If the Court approves the Settlement, payment will be made after all appeals, if any, are resolved and after the completion of all claims processing. Please be patient.

How do I know if I am part of this Settlement?

You are part of this Settlement if you are within the definition of the Settlement Class and you do not take steps to exclude yourself. The Settlement Class covered by this Settlement consists of: all persons and entities who purchased or otherwise acquired AIG Securities during the period from October 28, 1999 through April 1, 2005, inclusive, as well as all persons and entities who held the common stock of HSB Group, Inc. ("HSB") at the time HSB was acquired by AIG in a stock for stock transaction, and all persons and entities who held the common stock of American General Corporation

² In addition to the PwC Settlement, Lead Plaintiff has reached a \$115 million contingent settlement with Maurice R. Greenberg, Howard I. Smith, Christian M. Milton, Michael J. Castelli, C.V. Starr & Co., Inc., and Starr International Company, Inc. Lead Plaintiff also has reached a \$72 million settlement with defendant General Reinsurance Corporation ("Gen Re") in 2009. On September 10, 2010, the Court dismissed all claims in the Action against Gen Re. On October 21, 2010, Lead Plaintiff filed a notice of appeal from the dismissal.

("AGC") at the time AGC was acquired by AIG in a stock for stock transaction, and who were damaged thereby, excluding persons who make timely and valid requests for exclusion from the class. (See the Plan of Allocation for more information about eligible securities.)

"AIG Securities" means any and all publicly-traded securities issued by American International Group, Inc., whether debt or equity securities. Options on AIG common stock are also eligible for a recovery in the Settlement.

Excluded from the Settlement Class are the defendants in the Action, members of the immediate families of the individual defendants, any parent, subsidiary, affiliate, officer, or director of defendant AIG, any entity in which any excluded person has a controlling interest, and the legal representatives, heirs, successors and assigns of any excluded person. Also excluded from the Settlement Class are any persons who exclude themselves by timely filing a request for exclusion in accordance with the requirements set forth below. (See "What if I do not want to participate in the Settlement? How do I exclude myself?")

**RECEIPT OF THIS NOTICE DOES NOT MEAN THAT YOU ARE A MEMBER OF THE SETTLEMENT CLASS
OR ARE ENTITLED TO RECEIVE PROCEEDS FROM THE SETTLEMENT.**

**TO RECEIVE PROCEEDS FROM THE SETTLEMENT,
YOU MUST SUBMIT A PROOF OF CLAIM OR RELEASE FORM BY JANUARY 23, 2012**

What recovery does the Settlement provide?

In exchange for the Settlement and dismissal of the Released Claims, AIG has agreed to pay \$175 million in cash into an escrow account (the "Escrow Account") within ten business days of preliminary approval of the Settlement. AIG has also agreed to pay an additional \$550 million in cash prior to the date on which the Court enters the proposed Order and Final Judgment (the "Final Judgment") approving the Settlement ("Final Approval Date"). In all, AIG is obligated to pay the Settlement Amount of \$725 million for settlement of the claims.

The Settlement Amount will be divided, after deduction of Court-awarded attorneys' fees and expenses, Notice and Administrative Expenses, any applicable taxes, and any other expenses and awards the Court may order, among all Settlement Class Members who timely submit valid Proof of Claim forms that show a Recognized Loss. Your share of the Distribution Amount will depend on several things, including: (1) the amount of Recognized Losses of other Settlement Class Members who file valid Proofs of Claim; (2) how many AIG Securities you bought; (3) how much you paid for them; (4) the type of security bought; (5) when you bought them; and (6) whether or when you sold them (and, if so, for how much you sold them).

Your Recognized Loss will be calculated according to the formula shown below in the Plan of Allocation. It is unlikely that you will get a payment for your entire Recognized Loss, given the number of potential Settlement Class Members with Recognized Losses. After all Settlement Class Members have sent in their Proof of Claim forms, the payment you get will be a portion of the Distribution Amount equal to your Recognized Loss divided by the total of all Settlement Class Members' Recognized Losses and multiplied by the total Distribution Amount. If you received any payment from the fair fund created in *SEC v. American International Group, Inc.*, 06 Civ. 1000 (S.D.N.Y.) (LAP) ("Fair Fund Distribution"), your Recognized Loss will be reduced by seven-eighths (7/8th) of your Fair Fund Distribution ("Fair Fund Ratio Amount"). In no event will you recover more than your Recognized Loss reduced by your Fair Fund Ratio Amount. No one will receive a distribution from the Settlement that exceeds 100% of their total Recognized Loss(es). (See the Plan of Allocation beginning on page 9 for more information.)

Once all the Proofs of Claim are processed and claims are calculated, Lead Plaintiff's counsel, without further notice to the Settlement Class, will apply to the Court for an order distributing the Distribution Amount to the members of the Settlement Class. Counsel will also ask the Court to approve payment of the Administrator's fees and expenses incurred in connection with administering the Settlement that have not already been reimbursed.

Why is there a Settlement? What are Lead Plaintiff's reasons for the Settlement?

Under the proposed Settlement, the Court will not decide the merits of the claims in the Action in favor of either the Lead Plaintiff or AIG. By agreeing to a Settlement, both the Lead Plaintiff and AIG avoid the costs and risks of litigating the claims in the Action. By accepting the Settlement, Settlement Class Members will be compensated immediately for

the AIG claims. In light of the amount of the Settlement and the immediacy of recovery to the Settlement Class, Lead Plaintiff believes that the proposed Settlement is fair, reasonable and adequate and in the best interest of the Settlement Class Members.

