Independent Auditor's Report

To the Board of Trustees
Michigan State University

We have audited the basic financial statements of Michigan State University for the year ended June 30, 2007 and have issued our report thereon dated October 5, 2007. Those basic financial statements are the responsibility of the management of Michigan State University. Our responsibility was to express opinions on those basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements of Michigan State University taken as a whole. The accompanying schedule of expenditures of federal awards is presented for the purpose of additional analysis and is not a required part of the financial statements. The information in this schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements Performed
in Accordance with *Government Auditing Standards*

To the Board of Trustees
Michigan State University

We have audited the financial statements of Michigan State University as of and for the year ended June 30, 2007 and have issued our report thereon dated October 5, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Michigan State University's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

To the Board of Trustees
Michigan State University

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Michigan State University's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the finance and audit committee, board of trustees, management, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Report on Compliance with Requirements Applicable to Each Major
Program and on Internal Control Over Compliance in Accordance
with OMB Circular A-133

To the Board of Trustees
Michigan State University

Compliance

We have audited the compliance of Michigan State University with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2007. The major federal programs of Michigan State University are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of management. Our responsibility is to express an opinion on Michigan State University's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Michigan State University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Michigan State University's compliance with those requirements.

In our opinion, Michigan State University complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2007. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements and other items that are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 2007-01, 2007-02, and 2007-03.

To the Board of Trustees
Michigan State University

Internal Control Over Compliance

The management of Michigan State University is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Michigan State University's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over compliance and its operation that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement for a major program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a major federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement for a major program that is more than inconsequential will not be prevented or detected by the entity's internal controls. We consider the control deficiencies described in the accompanying Schedule of Findings and Questioned Costs as items 2007-01, 2007-02, and 2007-03 to be significant deficiencies in internal control over compliance.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that noncompliance that is material to a type of compliance requirement for a major program will not be prevented or detected by the entity's internal control. Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control over compliance that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe none of the significant deficiencies described above is a material weakness.

Managements' response to the significant deficiencies and findings relating to compliance and other matters identified in our audit and described in the accompanying schedule of findings and questioned costs has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

To the Board of Trustees
Michigan State University

Michigan State University

Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2007

Note 1 - Significant Accounting Policies

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Michigan State University (the "University") and is presented on the same basis of accounting as the basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Note 2 - Indirect Costs

Included as federal expenditures are indirect costs of \$47,108,691, which are based on rates negotiated with the cognizant agency.

Note 3 - Commingled Funds

Certain pass-through funds consist of commingled funds from federal and nonfederal sources. The commingled component cannot be separated to specify the individual funding sources; therefore, the total amount is included in the schedule of expenditures of federal awards.

Note 4 - Catalog of Federal Domestic Assistance (CFDA) Numbers

All programs with identifiable CFDA numbers have been listed separately. Award numbers have been provided for all programs for which CFDA numbers were not available.

Note 5 - Subrecipient Awards

During the fiscal year ended June 30, 2007, the University disbursed funds to subrecipients for use in instruction, research, and other areas. The amounts disbursed are as follows:

Federal Program Purpose	Amount
Instruction	\$ 1,089,828
Research	20,654,049
Public Service	3,729,106
Total	<u>\$ 25,472,983</u>

Michigan State University

Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2007

Note 5 - Subrecipient Awards (Continued)

The amounts disbursed are further classified by federal agency as follows:

Federal Agency	Amount Distributed to Subrecipients
Agency for International Development	\$ 6,189,714
Department of Health and Human Services	5,646,605
Department of Agriculture	4,832,713
National Science Foundation	3,857,644
Other Federal Agencies	1,484,677
Environmental Protection Agency	1,085,463
Department of Defense	878,510
National Aeronautics and Space Administration	577,106
Department of Energy	426,146
Department of Education	316,535
Department of Justice	177,870
Total	<u>\$ 25,472,983</u>

