## 2 OTHER IMPORTANT INFORMATION

Monies deposited into a JISA cannot be withdrawn or transferred until the nominated child attains 18 years of age. The child can have access to the account and can control it themselves from 16 years of age.

It is important to remember that the price of units or shares, and the income from them, can fall as well as rise and are not guaranteed and that investors may not get back the amount originally invested. Past performance is not a guide to future performance. The issue of units or shares in the Funds within the Liontrust ISA may be subject to an initial charge, which is likely to have an impact on the realisable value of the investment, particularly in the short term. You should always regard stock market investment as long-term.

## 3 TAX

The levels and bases of, and reliefs from, taxation can change under future legislation and the value of such relief depends upon the investor. Any statement on taxation in any documentation pertaining to this ISA is based on our understanding of current legislation and tax practice at the time of issue.

Some funds issue Accumulation units or shares only where the distribution income is reflected in the fund price.