Lead Plaintiff and Lead Plaintiff's counsel believe that the claims asserted against AIG have merit. However, they recognize the risks of, expense of and delay associated with the continued prosecution of the claims against AIG in the Action. AIG has denied and continues to deny each and every allegation of liability or damage to the Settlement Class or any member thereof. Lead Plaintiff and their counsel have taken into account the issues that would have to be decided by a jury including: (i) whether each of the alleged misrepresentations and omissions made by AIG was false; (ii) if false, whether each of those alleged misrepresentations and omissions by AIG was material; (iii) whether AIG acted knowingly or recklessly in making the alleged misrepresentations and omissions; (iv) whether AIG engaged in market manipulation of its securities; and (v) the amount of damages, if any, caused by the alleged misrepresentations and omissions by AIG or the alleged market manipulation.

Lead Plaintiff and Lead Plaintiff's counsel have also considered the uncertain outcome and trial risk in complex lawsuits like this one. Lead Plaintiff believes that a recovery now will provide an immediate benefit to the Settlement Class Members, which is superior to the risk of proceeding with the claims against AIG. In addition, there was a risk that any future judgment against AIG would be reduced by as much as \$800 million resulting from AIG's February 2006 settlement with the Securities and Exchange Commission. Considering these factors and balancing them against the certain and substantial benefits that the Settlement Class will receive as a result of the Settlement, Lead Plaintiff and Lead Plaintiff's counsel determined that the Settlement described herein is fair, reasonable and adequate, and that it is in the best interests of the Settlement Class to settle the claims against AIG on the terms set forth in the Agreement and this Notice.

What might happen if there were no Settlement?

If there were no settlement of the claims against AIG and Lead Plaintiff failed to establish any essential legal or factual element of its claims, neither it nor the Settlement Class would recover anything from AIG. Also, if AIG was successful in proving any of its defenses, the Settlement Class likely would recover substantially less than the amount provided in the Settlement, if anything at all.

Do I have a lawyer in the case? How will the lawyers be paid?

The Court appointed the law firms of Labaton Sucharow LLP in New York, New York and Hahn Loeser & Parks LLP in Cleveland, Ohio to represent the proposed class. You will not be separately charged for the work done by the lawyers who worked on this lawsuit. If you want to be represented by your own lawyer, you may hire one at your own expense.

The Court will determine the amount (if any) of Lead Plaintiff's attorneys' fees and expenses, which will be paid from the Settlement Amount. Any attorneys' fees awarded to Lead Plaintiff's counsel will be distributed, in part, to additional counsel who worked on this lawsuit under the supervision and direction of Lead Plaintiff's counsel based upon the amount, quality and importance of work they performed. Lead Plaintiff estimates that in the aggregate such amount will be less than 10% of the total attorneys' fees awarded by the Court.

Lead Plaintiff's counsel has not received any payment for its services in pursuing claims against AIG on behalf of the Settlement Class, nor has it been reimbursed for its considerable litigation expenses. In this type of litigation, it is customary for counsel to be awarded a percentage of the settlement fund recovered as its attorneys' fees, and to receive reimbursement of the expenses advanced in the prosecution of the action. Lead Plaintiff's counsel intends to apply to the Court for an award of attorneys' fees of 13.25% of the Escrow Account, including any accumulated interest, in connection with this Settlement. Lead Plaintiff's counsel also intends to apply for reimbursement of Litigation Expenses in an amount not to exceed \$9.75 million. If the application for attorneys' fees and reimbursement of expenses is approved by the Court, the average cost per share would be less than \$0.07 per share.

The fee requested by Lead Plaintiff's counsel would compensate it for its efforts in achieving the Settlement for the benefit of the Settlement Class and willingness to undertake this representation on a contingency basis. The fee requested is within the range of fees awarded to plaintiffs' counsel under similar circumstances in litigation of this type. NEITHER THE COURT NOR THE DEFENDANTS HAVE EXPRESSED ANY OPINION ON THE APPLICATION FOR ATTORNEYS' FEES AND REIMBURSEMENT OF LITIGATION EXPENSES.

What rights am I giving up by agreeing to the Settlement?

If the Settlement is approved, the Court will enter an Order and Final Judgment (the “Final Judgment”) ending all the claims against AIG and precluding Settlement Class Members from continuing to litigate the claims against AIG and the Released Persons. The Final Judgment will (i) dismiss the claims against AIG with prejudice; and (ii) provide that Lead Plaintiff and all other Settlement Class Members, except those who validly and timely request to be excluded from the Settlement Class, shall, upon the Effective Date (as defined in the Agreement), on behalf of themselves and their respective heirs, executors, administrators, successors and assigns and all persons acting in concert with any such person shall have fully, finally and forever released, relinquished, acquitted and discharged the Released Persons from the Released Claims. The release also constitutes an express waiver and relinquishment, to the fullest extent permitted by law, of the provisions, rights and benefits of California Civil Code § 1542, and any provisions, rights and benefits conferred by any law of any state or territory of the United States or principle of common law which is similar, comparable or equivalent to California Civil Code § 1542, which provides: “A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing the release, which if known by him must have materially affected his settlement with the debtor.”

