## Independent Auditor's Report

To the Board of Trustees  
Michigan State University

We have audited the basic financial statements of Michigan State University for the year ended June 30, 2006 and have issued our report thereon dated September 22, 2006. Those basic financial statements are the responsibility of the management of Michigan State University. Our responsibility was to express an opinion on those basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements of Michigan State University taken as a whole. The schedule of expenditures of federal awards is presented for the purpose of additional analysis and is not a required part of the basic financial statements. The information in this schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Report on Internal Control Over Financial Reporting and on Compliance  
and Other Matters Based on an Audit of Financial Statements Performed  
in Accordance with *Government Auditing Standards*

To the Board of Trustees  
Michigan State University

We have audited the financial statements of Michigan State University as of and for the year ended June 30, 2006 and have issued our report thereon dated September 22, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered Michigan State University's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Michigan State University's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

To the Board of Trustees  
Michigan State University

This report is intended solely for the information and use of the finance and audit committee, board of trustees, management, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Report on Compliance with Requirements Applicable to Each Major  
Program and on Internal Control Over Compliance in Accordance  
with OMB Circular A-133

To the Board of Trustees  
Michigan State University

**Compliance with Applicable Requirements**

We have audited the compliance of Michigan State University with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2006. The major federal programs of Michigan State University are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Michigan State University's management. Our responsibility is to express an opinion on Michigan State University's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Michigan State University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Michigan State University's compliance with those requirements.

In our opinion, Michigan State University complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2006. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements that are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 2006-01, 2006-02, and 2006-03.

To the Board of Trustees  
Michigan State University

## **Internal Control Over Compliance**

The management of Michigan State University is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Michigan State University's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

We noted certain matters involving the internal control over compliance and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgment, could adversely affect Michigan State University's ability to administer its major federal programs in accordance with applicable requirements of laws, regulations, contracts, and grants. The reportable conditions are described in the accompanying schedule of findings and questioned costs as items 2006-01, 2006-02, and 2006-03.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are considered to be material weaknesses. However, we believe the reportable conditions described above are not material weaknesses.

This report is intended solely for the information and use of the finance and audit committee, board of trustees, management, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

## Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2006

### Note 1 - Summary of Significant Accounting Policies

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Michigan State University (the "University") and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

### Note 2 - Indirect Costs

Included as federal expenditures are indirect costs of \$48,202,349, which are based on rates negotiated with the cognizant agency.

### Note 3 - Commingled Funds

Certain pass-through funds consist of commingled funds from federal and nonfederal sources. The commingled component cannot be separated to specify the individual funding sources; therefore, the total amount is included in the schedule of federal expenditures.

### Note 4 - Catalog of Federal Domestic Assistance (CFDA) Numbers

All programs with identifiable CFDA numbers have been listed separately. Award numbers have been provided for all programs for which CFDA numbers were not available.

### Note 5 - Subrecipient Awards

During the fiscal year ended June 30, 2006, the University disbursed funds to subrecipients for use in instruction, research, and other areas. The amounts disbursed are as follows:

Purpose	Amount
Instruction	\$ 1,847,796
Research	21,108,993
Other	1,724,427
Total	<u>\$ 24,681,216</u>

### Note 6 - Federal Student Loans Granted and Outstanding

The University administers several student loan programs for which funding to provide loans is from federal contributions and repayments of existing student loans (revolving funds). These loans, as listed below and in the following paragraphs, have been excluded from the schedule of expenditures of federal awards. A summary of current year loans granted and loans outstanding for the Federal Perkins loan, the health professions student loans, and nursing student loan programs are as follows:

CFDA	Loans	
Number	Loans Granted	Outstanding
84.038	\$ 8,398,351	\$ 35,935,226
93.342	165,659	1,194,652
93.342	363,098	958,843
93.342	84,935	620,919
93.342	290,263	706,560
93.342	563,100	3,647,046
93.342	38,775	198,695
93.364	-	4,089
	<u>\$ 9,904,181</u>	<u>\$ 43,266,030</u>

The University participates in the U.S. Department of Education Federal Family Education Loan Program (CFDA #84.032). During the fiscal year ended June 30, 2006, the University's undergraduate students received \$124,418,000 in new loans under this program. Under the U.S. Department of Education Federal Family Education Loan Program, the University participates as the school as lender for graduate and professional degree student loans. For the year ended June 30, 2006, the University distributed \$78,363,686 in loans as the originating lender.

