Occupational Therapy **9.9**
Physical Therapy **7.3**
Speech Therapy **11.1**

REAL PROGRESS

On average, patients improved 16.4 points on the OPTIMAL functional scale, a measure of everyday abilities like walking, lifting and daily tasks.

WHO WE SERVE

"As a provider, I have referred multiple patients to (NMMC-Tupelo) outpatient therapy. They were all very grateful and their condition improved after completion. I have completed PT at Longtown following knee replacement and greatly benefitted. My surgeon was very happy with outcomes."
– Referring Physician

"I was very pleased with the service, and y'all have got a great staff. Looking forward to future visits with y'all. And I will recommend you to my friends and family. Thank you."
– Patient