“Released Claims” means and includes any and all Claims, foreseen or unforeseen, matured or unmatured, known or unknown, accrued or not accrued, suspected or unsuspected, existing now or to be created in the future, whether unasserted or asserted in the Complaint, in this Court, in any federal or state court, or in any other court, arbitration proceeding, administrative agency, or other forum in the United States or elsewhere, and whether arising under state, federal or foreign law as claims, cross-claims, counterclaims, or third-party claims, that Lead Plaintiff, the Settlement Class or Settlement Class Members, and/or each of their respective present, former and future parents, subsidiaries, agencies, connected firms, instrumentalities, branches, divisions and affiliates, the present, former or future employees, members, partners, principals, associates, officers and directors, attorneys, advisors, trustees, administrators, fiduciaries, consultants, representatives, accountants and auditors, insurers, attorneys, and agents or each of them, and the predecessors, estates, heirs, owners, executors, trusts, trustees, administrators, successors and assigns of each, ever had, now have or hereafter can, shall or may have against the Released Persons, (a) arising out of, in any way related to, or in connection with the allegations, transactions, facts, matters or occurrences that gave rise to the claims alleged in the Action, and are or could have been advanced in the Action, and/or (b) in any way arise out of, are based upon, relate to or concern the purchase, acquisition, disposition or sale of, or other transaction in AIG Securities during the Class Period, including without limitation, claims that arise out of or relate to any disclosures, Securities and Exchange Commission filings, press releases, registration statements, offering memoranda or other public statements by AIG during the Class Period. “Released Claims” do not include: (a) the claims being prosecuted in a derivative capacity on behalf of AIG in *American International Group, Inc. Consolidated Derivative Litigation*, C.A. No. 769-VCS (Del. Ch.); *In re American International Group, Inc. Derivative Litigation*, No. 04-CV-8406 (S.D.N.Y.); *Teachers Retirement System of La. v. Cantwell, et al.*, No. 650064/2009 (N.Y. Sup. Ct., N.Y. Cty.); *Bassman v. Greenberg*, No. 05-CV-7022 (S.D.N.Y.); and *Kleinhandler v. Greenberg*, No. 05-CV-6417 (S.D.N.Y.); (b) the claims being prosecuted in *State of Ohio v. American International Group, et al.*, No. 07-633857 (Court of Common Pleas, Cuyahoga County, Ohio), *In re American International Group, Inc. 2008 Securities Litigation*, No. 08-cv-4772 (S.D.N.Y.); *In re American International Group, Inc. 2007 Derivative Litigation*, No. 07-cv-10464 (S.D.N.Y.); (c) the claims and/or distributions in connection with the fair fund created in *SEC v. American International Group, Inc.*, 06 Civ. 1000 (S.D.N.Y.) (LAP) and/or *In Re AIG ERISA Litigation*, 04 Civ. 9387 (S.D.N.Y) (JES); or (d) the claims in the Action against any of the Named Defendants other than the Released Persons.

The Agreement defines “Claims” as any and all claims, demands, actions, causes of action, obligations, debts, judgments and liabilities of any kind, nature and description, whether at law or in equity or upon any legal or equitable theory, whether contractual, common law or statutory, whether arising under federal, state, common or foreign law, whether based on allegedly intentional, negligent or reckless conduct, whether asserted or unasserted as claims, cross-claims, counterclaims or third-party claims in any pleadings in this Court, in any federal or state court, or in any other court, arbitration proceeding, administrative agency or other forum in the United States or elsewhere, whether foreseen or unforeseen, matured or unmatured, known or unknown, accrued or not accrued, existing now or to be created in the future, that are related in any way to the allegations, transactions, facts, matters or occurrences that gave rise to the claims alleged in the Action or that could have been advanced in the Action.

The “Released Persons” means Eli Broad, John A. Graf, Martin J. Sullivan, Thomas R. Tizzio, Wachovia Securities, Inc., Merrill Lynch & Co., AIG and their present, former and future parents, subsidiaries, agencies, business units, connected firms, instrumentalities, branches, divisions and affiliates; and the present, former or future employees, members, partners, principals, associates, officers and directors, advisors, trustees, administrators, fiduciaries, consultants, representatives, accountants and auditors, insurers, attorneys, and agents of each of them; and the predecessors, estates, heirs, owners, executors, trusts, trustees, administrators, successors and assigns of each of them. However, Released Persons specifically does not include: Maurice R. Greenberg, Howard I. Smith, Michael J. Castelli, Christian M. Milton, L. Michael Murphy, Starr International Company, Inc., C.V. Starr & Co., Inc., Union Excess Reinsurance Company, Ltd., PricewaterhouseCoopers LLP, General Reinsurance Corp., Ronald E. Ferguson, John B. Houldsworth, and Richard Napier.

The Final Judgment will also provide that AIG fully, finally and forever releases, relinquishes, acquits and discharges the Lead Plaintiff, the Settlement Class, Settlement Class Members and Lead Plaintiff’s counsel (“Released Plaintiff Parties”) from any Claims which AIG ever had, now has or hereafter can, shall or may have against any of the Released Plaintiff Parties, which arise out of or relate in any way to the institution or prosecution (to the Effective Date) of the Action except a claim to enforce the releases or other terms and conditions contained in the Agreement or any court order entered pursuant thereto.

Also, the Final Judgment will contain bar order provisions precluding the non-settling defendants from being able to bring claims in the future seeking relief such as contribution and indemnification against the Released Persons. Also, the non-settling defendants will be entitled to a judgment credit related to this Settlement if the Action against them results in a judgment.

What is this case about?

This Action arises from, among other things, allegedly material misstatements and omissions made by defendant AIG and others in connection with AIG’s involvement in an allegedly illegal market division scheme with Marsh and others in the insurance industry, as well as an alleged accounting fraud scheme related to AIG’s \$3.9 billion restatement or adjustment of earnings in May 2005. Lead Plaintiff alleges that, at the end of the Class Period, the price of AIG’s stock dropped significantly when these frauds were disclosed, resulting in alleged damages to the Settlement Class.

Specifically, Lead Plaintiff alleges that, on October 14 and 15, 2004, there were disclosures concerning AIG’s involvement in a market division scheme that included its payment of allegedly improper “steering” contingent commissions to, and illegal rigging of bids with, Marsh and others in the insurance industry. Lead Plaintiff also claims that there were disclosures in March and April 2005 of a massive accounting fraud at AIG that resulted in the Company restating or adjusting nearly four years of earnings and, *inter alia*, slashing net income by \$3.9 billion. In addition, the Complaint alleges that AIG manipulated the price of its stock during the Class Period through a stock repurchase program.

