# **EXHIBIT A**

AMENDED CERTIFICATION

I, Luke Bierman, hereby certify as follows:

1. I am an attorney duly admitted to the practice of the law in the Courts of the State of New York and am General Counsel to Thomas P. DiNapoli, Comptroller of the State of New York and, as such, Administrative Head of the New York State and Local Retirement Systems and as Trustee of the New York State Common Retirement Fund (“NYSCRF”).

2. NYSCRF did not purchase securities of Countrywide Financial Corp. (“Countrywide”) at the direction of counsel, Labaton Sucharow LLP, in order to participate in any private action arising under the Private Securities Litigation Reform Act (the “PSLRA”).

3. I have reviewed and authorized the filing of the CONSOLIDATED AMENDED CLASS ACTION COMPLAINT FOR VIOLATIONS OF THE FEDERAL SECURITIES LAWS prepared against Countrywide.

4. NYSCRF wants to serve as a lead plaintiff in this action and all other related actions that may be consolidated with it. A lead plaintiff is a representative party who acts on behalf of a class in directing the consolidated action, and whose duties may include testifying at deposition and trial.

5. NYSCRF’s transactions in the securities of Countrywide during the Class Period are reflected in Exhibit A, attached hereto.

6. NYSCRF has sought to serve as a lead plaintiff in the following class actions under the federal securities laws during the last three years:

*In re Merck & Co., Securities, Derivative and “ERISA” Litigation*, Civil Action No. 05 MDL 1658 (D.N.J.) (NYSCRF was not appointed as a lead plaintiff)

*In re Countrywide Financial Corp. Securities Litigation*, Case No. CV 07-05295 MRP (C.D. Cal.) (Appointed)

7. NYSCRF has also sought to serve or has served as a class representative in the following class actions that were filed under the federal securities laws more than three (3) years prior to April 2, 2008:

*In re Bayer AG Securities Litigation*, Civil Action No. 1:03-cv-1546 (S.D.N.Y.)

*In re WorldCom, Inc. Securities Litigation*, Civil Action No. 02-cv-3288 (S.D.N.Y.)

*In re Salomon Analyst Litigation (WorldCom)*, Civil Action No. 02-cv-3687 (S.D.N.Y.)

*In re Global Crossing Ltd., Securities Litigation*, Civil Action No. 02 MDL 1472 (S.D.N.Y.)  
(NYSCRF was not appointed as a lead plaintiff)

*In re Chubb Corp. Securities Litigation*, Civil Action No. 3:00-cv-04285 (D.N.J.)

*In re Raytheon Company Securities Litigation*, Civil Action No. 99-cv-12141 (D. Mass.)

*HBOC McKesson, Inc. Securities Litigation*, Civil Action No. 99-cv-20743 (N.D. Cal.)

*In re Cendant Corp. Securities Litigation*, Civil Action No. 98-cv-1664 (D.N.J.)

8. NYSCRF will not accept payment for serving as representative party, beyond its pro rata share of any recovery, except such reasonable costs and expenses directly related to its representation of the class as ordered by the court.

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge, information and belief.

**AMENDED CERTIFICATION**

I, Lewis Finkelman, as Deputy Comptroller for Legal Affairs and General Counsel for the Office of the New York City Comptroller, provide the following certification on behalf of the New York City Employees' Retirement System ("NYCERS"), and hereby certify as follows:

1. I am fully authorized to enter into and execute this Certification on behalf of NYCERS. I have reviewed and authorized the filing of the CONSOLIDATED AMENDED CLASS ACTION COMPLAINT FOR VIOLATIONS OF THE FEDERAL SECURITIES LAWS prepared against Countrywide Financial Corporation ("Countrywide").

2. NYCERS did not purchase securities of Countrywide at the direction of counsel or in order to participate in any private action under the federal securities laws.

3. NYCERS understands the responsibilities of serving as a lead plaintiff and class representative in this action and is willing to undertake these responsibilities, including providing testimony at deposition and trial, if necessary. NYCERS maintains regular communication with its attorneys, and will work with them to achieve the best possible recovery on behalf of the class of shareholders it now seeks to represent.