Michigan State University

Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2007

Note 6 - Federal Student Loans Granted and Outstanding

The University administers several student loan programs for which funding to provide loans is from federal contributions and repayments of existing student loans (revolving funds). These loans, as listed below and in the following paragraphs, have been excluded from the schedule of expenditures of federal awards. A summary of current year loans granted and loans outstanding for the Federal Perkins loan, the health professions student loans, and nursing student loan programs are as follows:

CFDA Number	Loans	
	Loans Granted	Outstanding
84.038	\$ 7,403,559	\$ 36,180,399
93.342	53,170	1,112,969
93.342	170,017	1,004,662
93.342	75,606	603,158
93.342	214,299	855,400
93.342	649,333	3,864,802
93.342	60,000	224,309
93.364	-	4,089
Total	<u>\$ 8,625,984</u>	<u>\$ 43,849,788</u>

The University participates in the U.S. Department of Education Federal Family Education Loan Program (CFDA #84.032). During the fiscal year ended June 30, 2007, the University's undergraduate students received \$132,797,000 in new loans under this program. Under the U.S. Department of Education Federal Family Education Loan Program, the University participates as the school as lender for graduate and professional degree student loans. For the year ended June 30, 2007, the University distributed \$87,252,900 in loans as the originating lender under the U.S. Department of Education Federal Family Education Loan School as Lender Program (CFDA #84.032).

Schedule of Findings and Questioned Costs (Continued) Year Ended June 30, 2007

Section III - Federal Program Audit Findings

Reference Number	Findings
2007-01	<p>Program Name - Major Program - Student Financial Aid Cluster - U.S. Department of Education Federal Family Education Loan (FFEL) Program 2006-2007 CFDA #84.032</p> <p>Finding Type - Noncompliance/Significant Deficiency</p> <p>Criteria - Under the FFEL program, schools must complete and return within 30 days of receipt the student status confirmation reports (SSCR) sent by the U.S. Department of Education or a guaranty agency. The University determines how often it receives the SSCR, but the minimum is twice a year. Unless the University expects to complete its next SSCR within 60 days, the University must notify the lender or the guaranty agency within 30 days, if it discovers that a student who received a loan either did not enroll or ceased to be enrolled on at least a half-time basis (FFEL, 34 CFR section 682.610).</p> <p>Condition - For one of the 25 students selected for student status change notification testing, the University did not notify the Clearinghouse of a change in student status due to a withdrawal until November 2007. One other student in the sample of 25 was reported to the Clearinghouse upon graduation. However, both students were not updated timely to the National Student Loan Data System (NSLDS).</p> <p>Questioned Costs - None</p> <p>Context - The sample of 25 students was selected from the population of students that had either graduated, withdrew, or dropped below half-time.</p> <p>Cause and Effect - Student status changes were not properly submitted to the Clearinghouse, which resulted in the information being reported by the National Student Loan Data System (NSLDS) to not be accurate. This resulted from a misunderstanding between two departments within the University, with each department assuming the responsibility was that of the other. In addition, there appears to be an issue with reporting a student's change in status twice within the same semester; the latter update will override the first status change.</p>

Michigan State University

Schedule of Findings and Questioned Costs (Continued) Year Ended June 30, 2007

Section III - Federal Program Audit Findings (Continued)

Reference Number	Findings
2007-01 (continued)	<p>Program Name - Major Program - Student Financial Aid Cluster - U.S. Department of Education Federal Family Education Loan (FFEL) Program 2006-2007 CFDA #84.032</p> <p>Recommendation - Delays in notifying NSLDS and lenders of a student status change are the result of the office of the registrar not being informed of the student status changes early enough to meet the 30-day requirement. The University should review the process in place and determine if the process can be modified to prevent future findings in this area.</p> <p>Views of Responsible Officials and Planned Corrective Actions - The student withdrawal cited took place for exceptional reasons four months after the end of the semester in question. The semester had been completed and communication with the Clearinghouse had been timely and accurate prior to and through the semester. The subsequent retroactive withdrawal processed appropriately through University academic and financial systems without effect. As of this response, all retroactive status changes will be entered into the records held by the Clearinghouse for the use of NSLDS.</p>