Lead Plaintiff alleges that the consequences of the disclosures referenced above included AIG’s payment of more than \$1.6 billion to settle claims and pay fines relating to, among other things, the alleged market division and accounting fraud brought by federal and state regulators, including the Securities and Exchange Commission, Department of Justice, and the Office of the New York Attorney General.

AIG denies all civil liability and the Settlement is not and may not be construed or deemed to be evidence of, or an admission or a concession on the part of AIG, of any fault or liability whatsoever or of any infirmity in any defenses it has asserted or intended to assert, or of the merits of Lead Plaintiff’s claims. AIG, while affirmatively denying liability, considers it desirable and in its best interest that the claims against AIG in the Action be dismissed under the terms of the proposed Settlement in order to avoid further expense, uncertainty and distraction, and protracted litigation.

What has happened in this case so far?

After the first alleged disclosures about the market division fraud were reported to the public on October 14, 2004, ten class action complaints were filed against AIG and others, and the cases were transferred to Judge Laura Taylor Swain. The complaints included class periods of October 28, 1999 to October 15, 2004, and alleged Section 10(b) claims. After hearing fully-briefed motions regarding appointment of a lead plaintiff and lead counsel to pursue the proposed class action, Judge Swain, by order dated February 7, 2005, appointed the Ohio State Funds as Lead Plaintiff; and appointed

Labaton Sucharow (at the time known as Goodkind Labaton Rudoff & Sucharow LLP) and Hahn Loeser & Parks LLP as Lead Plaintiff's counsel.

On April 19, 2005, Lead Plaintiff filed a Consolidated First Amended Complaint, which included claims based on both the alleged market division fraud and the alleged accounting fraud, alleged a class period of October 28, 1999 through March 30, 2005, named additional defendants and added claims under Section 11 and 15 of the Securities Act.

On May 16, 2005, the San Francisco Employees' Retirement System filed a separate, purportedly new securities class action complaint against AIG and others that alleged causes of action based solely on the alleged accounting frauds disclosed in the Spring of 2005. After reviewing motions on the appointment of Lead Plaintiff related to this claim, the Court held a hearing on July 18, 2005 and found that the Ohio State Funds would serve as the Lead Plaintiff for all the claims at issue.

Between November and December 2005 defendants in the Action filed motions to dismiss the Action in its entirety, submitting hundreds of pages of briefing and affidavits. The Court denied all of these motions, except one, in April and May 2006. After the denial of the motions, Lead Plaintiff, the Ohio State Funds, and Lead Counsel began to conduct formal discovery into the facts of the case. (Prior to filing its first complaint, Lead Plaintiff's counsel had engaged in a thorough investigation of the publicly available information about the claims, including contact with former employees of AIG and other defendants.) Defendants, including AIG, and approximately 42 non-parties have produced more than 53.3 million pages of documents. Lead Counsel represents that it has reviewed and analyzed virtually all of the documents produced to date. In addition, the parties have taken 97 depositions to date.

On February 20, 2008, Lead Plaintiff moved to certify a litigation class in the Action. In connection with that motion, the Ohio State Funds produced more than 267,000 pages of documents to defendants, and more than 14 witnesses from the Ohio State Funds and their 10 external investment advisers were deposed. On August 20, 2008, AIG submitted its opposition to class certification and on September 23, 2008, all other defendants submitted their opposition papers. Lead Plaintiff replied to the opposition briefs and the Court held hearings and examined expert witness to determine whether the entire Action should be certified for litigation purposes. By order filed February 22, 2010, the Court certified the Action for litigation purposes as a class action on behalf of a class that differs from the Settlement Class. Both Lead Plaintiff and AIG requested that the United States Court of Appeals for the Second Circuit review the Court's certification order. AIG's request for review was granted, and Lead Plaintiff's request was denied. However, at the time the Settlement was reached no briefing was filed, and the Second Circuit had not issued a decision.

As noted above, Lead Plaintiff and AIG have now reached an agreement to settle the claims against AIG in the Action on terms that are summarized here. Lead Plaintiff and AIG, through their counsel, have engaged in substantial arm's-length negotiations in an effort to resolve all claims that have been or could have been asserted in the Action against AIG. Lead Plaintiff and AIG have conducted numerous conferences, including several mediation sessions over the past five years before three different independent mediators (two of them former federal judges) in which the terms of the Settlement detailed here were negotiated.

How much will my payment be?

THE PROPOSED PLAN OF ALLOCATION – GENERAL PROVISIONS

AIG has agreed to pay \$725 million in cash (the "Settlement Amount"). After approval of the Settlement by the Court and upon satisfaction of the other conditions to the Settlement, the Distribution Amount (the Settlement Amount plus interest as it accrues and less any Tax Expenses, court-awarded attorney's fees and expenses, Notice and Administrative Expenses, and any other expenses and awards the Court may order), will be distributed to Settlement Class Members who timely submit either valid Proofs of Claim or Release Forms (as the case may be) establishing "Recognized Losses" according to the Plan of Allocation described below.

To the extent there are sufficient funds in the Distribution Amount, each Authorized Claimant will receive an amount equal to the Authorized Claimant's allowable Recognized Loss, as defined below, reduced by the Fair Fund Ratio Amount of any Fair Fund Distribution that such Authorized Claimant received from the Fair Fund created in *SEC v. American International Group, Inc.*, 06 Civ. 1000 (S.D.N.Y.) (LAP). No one will receive a distribution from the Settlement that exceeds 100% of their total Recognized Loss(es). If, however, the Distribution Amount is not sufficient to permit payment of the total of all Recognized Losses, then each Authorized Claimant will be paid the percentage of the

Distribution Amount that each Authorized Claimant's Recognized Loss (less any Fair Fund Ratio Amount) bears to the total of all the Recognized Losses (less all Fair Fund Ratio Amounts) of all Authorized Claimants. You will be eligible to participate in the distribution only to the extent you have a net loss on your transactions in AIG debt securities, or on your combined transactions in AIG common stock and options. Payment in this manner will be deemed conclusive against all Authorized Claimants. In no event will any Authorized Claimant receive an amount greater than its Recognized Loss less any Fair Fund Ratio Amount it received.