4. NYCERS's transactions in the securities of Countrywide during the Class Period are reflected in Exhibit A, attached hereto.

5. NYCERS has not sought to serve as a lead plaintiff in a class action under the federal securities laws during the last three years, except for the following:

*In re Juniper Securities Litigation*, No. C-06-4327-JW (N.D. Cal.) (*Appointed*)

*Vogel v. Jobs*, No. C-06-05208-JF (N.D. Cal.) (*Appointed*)

*In re Countrywide Financial Corp. Securities Litigation*, Case No. CV 07-05295 MRP (C.D. Cal.) (*Appointed*)

6. Beyond its pro rata share of any recovery, NYCERS will not accept payment for serving as a lead plaintiff on behalf of the class, except the reimbursement of such reasonable costs and expenses (including lost wages) as ordered or approved by the Court.

I declare under penalty of perjury that the foregoing is true and correct this 7<sup>th</sup> day of April, 2008.

I, Lewis Finkelman, as Deputy Comptroller for Legal Affairs and General Counsel for the Office of the New York City Comptroller, provide the following certification on behalf of the New York City Board of Education Retirement System (“NYC BOE”), and hereby certify as follows:

1. I am fully authorized to enter into and execute this Certification on behalf of NYC BOE. I have reviewed and authorized the filing of the CONSOLIDATED AMENDED CLASS ACTION COMPLAINT FOR VIOLATIONS OF THE FEDERAL SECURITIES LAWS prepared against Countrywide Financial Corporation (“Countrywide”).

2. NYC BOE did not purchase securities of Countrywide at the direction of counsel or in order to participate in any private action under the federal securities laws.

3. NYC BOE understands the responsibilities of serving as a lead plaintiff and class representative in this action and is willing to undertake these responsibilities, including providing testimony at deposition and trial, if necessary. NYC BOE maintains regular communication with its attorneys, and will work with them to achieve the best possible recovery on behalf of the class of shareholders it now seeks to represent.

4. NYC BOE’s transactions in the securities of Countrywide during the Class Period are reflected in Exhibit A, attached hereto.

5. NYC BOE has not sought to serve as a lead plaintiff in a class action under the federal securities laws during the last three years, except for the following:

*In re Countrywide Financial Corp. Securities Litigation*, Case No. CV 07-05295 MRP (C.D. Cal.) (*Appointed*)

6. Beyond its pro rata share of any recovery, NYC BOE will not accept payment for serving as a lead plaintiff on behalf of the class, except the reimbursement of such reasonable costs and expenses (including lost wages) as ordered or approved by the Court.

I declare under penalty of perjury that the foregoing is true and correct this 7<sup>th</sup> day of April, 2008.

## METHODOLOGY FOR ANALYSIS OF AGGREGATE FICO SCORE DISTRIBUTIONS IN COUNTRYWIDE LOAN SECURITIZATIONS

Lead Counsel downloaded all Forms 424(b)(3), 424(b)(5), 424(b)(8), and FWP (prospectus supplements) filed with the SEC by CWABS, Inc., CWMBS, Inc., CWABS, Inc., and CWHEQ, Inc. and affiliated Structured Investment Vehicles (“SIVs”) between March 12, 2004 and March 7, 2008. A total of 1,357 SEC filings were downloaded, in both PDF and Excel format to the extent the filings were available in those formats. A unique control number was assigned to each SEC filing.

Lead Counsel delivered all of the downloaded Form 424(b)(5) filings, totaling 1,019 documents in PDF format and 984 in Excel format, to a retained professional services firm (the “Consultant”) via secure FTP (File Transfer Protocol) server. All of these Form 424(b)(5) filings (collectively, the “Prospectuses”) are listed in Exhibit 84 to the Countrywide Defendants’ motion to dismiss filed with the Court on June 11, 2008.

Among the 984 Prospectuses in Excel format, 910 contained one or more tables detailing the distribution of securitized loans and loan balances to borrowers with FICO scores within particular ranges (“FICO Tables”). None of the 35 Prospectus Supplements that was available solely in PDF format contained FICO Tables.

