

Fees for applications made outside or inside the UK under the Immigration Rules

The below fees are intended as an illustration and are not a quote. VAT at a rate of 20 per cent will be applied in addition to our fee, unless an exemption applies. Disbursements (costs related to the matter that are payable to third parties) are also excluded. We also advise on making immigration applications outside the Immigration Rules, and fees are quoted for this on a case-by-case basis.

Please contact a member of our immigration team to discuss your specific circumstances and to receive an individual fee quote.