### Section III - Federal Program Audit Findings

Reference Number	Findings
2006-01	<p><b>Program Name</b> - Student Financial Aid Cluster - Federal Family Education Loan Program #84.032 and Federal Perkins Loan Program #84.038 - Direct from the U.S. Department of Education, 2005-2006</p> <p><b>Finding Type</b> - Noncompliance/Reportable condition</p> <p><b>Criteria</b> - If a student receives Title IV funding and withdraws from all attempted courses, fails all attempted courses, or a combination of the two, the student's academic progress must be evaluated to determine if a return of Title IV funds is required. If it is determined that the student did not earn the entire amount of Title IV funding, then the unearned amounts must be returned to the federal government within 30 days of the student's withdrawal. Withdrawal dates are defined as the time when the student officially withdraws or expresses notification to withdraw or, if the student does not officially withdraw, the date that the University determines the student is no longer in attendance (34 CFR section 668.173(b) and 668.22(j)).</p> <p><b>Condition</b> - For four out of the 25 students selected for Title IV refund testing, the funds which had not been earned were not remitted into the federal funds account and returned to the U.S. Department of Education within 30 days of becoming aware that the student had dropped classes.</p> <p><b>Questioned Costs</b> - None</p> <p><b>Cause and Effect</b> - Federal funds were not remitted to the federal government within the required number of days.</p> <p><b>Recommendation</b> - Often delays in remitting funds to the federal government result from the Office of Financial Aid (OFA) not being informed of the student's withdrawal early enough to meet the 30-day requirement (which changes to 45 days for 2007). We suggest that the University continue to stress the importance of communication between faculty and other applicable offices and the controller's office when knowledge of a student dropping classes occurs. The University should review the processes in place and determine if they can be modified to prevent future findings in this area.</p>

### Section III - Federal Program Audit Findings (Continued)

Reference Number	Findings
2006-01 (continued)	<p><b>Program Name</b> - Student Financial Aid Cluster - Federal Family Education Loan Program #84.032 and Federal Perkins Loan Program #84.038 - Direct from the U.S. Department of Education, 2005-2006</p> <p><b>Views of Responsible Officials and Planned Corrective Actions</b> - The University recognizes that there was a minor process problem resulting in federal funds not always being remitted to the federal government within the required number of days. Independent of this audit, prompted by a process review after a staffing change, the University modified its handling of refund calculations to facilitate timely remittance of funds to the federal government.</p>

## Schedule of Findings and Questioned Costs (Continued) Year Ended June 30, 2006

### Section III - Federal Program Audit Findings (Continued)

Reference Number	Findings
2006-02	<p><b>Program Name</b> - Student Financial Aid Cluster - Federal Perkins Loan Program #84.038 - Direct from U.S. Department of Education, 2005-2006</p> <p><b>Finding Type</b> - Noncompliance/Reportable condition</p> <p><b>Criteria</b> - The National Student Loan Data System (NSLDS) is a national database of information about loans and other financial aid awarded to students under Title IV. Institutions transmit data to NSLDS pertaining to the original loan amount issued to students and the current balance outstanding (34 CFR section 682.610).</p> <p><b>Condition</b> - Information related to Perkins loan reversal for one student of the 26 tested was not updated on the NSLDS correctly as the corresponding reversal had not been transmitted properly through the University's online submission.</p> <p><b>Questioned Costs</b> - None</p> <p><b>Cause and Effect</b> - Information had not been updated correctly in the NSLDS database, resulting in an incorrect outstanding loan balance showing for the student. The University discovered an error in its system upload and has since corrected the upload data and made sure the student's loan data was correct in NSLDS.</p> <p><b>Recommendation</b> - The University should review the processes and procedures in place to upload outstanding loan balance changes to ensure the uploads are working correctly. The University should consider testing the uploaded data on a sample basis to ensure it is reflective of actual University student loan activity.</p> <p><b>Views of Responsible Officials and Planned Corrective Actions</b> - The department has reviewed the processes in place to properly update NSLDS with Perkins loan account balances on a timely basis. We provide a file to NSLDS on a monthly basis. It has been determined, based on the account in question, that an error in our software prevented the account from being included in the file and therefore not reported.</p>

### Section III - Federal Program Audit Findings (Continued)

Reference Number	Findings
2006-03	<p><b>Program Name</b> - Student Financial Aid Cluster - Federal Perkins Loan Program #84.038 - Direct from U.S. Department of Education</p> <p><b>Finding Type</b> - Noncompliance/reportable condition</p> <p><b>Criteria</b> - In order to receive a partial cancellation of a Perkins loan, the request for partial cancellation of a loan due must be completed and signed by an authorized official in the case of teacher, law enforcement, or military cancellation (34 CFR sections 674.33 through 674.40).</p> <p><b>Condition</b> - The request for partial cancellation of one of the 25 loans selected for cancellation testing was not signed by the employer of the borrower.</p> <p><b>Questioned Costs</b> - None</p> <p><b>Cause and Effect</b> - The request form was not properly completed and could have resulted in an improper cancellation.</p> <p><b>Recommendation</b> - After this finding was noted, the University verified the student's occupation via a phone conversation with the employer and has requested a new cancellation form. We recommend the University review their processes over loan cancellations to ensure this does not occur in the future.</p> <p><b>Views of Responsible Officials and Planned Corrective Actions</b> - The request for a partial cancellation should have been signed by an authorized official prior to granting the student a partial cancellation of their Perkins loan. The department has reviewed our loan cancellation process and has determined that the analyst involved in approving the cancellation made an error in judgment when they thought the loan period in question was already covered by a signature already on file. We have subsequently contacted the employer and obtained the proper signatures.</p>

A-133 Single Audit Report: Summary Schedule of Prior Audit Findings

Year ended June 30, 2005

**Finding 05-1**

**Grant Program/CFDA #:** Research and Development Cluster/Variou

**Federal Agency/Pass-Through Entity:** Various

**Federal Award#:** Various

**Requirement:** *Procurement.* OMB Circular A-110, section .13, requires federal awarding agencies and recipients to comply with the procurement and non-procurement debarment and suspension common rule implementing Executive Orders 12549 and 12689, "Debarment and Suspension." This common rule restricts subawards and contracts with certain parties that are debarred, suspended or otherwise excluded from or ineligible for participation in Federal assistance programs or activities.