For all purposes, the transaction date and not the settlement date shall be used as the date for determining inflation per share and eligibility to file a claim. All purchases and sales of AIG Securities shall be accounted for and matched using the first-in-first-out (FIFO) method of accounting. Gifts and transfers of securities are not eligible purchases. The covering purchase of a "short" sale is not an eligible purchase.

The Plan of Allocation is not intended to estimate the amount a Settlement Class Member might have been able to recover after a trial, nor is it intended to estimate the amount that will be paid to Authorized Claimants. The Plan of Allocation is the basis upon which the Distribution Amount will be proportionately divided among the Authorized Claimants. The Court will be asked to approve the Administrator's determinations before the Distribution Amount is distributed to Authorized Claimants. No distributions to Authorized Claimants who would receive less than \$10.00 will be made, given the administrative expenses of processing and mailing such checks.

If funds remain in the Escrow Account after all distributions, AIG might request return of the leftover amount. If AIG does not make such a request, or if AIG's request is denied as to some or all funds, then the remaining funds will be given to non-sectarian, not-for-profit organization(s) chosen by Hon. Layn R. Phillips (Ret.) based on suggestions by Lead Plaintiff and AIG.

There will be no distribution of the Distribution Amount until a Plan of Allocation is finally approved by the Court and affirmed on appeal (if an appeal is filed) and the time for any petition for rehearing, appeal or review, whether by *certiorari* or otherwise, has expired. The Released Persons have no liability, obligation or responsibility for the administration of the Settlement or disbursement of the Distribution Amount.

Each person wishing to participate in the distribution must timely submit a valid claim form and all required documentation or Release Form (as the case may be) **no later than January 23, 2012**, to the address listed below and set forth in the Proof of Claim form or Release Form. The Proof of Claim form and Release Form include a general release of each of the Released Defendant Parties. See the section called "How do I participate in the Settlement? What do I need to do?" below.

The Court has reserved jurisdiction to allow, disallow or adjust on equitable grounds the Authorized Claim of any Settlement Class Member. The Court also reserves the right to modify the Plan of Allocation without further notice to Settlement Class Members. Payment pursuant to the Plan of Allocation approved by the Court shall be conclusive against all Authorized Claimants. No person shall have any claim against Lead Plaintiff, their counsel, the Claims Administrator, the Escrow Agent or other agents designated by counsel based on distributions made substantially in accordance with the Agreement and the Settlement contained therein, the Plan of Allocation, or further orders of the Court.

THE PROPOSED PLAN OF ALLOCATION - CALCULATION OF RECOGNIZED LOSS AMOUNT

Calculation of Recognized Loss for AIG Common Stock Purchases

A. For shares purchased on or between October 28, 1999 through April 1, 2005, the following Recognized Losses shall be allowed, subject to the limitations set forth in Section B:

1. For each share that was (a) sold on or between October 28, 1999 and October 13, 2004, (b) purchased on or after October 15, 2004 and sold on or before March 16, 2005, or (c) purchased on or after March 17, 2005, and sold on or before March 29, 2005, the Recognized Loss shall be 10% of the difference between the inflation per share at the time of purchase, for the applicable date of purchase, less the inflation per share at the time of sale, subject to a limit of \$0.20 per share. Inflation per share shall be determined at each transaction date based on the percentage inflation applicable to that date as set forth in Table 1 times the price paid, excluding any commission, fees or other adjustments;

2. For each share not covered by 1 above and sold on or before April 1, 2005, the Recognized Loss shall be the inflation per share at the time of purchase, for the applicable date of purchase, less the inflation per share at the time of sale. Inflation per share shall be determined at each transaction date based on the percentage inflation applicable to that date as set forth in Table 1 times the price paid or received, excluding any commission, fees or other adjustments; and
 3. For each share not covered by 1 above and sold after April 1, 2005, the Recognized Loss shall be the inflation per share at the time of purchase. Inflation per share shall be determined at each purchase transaction date based on price paid or received, excluding any commission, fees or other adjustments.
- B. The following limitations on a Recognized Loss shall be applied:
1. In addition to the annexed Table 1 relating to Section 10(b) AIG common stock claims, the Recognized Loss for such shares purchased during the Class Period shall be limited (as provided for under Private Securities Litigation Reform Act of 1995 "PSLRA") to the smallest of the following: (i) the difference between the price paid and the price received (out-of-pocket investment loss) if sold on or before April 1, 2005; (ii) the difference between the price paid (excluding all fees and commissions) and the average closing price as set forth in Table 2 below, if sold between April 4, 2005 and June 29, 2005; or (iii) the difference between the price per share paid and \$53.70 per share if the shares were held on the close of business on June 29, 2005.
 2. If a claimant received a Fair Fund Distribution(s), such claimant's total Recognized Loss(es) under the Plan shall be reduced by seven-eighths (7/8th) of its Fair Fund Distribution(s) (the Fair Fund Ratio Amount(s)).
 3. In no event will a claimant receive a distribution from the Settlement that exceeds 100% of the claimant's total Recognized Loss(es), reduced by the Fair Fund Ratio Amount(s). You will be eligible for a recovery under the Plan only to the extent you have a net loss on your combined transactions in AIG common stock and options.