In the Excel versions of the Prospectuses, FICO Tables generally occupied their own worksheet within the multi-worksheet Excel file. Under Lead Counsel’s supervision, the Consultant extracted 2,096 FICO tables from the referenced group of 910 Prospectuses, containing a total of 25,408 records.

The Consultant developed and delivered to Lead Counsel a Microsoft Access database of the extracted FICO data. Each of the 25,408 records corresponds to a particular row on a particular FICO Table, and each individual record contained the following data:

- A FICO Range Value taken from the first column of the table, *e.g.*, 641-660.
- The number of securitized mortgage loans in that FICO range.
- The aggregate principal balance outstanding within that FICO range.
- The control number of the file from which the record was extracted.

- The date on which the Prospectus corresponding to the control number was filed with the SEC.
- The worksheet within the multi-sheet Excel workbook from which the record was extracted.
- The Countrywide subsidiary (CWALT, CWABS, CWMBS, or CWHEQ) that issued the Prospectus.
- The particular SIV that issued the Prospectus.

The FICO Tables contained in the Prospectuses did not use a uniform series of FICO Range Values. Rather, the database delivered by the Consultant contained 257 unique FICO Range Values, some of which overlapped, *e.g.*, 621-640 versus 620-681. Lead Counsel directed the Consultant to “normalize” the FICO Table data, such that all FICO Range Values in the database would be aggregated and merged into a unified series of FICO Range Values. Data normalization is a way to design relational database tables to ensure logical and structural integrity and reduce the amount of data duplication.

The First Level Normalization was designed to interpret the FICO Range Values literally and translate them into a common machine-readable syntax that preserved their exact mathematical sense. Using proprietary software, the Consultant created a corpus of the language used within all of the FICO Tables in the Prospectuses using an extraction of the complete body of text. The First Level Normalization generally normalized FICO Range Values with common numerical ranges but which did not read identically; *e.g.*, “581 - 600” versus “581-600” or “619 and below” versus “619 or less.” The First Level Normalization reduced the initial 257 unique FICO Range Values to 67 unique FICO Range Values.

The Second Level Normalization was designed to generate a set of normalized FICO Range Values that would consolidate FICO bands with 1-point differences. For purposes of this analysis, and for example, loan data in the 601-620 FICO band in one Prospectus was treated the same as loan data in the 600-619 FICO band in another Prospectus. The Second Level Normalization further reduced the number of unique FICO Range Values from 67 to 44. For each row in a FICO Table, the resulting value of the First Level Normalization was translated into the result of the Second Level Normalization, *e.g.*, “661-680” normalized to “660-680,” and “659 or Less” normalized to “660 or Less.”

Prospectuses contained as many as 16 “Loan Groups,” each with one or more FICO Tables. Some of the Prospectuses contained FICO Tables that represented aggregations of FICO data from other FICO Tables in the same Prospectus. To

avoid double-counting, Lead Counsel identified such “Rollup Tables” by comparing the numbers in the table with other tables in the same Prospectus, and excluded them from the analysis.

Review and analysis of the Prospectuses also revealed that some of them contained duplicate loan data, such that an identical FICO Table appeared in more than one Prospectus. To avoid double-counting, Lead Counsel identified duplicate pairs and excluded them from the analysis. Lead Counsel identified 181 pairs of duplicate FICO Tables. If the pair of duplicate FICO Tables appeared in Prospectuses filed on different dates, the FICO Table from the later-filed Prospectus was excluded. If the pair of duplicate FICO Tables appeared in Prospectuses filed on the same date, one was excluded at random.

Using the properly formatted Microsoft Access database, Lead Counsel inputted various Excel formulas and queries to identify and add the records that matched normalized FICO Range Values and other relevant criteria, and to determine various percentage results.

This analysis took Lead Counsel and the Consultant together approximately 894 hours to complete. The Consultant recorded an additional 52 computational hours separate and apart from professional service hours.
