Year ended June 30, 2004

Finding 04-1

Grant Program/CFDA #: Research and Development Cluster/Variou

Requirement: *Activities Allowed or Unallowed and Allowable Costs/Cost Principles – OMB Circular A-21, Cost Principles for Educational Institutions*, requires the maintenance of certified time and effort activity reports that support the salary costs charged to grants. These reports should be prepared each academic term and no later than every six months.

Finding: For 8 out of 30 items selected for testwork, certified time and effort activity reports were obtained, but not in a timely manner.

Questioned Costs: None

Systemic or Isolated: This instance of noncompliance is systemic.

Effect of Finding: Salary cost could be expensed to the wrong grant. The University could potentially lose federal funding due to non-compliance.

Recommendation: Time and effort reporting needs to be done in a timely manner to support all salary charges expensed to grants.