Calculation of Recognized Loss for AIG Call and Put Options

The AIG Options entitled to recover shall include all purchased AIG Call Options (excluding AIG Call Options purchased to cover or offset a previously sold, or written AIG Call Option) and all initially sold, or written, AIG Put Options (excluding those AIG Put Options sold, or written, to cover or otherwise offset a previously purchased AIG Put Option) during the period from October 28, 1999 through April 1, 2005.

Artificial inflation and Recognized Losses as to AIG Call Options and artificial deflation and Recognized Losses as to AIG Put Options will be computed based on the artificial inflation in AIG's common stock as described above. To determine artificial inflation for AIG Call Options and artificial deflation for AIG Put Options, Lead Plaintiff's damages consultant considered these securities' price changes that occurred in reaction to certain public announcements regarding AIG and then made adjustments for changes that were attributable to market forces unrelated to the alleged fraud in prices of such call and put options. Lead Plaintiff's damages consultant then developed formulas (see below) from which the Recognized Losses for AIG Call and Put Options may be calculated.

If a claimant received a Fair Fund Distribution(s), such claimant's total Recognized Loss(es) under the Plan shall be reduced by seven-eighths (7/8th) of its Fair Fund Distribution(s) (the Fair Fund Ratio Amount(s)). In no event will a claimant receive a distribution from the Settlement that exceeds 100% of the claimant's total Recognized Loss(es), reduced by the Fair Fund Ratio Amount(s). You will be eligible for a recovery under the Plan only to the extent you have a net loss on your combined transactions in AIG common stock and options.

AIG Call Options

With respect to purchases and sales (covers) of AIG Call Options during the period from October 28, 1999 through April 1, 2005, the artificial inflation per Option on a given day shall be the dollar reduction in the value of the AIG Call Option with the same exercise (or strike price) and same date of expiration on that day as a result of the inflation in AIG's common share price at the close of trading. The dollar reduction in the value of Call Options will be calculated using the Black-Scholes call option pricing formula (using the implied volatility for an at-the-money call option, annual dividend yield, and the appropriate annual interest rate on that day as set forth in Table 3 below) and the closing share price of AIG common stock on the transaction date ("AIG Price" as set forth in Table 3) compared with the

Black-Scholes call option pricing formula value for the Call Option using the uninflated closing share price of AIG common stock ("AIG True Value" as set forth in Table 3) on that same date.

A. For such Call Options which (1) expired, were exercised or were sold (or the position was otherwise closed out) prior to October 14, 2004, (2) were purchased on or after October 15, 2004 and expired, were exercised or were sold (or the position was otherwise closed out) sold on or before March 16, 2005, or (3) were purchased on or after March 17, 2005, and expired, were exercised or were sold (or the position was otherwise closed out) on or before March 29, 2005, the Recognized Loss shall be 10% times that number of options multiplied by the lesser of:

1. the difference between artificial inflation per Call Option on the date of purchase and artificial inflation per Call Option on the date of expiration, exercise, or sale, as appropriate; or
2. the difference between the purchase price per option and the sale price or value realized upon exercise or expiration per option (\$0.00 if the call option expired worthless).

B. For such Call Options not covered by A above which (1) expired after October 13, 2004 and on or before April 1, 2005, (2) were exercised for cash (or the shares immediately sold) on or between October 14, 2004 and April 1, 2005, or (3) were sold (position closed out) on or between October 14, 2004 and April 1, 2005, the Recognized Loss shall be that number of options multiplied by the lesser of:

1. the difference between artificial inflation per Call Option on the date of purchase and artificial inflation per Call Option on the date of expiration, exercise, or sale, as appropriate; or
2. the difference between the purchase price per option and the sale price or value realized upon exercise or expiration per option (\$0.00 if the call option expired worthless).

C. For such Call Options not covered by A above which (1) expired worthless after October 14, 2004 or (2) were retained at the end of trading on April 1, 2005, the Recognized Loss shall be that number of options multiplied by the lesser of:

1. the artificial inflation per Call Option on the date of purchase; or
2. the difference between the purchase price per option and the sale or realized proceeds price per option (\$0.00 if the call option expired worthless).

AIG Put Options

With respect to AIG Put Options written or purchased (covered) during the period from October 28, 1999 through April 1, 2005, the artificial deflation per AIG Put Option on a given day shall be the dollar decrease in the value of an AIG Put Option with the same exercise price and expiration date as the subject option at the close of trading on that day as a result of the inflation in AIG's common share price. The dollar decrease (artificial deflation) in the value of the Put Option will be calculated using the Black-Scholes put option pricing formula (using the implied volatility for an at-the-money put option, annual dividend yield, and annual interest rate on that day set forth in Table 3 below) and the closing share price of AIG common stock on the transaction date ("AIG Price" as set forth in Table 3) compared with the Black-Scholes pricing formula value for the Put Option using the uninflated closing share price of AIG common stock ("AIG True Value" as set forth in Table 3) on that same date.

A. For such Put Options which (1) expired, were exercised or were purchased/covered (position closed out) prior to October 14, 2004, (2) were written on or after October 15, 2004 and expired, were exercised or were purchased/covered (position closed out) on or before March 16, 2005, or (3) were written on or after March 17, 2005, and expired, were exercised or were purchased/covered (position closed out) on or before March 29, 2005 the Recognized Loss shall be 10% times that number of options multiplied by the lesser of:

1. the difference between artificial deflation per Put Option on the date the option was written and artificial deflation per Option on the date of expiration, exercise, or purchase, as appropriate; or
2. the difference between the purchase price, exercise price, or expiration price per option paid (\$0.00 if the put option expired worthless) and the written price per option received.