Michigan State University

Schedule of Findings and Questioned Costs (Continued) Year Ended June 30, 2007

Section III - Federal Program Audit Findings (Continued)

Reference Number	Findings
2007-02	<p>Program Name - Nonmajor Program - Research and Development Cluster - Department of Energy - CFDA #81.087 - Direct, Grant #DE-FC26-04NT42281</p> <p>Finding Type - Noncompliance/Significant Deficiency</p> <p>Criteria - Circular A-21 requires that only allowable costs be charged to a federal program.</p> <p>Condition - A student employee converted University funds to personal use by submitting falsified time sheets to receive wages for work not performed on a federal grant for the periods ended November 6, 2005 through the period ended March 11, 2007. The University's internal audit department notified us of the issue as this program was not tested.</p> <p>Questioned Costs - \$24,996.65 (Unallowable costs were removed from the project on April 6, 2007.)</p> <p>Context - The student employee was hired to work on the Department of Energy grant program on May 9, 2005. The student was required to prepare a time sheet every two weeks, obtain a supervisor approval, and then turn in the time sheet to the Engineering Building. The student's employment ended on October 23, 2005; however, he continued to submit time sheets every two weeks to the Engineering Building by forging his supervisor's signature.</p> <p>Cause and Effect - The Department to which the falsified time sheets were submitted was unaware the student's employment had ended and time sheets continued to be entered into the payroll system. This resulted in the student employee being inappropriately paid and the federal grant inappropriately charged. Due to turnover in the department office, the amount was questioned and, at the request of the department, the internal audit department performed a full investigation. The University returned the inappropriate charges to the Department of Energy and pursued a legal course of action against the individual who submitted falsified time sheets. The University also informed the Inspector General of the granting agency of the issue and to the courses of action taken by the University to resolve the matter.</p>

2007-02 (continued)	<p>Program Name - Nonmajor Program - Research and Development Cluster - Department of Energy - CFDA #81.087 - Direct, Grant #DE-FC26-04NT42281</p> <p>Views of Responsible Officials and Planned Corrective Actions - The MSU Department of Police and Public Safety and the County Prosecutor pursued legal action in this matter against the individual in question. The individual has made full restitution to the University and the case is now considered closed. The Inspector General of the granting agency has been provided full details of the investigative report prepared by Michigan State University's internal audit department. The University is waiting to hear back from the Inspector General of the granting agency on any further courses of action that are deemed necessary.</p>

Section III - Federal Program Audit Findings (Continued)

Reference Number	Findings
2007-03	<p>Program Name - Nonmajor Program - Research and Development Cluster - National Science Foundation - Education and Human Services - CFDA #47.076, Passed through the University of Chicago, Subgrant 5612.MSU.01</p> <p>Finding Type - Noncompliance/Significant Deficiency</p> <p>Criteria - Circular A-21 requires that only allowable costs be charged to a federal program.</p> <p>Condition - An employee of the University inappropriately used University purchasing cards for personal expenses. Of total fraudulent charges of \$32,096.96, a portion of these expenses totaling \$11,765.78 was charged to a federal grant through journal entries during the time frame of September 2006 through November 2006. The University's internal audit department notified us of the issue as this program was not tested.</p> <p>Questioned Costs - \$11,765.78 (Unallowable costs were removed from the project on June 30, 2007.)</p> <p>Context - The employee had the authorization to create and record journal entries for grant programs within her department. The employee charged her monthly purchasing card bills to a federal grant for a three-month period as computer supplies, which were allowable under the grant. The purchasing card administrator performed an online review of purchasing card transactions at June 30, 2007 and identified unusual transactions on the card.</p> <p>Cause and Effect - The employee's supervisor did not review and approve the purchasing card statements and related receipts monthly, as required by University procedures, and did not ensure the fund ledgers, which included the purchasing card activity, were reconciled. This resulted in unauthorized purchasing card use, a portion of which was charged to a federal grant. The employee has been discharged and an investigation was performed by the University's internal audit department. The internal audit report was turned over to the MSU Department of Police and Public Safety and legal avenues are being pursued. The Inspector General of the granting agency has been informed of the issue and a full report has been provided to them. The amount in question has been returned to the granting agency.</p>