Documentation needs to be maintained providing evidence those parties receiving awards greater than \$100,000 are certified as not suspended or debarred. Effective November 26, 2003, verification of non-suspension or debarment needs to be obtained for contractors receiving awards greater than \$25,000. Checking the Excluded Parties List System and obtaining a certification from the contractor would accomplish verification.

**Finding:** The University could not provide documented evidence whether contractors are certified as not being suspended or debarred for 9 out of 60 items selected for testwork. Based on a review of the Excluded Parties List System, none of the contractors noted above were suspended or debarred. 30 of the 60 items sampled represent sub-awards to subrecipients of which no exceptions were noted.

**Questioned Costs:** None

**Systemic or Isolated:** This instance of noncompliance is systemic.

**Effect of Finding:** The University might have a business relationship with a contractor that is suspended or debarred and could potentially lose federal funding due to non-compliance.

**Recommendation:** Documentation should be maintained regarding suspended and debarred contractors.

**Status of Finding**

This finding is Corrected.

**A-133 Single Audit Report: Summary Schedule of Prior Audit Findings**

**Year ended June 30, 2005**

***Finding 05-2***

**Grant Program/CFDA #:** Research and Development Cluster/Various

**Federal Agency/Pass-Through Entity:** Various

**Federal Award#:** Various

**Requirement:** *Subrecipient Monitoring.* OMB Circular A-133, Section .400(d), requires that pass-through entities ensure the following:

- (1) Subrecipients expending \$300,000 (\$500,000 for fiscal years ending after December 31, 2003) or more in Federal awards during the subrecipient's fiscal year have met the audit requirements of this part for that fiscal year;
- (2) Issue a management decision on audit findings within six months after receipt of the subrecipient's audit report and ensure that the subrecipient takes appropriate and timely corrective action; and
- (3) Consider whether subrecipient audits necessitate adjustment of the pass-through entity's own records.

**Finding:** The University did not obtain the most current audit reports or maintain any other communication to verify that a review of the audit reports was performed for 10 out of 30 subrecipients selected for testwork.

**Questioned Costs:** None

**Systemic or Isolated:** This instance of noncompliance is systemic.

**Effect of Finding:** The University could potentially lose federal funding due to non-compliance.

**Recommendation:** A system should be maintained that ensures that all subrecipient audit reports are obtained and findings, if any, are subsequently resolved.

**Status of Finding**

This finding is Corrected.

**A-133 Single Audit Report: Corrective Action Plan**

**Year ended June 30, 2006**

***Finding 2006-01***

**Program Name** – Student Financial Aid Cluster – Federal Family Education Loan Program #84.032 and Federal Perkins Loan Program #84.038 – Direct from the U.S. Department of Education, 2005-2006

**Finding Type** – Noncompliance/Reportable Condition

**Corrective Action Plan** – The University recognizes that there was a minor process problem resulting in federal funds not always being remitted to the federal government within the required number of days. Independent of this audit, prompted by a process review after a staffing change, MSU modified its handling of refund calculations to facilitate timely remittance of funds to the federal government. It should also be noted that new federal regulations now allow a longer time period to remit funds which will help ensure timely remittance.

**Position of Responsible Official** – Manager of Student Accounts, Office of the Controller

**Date Completed** – September 2006

***Finding 2006-02***

**Program Name** – Student Financial Aid Cluster – Federal Perkins Loan Program #84.038 – Direct from U.S. Department of Education, 2005-2006

**Finding Type** – Noncompliance/Reportable Condition

**Corrective Action Plan** – The department has reviewed the processes in place to properly update NSLDS with Perkins loan account balances on a timely basis.

We provide a file to NSLDS on a monthly basis. It has been determined, based on the account in question, that an error in our software prevented the account from being included in the file and therefore not reported.

Our billing software vendor has taken corrective action and the file submitted December 2006 has corrected the account in question.

The department has reviewed our loan cancellation process and has determined that the analyst involved in approving the cancellation made an error in judgment when they thought the loan period in question was already covered by a signature already on file.

We have subsequently contacted the employer and obtained the proper signatures.

We feel that our underlying processes for the granting of loan cancellations is appropriate, that an individual error was made by the analyst involved with the account, and all staff have been reminded of the need to verify the loan period in question when reviewing a signed cancellation request form.