B. For such initially written (sold) Put Options not covered by A above which (1) expired after October 13, 2004 and on or before April 1, 2005, (2) were exercised on or between October 14, 2004 and April 4, 2005, or (3) were

purchased/covered (position closed out) on or between October 14, 2004 and April 1, 2005, the Recognized Loss shall be that number of options multiplied by the lesser of:

1. the difference between artificial deflation per Put Option on the date the option was written and artificial deflation per Option on the date of expiration, exercise, or purchase, as appropriate; or
2. the difference between the purchase price, exercise price, or expiration price per option paid (\$0.00 if the put option expired worthless) and the written price per option received.

C. For such initially written (sold) Put Options not covered by A above which were retained at the end of trading on April 1, 2005, the Recognized Loss shall be that number of options multiplied by the lesser of:

1. the artificial deflation per Put Option on the date the put option was written; or
2. the difference between the purchase price, exercise price, or expiration price per option paid (\$0.00 if the put option expired worthless) and the written price per option received, if purchased (covered), expired, or exercised on or before June 29, 2005.

Calculation of Recognized Loss for AIG Debt Securities Purchases

The Class Period for purchases of AIG debt securities is from October 28, 1999 through April 1, 2005. AIG debt securities that have matured, were called, put or converted were not damaged by the alleged fraud and, therefore, shall not be eligible for recovery under the Plan and all transactions in such securities shall be ignored. The AIG debt securities outstanding as of October 13, 2004 and eligible to participate in recovery under the Plan are listed in Table 4 below. You will be eligible for recovery under the Plan only to the extent you have a net loss on your transactions in AIG debt securities.

The "AIG Debt Settlement Fund" shall be created by apportioning up to 5% of the Distribution Amount. If the Total Recognized Losses for AIG debt securities eligible to participate under the Plan are equal to or less than the AIG Debt Settlement Fund, then the such Total Recognized Losses shall be recoverable and the remaining portion, if any, of the AIG Debt Settlement Fund shall revert back to the Distribution Amount for recovery under the AIG Common Stock and AIG Call and Put Options provisions of this Plan. If the Total Recognized Losses for AIG debt securities eligible to participate under the Plan are more than the AIG Debt Settlement Fund, such Total Recognized Losses shall be paid pro rata.

If a claimant received a Fair Fund Distribution(s), such claimant's total Recognized Loss(es) under the Plan shall be reduced by seven-eighths (7/8th) of its Fair Fund Distribution(s) (the Fair Fund Ratio Amount(s)). In no event will a claimant receive a distribution from the Settlement that exceeds 100% of the claimant's total Recognized Loss(es), reduced by the Fair Fund Ratio Amount(s).

Calculation of Recognized Loss for AIG Debt Securities:

For AIG debt securities purchased on or between October 28, 1999 and April 1, 2005, the following the Recognized Losses shall be allowed:

- A. For each unit sold on or between October 28, 1999 and October 13, 2004, the Recognized Loss shall be 5% of the difference between the purchase price paid and the sale price received (out-of-pocket investment loss);
- B. For each unit sold on or between October 14, 2004 and March 14, 2005, the Recognized Loss shall be 10% of the difference between the purchase price paid and the sale price received (out-of-pocket investment loss);
- C. For each unit sold on or between March 15, 2005 and April 1, 2005, the Recognized Loss shall be 15% of the difference between the purchase price paid and the sale price received (out-of-pocket investment loss);
- D. For each unit sold on or between April 2, 2005 and June 29, 2005, the Recognized Loss shall be 15% of the lesser of: (i) the difference between the purchase price paid and the sale price received (out-of-pocket investment loss); or (ii) the difference between the purchase price paid and the average price on date of sale in Table 5 below;
- E. For each unit sold on or between June 30, 2005 and December 15, 2010, the Recognized Loss shall be 15% of the lesser of: (i) the difference between the purchase price paid and the sale price received (out-of-pocket investment loss); or (ii) the difference between the purchase price paid and the average price as of June 29, 2005 as set forth in Table 5 below; and
- F. For each unit held as of the close of business on April 1, 2005 and not sold as of December 15, 2010, the Recognized Loss shall be 15% of the difference between the purchase price paid and the average price as of June 29, 2005 as set forth in Table 5 below.
- G. For each unit that was (a) sold on or between October 28, 1999 and October 13, 2004, (b) purchased on or after October 15, 2004 and sold on or before March 16, 2005, or (c) purchased on or after March 17, 2005, and sold on or before March 29, 2005, the Recognized Loss shall be subject to a further limit of 0.5% of the purchase price.

The Recognized Loss for damages for units purchased during the Class Period shall be further limited (as provided for under the PSLRA) to the smallest of the following: (i) the difference between the price paid and the price received (out-of-pocket investment loss) if sold on or before June 29, 2005; (ii) the difference between the price paid and the average closing price as set forth in Table 5 below if sold between April 4, 2005 and December 15, 2010; or (iii) the difference between the price paid and the average price as of June 29, 2005 as set forth in Table 5 below, if held as of the close of business on June 29, 2005.

How do I participate in the Settlement? What do I need to do?

The Court has certified the Settlement Class for purposes of this Settlement only. As discussed above, if you purchased or acquired AIG Securities during the period from October 28, 1999 through April 1, 2005, inclusive and you were damaged and you are not one of the people specifically excluded by the definition of the Settlement Class, you are a Settlement Class Member unless you take steps to get out of the Settlement Class.

As a Settlement Class Member, you will be bound by the proposed Settlement provided for in the Agreement if it is approved by the Court, as well as by any judgment or determination of the Court affecting the Settlement Class. Even if you do not submit a Proof of Claim form or Release Form to receive a part of the recovery, unless otherwise provided by the Court, you will be forever barred from receiving any payments pursuant to the Settlement set forth in the Agreement, but will, in all other respects, be subject to the provisions of the Agreement, including the terms of any judgments entered and the releases given.