A-133 Single Audit Report: Summary Schedule of Prior Audit Findings

Year ended June 30, 2006

Finding 2006-01

Program Name – Student Financial Aid Cluster – Federal Family Education Loan Program #84.032 and Federal Perkins Loan Program #84.038 – Direct from the U.S. Department of Education, 2005-2006

Finding Type – Noncompliance/Reportable Condition

Corrective Action Plan – The University recognizes that there was a minor process problem resulting in federal funds not always being remitted to the federal government within the required number of days. Independent of this audit, prompted by a process review after a staffing change, MSU modified its handling of refund calculations to facilitate timely remittance of funds to the federal government. It should also be noted that new federal regulations now allow a longer time period to remit funds which will help ensure timely remittance.

Position of Responsible Official – Manager of Student Accounts, Office of the Controller

Status of Finding

This finding is corrected.

Finding 2006-02

Program Name – Student Financial Aid Cluster – Federal Perkins Loan Program #84.038 – Direct from U.S. Department of Education, 2005-2006

Finding Type – Noncompliance/Reportable Condition

Corrective Action Plan – The department has reviewed the processes in place to properly update NSLDS with Perkins loan account balances on a timely basis.

We provide a file to NSLDS on a monthly basis. It has been determined, based on the account in question, that an error in our software prevented the account from being included in the file and therefore not reported.

Our billing software vender has taken corrective action and the file submitted December 2006 has corrected the account in question.

A-133 Single Audit Report: Summary Schedule of Prior Audit Findings

Year ended June 30, 2006

Position of Responsible Official – Manager of Loans Receivable, Office of the Controller

Status of Finding

This finding is corrected.

Finding 2006-03

Program Name – Student Financial Aid Cluster – Federal Perkins Loan Program #84.038 – Direct from U.S. Department of Education

Finding Type – Noncompliance/Reportable Condition

Corrective Action Plan – The request for a partial cancellation should have been signed by an authorized official prior to granting the student a partial cancellation of his Perkins loan.

The department has reviewed our loan cancellation process and has determined that the analyst involved in approving the cancellation made an error in judgment when he thought the loan period in question was already covered by a signature already on file.

We have subsequently contacted the employer and obtained the proper signatures.

We feel that our underlying processes for the granting of loan cancellations is appropriate, that an individual error was made by the analyst involved with the account, and all staff have been reminded of the need to verify the loan period in question when reviewing a signed cancellation request form.

A-133 Single Audit Report: Corrective Action Plan

Year ended June 30, 2007

Finding 2007-01

Program Name – Major Program - Student Financial Aid Cluster – U.S. Department of Education Federal Family Education Loan (FFEL) Program 2006-2007 CFDA #84.032

Finding Type – Noncompliance/Significant Deficiency

Corrective Action Plan – The student withdrawal cited took place for exceptional reasons four months after the end of the semester in question. The semester had been completed and communication with the Clearinghouse had been timely and accurate prior to and through the semester. The subsequent retroactive withdrawal processed appropriately through University academic and financial systems without effect. All retroactive status changes will be entered into the records held by the Clearinghouse for the use of NSLDS.

Finding 2007-02

Program Name – Nonmajor Program – Research and Development Cluster – Department of Energy – CFDA #81.087 – Direct, Grant #DE-FC26-04NT42281

Finding Type – Noncompliance/Significant Deficiency

Corrective Action Plan – The MSU Department of Police and Public Safety and the county prosecutor pursued legal action in this matter against the individual in question. The individual has made full restitution to the University, unallowable costs were removed April 6, 2007, and the case is now considered closed. The Inspector General of the granting agency has been provided full details of the investigative report prepared by Michigan State University's internal audit department. The University is waiting to hear back from the Inspector General of the granting agency on any further courses of action that are deemed necessary.