Please read the instructions carefully, fill out the Proof of Claim form, include all the documents the form asks for, sign it, and mail it to the Administrator by first class mail, **postmarked no later than January 23, 2012**. The Administrator needs all of the information requested in the Proof of Claim in order to determine what you may be entitled to.

If you already submitted a Proof of Claim form in the PwC Settlement, the trading information you already supplied will be used to determine your claim in this Settlement. DO NOT submit another Proof of Claim. Instead, you will receive a Release Form that must be completed and signed in order for you to recover. (See "What if I already submitted a claim form in the PwC Settlement?") However, if you have additional transactional information that you did not submit on your PwC Proof of Claim form that you would like considered in the calculation of your claim in this Settlement with AIG, submit a Proof of Claim in this Settlement.

The Court may disallow or adjust the claim of any Settlement Class Member. The Court also may modify the Plan of Allocation without further notice to the Settlement Class. Each Claimant will be deemed to have submitted to the jurisdiction of the United States District Court for the Southern District of New York with respect to his, her or its Proof of Claim form.

If you do not wish to remain a Settlement Class Member, you may exclude yourself from the Settlement Class by following the instructions in the section called, "What if I do not want to participate in the Settlement? How do I exclude myself?" below.

If you object to the Settlement or any of its terms, the proposed Plan of Allocation, Lead Plaintiff's counsel's application for attorneys' fees and reimbursement of litigation expenses, or Lead Plaintiff's application for expenses and if you do not exclude yourself from the Settlement Class, you may present your objections by following the instructions in the section called, "What if I want to object to the Settlement? When and where will the Court decide whether to approve the Settlement? May I speak at the hearing if I do not like the Settlement?" below.

What if I already submitted a claim form in the PwC Settlement?

If you have already submitted a Proof of Claim form in connection with the previously announced PwC Settlement, **DO NOT** complete a new Proof of Claim form now. The trading information you already provided will be used to determine your claim in this Settlement with AIG. Instead, you must complete and submit a Release Form and mail it to the Administrator by first class mail, **postmarked no later than January 23, 2012**, in order to recover. Alternatively, you may submit your Release Form through the Administrator's website, www.AIGSecuritiesLitigationCompanySettlement.com.

The deadline for Proof of Claim forms in the PwC Settlement was January 28, 2009. If you submitted your PwC Proof of Claim form on time, you should have received a postcard acknowledgment of receipt by March 16, 2009 and you will be mailed a Release Form. If you have not received a postcard or Release Form by November 15, 2011, please contact the Administrator at (888) 356-0263.

What if I do not want to participate in the Settlement? How do I exclude myself?

Each Settlement Class Member will be bound by all determinations and judgments in this Action concerning the Settlement, whether favorable or unfavorable, unless such person mails, by first class mail, a written request for exclusion from the Settlement Class, **postmarked no later than December 30, 2011**, addressed to *AIG Securities Litigation – Company EXCLUSIONS*, c/o Rust Consulting, Inc, P.O. Box 24676, West Palm Beach, FL 33416. No person may exclude himself, herself or itself from the Settlement Class after this deadline. You may not exclude yourself by telephone or e-mail.

In order to be valid, each request for exclusion must set forth the name and address of the person or entity requesting exclusion, must state that such person or entity "requests exclusion from the AIG Settlement Class in In re AIG Securities Litigation, Master File No. 04-8141 (DAB)" and must be signed by such person or entity. The following information **must also** be provided: your name, your address, your daytime telephone number; and documents establishing the date(s),

price(s), and number(s) of shares of all purchases, other acquisitions, and sales of AIG Securities during the Class Period. Requests for exclusion will NOT be accepted if the requests do not include the required information, are undocumented or if the requests are not made within the time stated above, unless the requests for exclusion are otherwise accepted by the Court.

If a Settlement Class Member requests to be excluded from the Settlement Class, that Class Member will not receive any benefit provided for in the Agreement.

If a Settlement Class Member requests exclusion from the Settlement Class and later seeks to pursue an action against AIG and to obtain discovery taken by Lead Counsel, Lead Plaintiff will in all likelihood seek advance payment on behalf of the Settlement Class for the reasonable costs (including the value of Lead Counsel's time, *i.e.*, "lodestar") related to such discovery. If Lead Plaintiff and any such person or entity are unable to agree upon the amount of such compensation, Lead Plaintiff will in all likelihood make a motion requesting payment. If Lead Plaintiff elects to do so, it will request, for example, an order from the Court providing that such a person or entity that timely and validly excludes itself from the Settlement Class and subsequently files a claim against AIG related to the matters covered by the Settlement shall be required to compensate the Settlement Class for the costs (including lodestar) associated with any deposition transcripts (including exhibits) it receives in connection with such legal proceeding if the depositions were taken as part of discovery in the Action. Likewise, Lead Plaintiff may make a motion if any such person or entity seeks access to the electronic document repository, currently hosting more than 53.5 million pages of documents, that was established and maintained in significant part by Lead Plaintiff. Lead Plaintiff may seek an order requiring such person or entity to compensate the Settlement Class a reasonable amount for the costs (including lodestar) associated with establishing and maintaining the electronic document repository since August 2006.

Lead Plaintiff may request that the amount of such compensation shall be determined by the Court based on the size of the claim being asserted, using the number of allegedly damaged shares owned by the excluded Class Member, and the cost to the Settlement Class of obtaining the discovery being sought, which shall include Lead Counsel's lodestar and expenses directly or indirectly related to that discovery. Discovery in the Action included 97 depositions, based upon, *inter alia*, the review and analysis of the 53.5 million pages of documents mentioned above. Lead Counsel represents that the aggregate amount of Lead Counsel's lodestar attributable to discovery efforts alone is tens of millions of dollars.

AIG is not required to join in any such application.
