**MICHIGAN STATE**  
**UNIVERSITY**

A regular meeting of the University Council was held on January 27, 2026, at 3:15 PM via Zoom with President Guskiewicz presiding. The agenda was approved as presented. The minutes of November 27, 2026, meeting were approved as presented.

## **Remarks**

President Guskiewicz, Provost Laura Lee McIntyre, and Faculty Senate Chairperson John Aerni-Flessner, provided remarks to the University Council.

## **Report of Committee on the Institutional Support for Research and Creative Activities (CISR)**

Chair Aerni-Flessner gave a summary of the final report from the Committee on Institutional Support for Research and Creative Activities (CISR), which was formed in November 2024. The committee included 13 faculty from 11 colleges, plus representatives from the Office of the Vice President for Research and Innovation, University Advancement, and the former Office of Faculty and Academic Staff Development. He said the committee gathered information through surveys of department chairs, school directors, and research deans, as well as interviews with research support units across the university. The report shows funding conditions before recent changes in the budget environment. Chair Aerni-Flessner described four main sources of research funding at MSU: base budget support, indirect cost returns, revenue-based initiatives, and philanthropic funding. He pointed out concerns about unequal distribution, effects on research productivity and retention, and differences across appointment types, including cases where faculty paid research expenses themselves. He shared key recommendations, such as making research funding decisions based on shared governance, reviewing funding models as budgets change, using the comprehensive campaign to support research with new endowments and expendable funds, checking the sustainability of area studies centers and similar units, and reassessing internal funding programs that have lost value due to inflation. Chair Aerni-Flessner said the report has been shared with research deans and senior administrators, is not restricted, and can be shared widely for feedback.

## **Ai- Ad Hoc Committee**

Elizabeth Gardner expressed concerns about creating an AI ad hoc committee in Academic Governance before understanding the roles of other related committees. She asked that the proposal be postponed until more information is available. The University Council agreed to table the proposal, with no objections.

## **Update from Council of Graduate Students COGS**

President Kothari shared an update from the Council of Graduate Students (COGS), mentioning that the last report to University Council was in October and summarizing what COGS has done since then. She described strong participation in graduate student events, such as Coffee and Connections, and announced upcoming activities like a sewing workshop, ice skating, and rock climbing. She also highlighted the 18th Annual Graduate Academic Conference, set for February 21, 2026, at the MSU Union, and encouraged faculty and departments to attend and support graduate student research. President Kothari talked about financial support for graduate students, including about \$9,000 for conference travel, \$17,500 for professional development with the Graduate School, and an increased \$11,000 donation to the MSU Food Bank after recent SNAP benefit disruptions. She added that COGS has decided to join the national Graduate Coalition policy platform, with plans to review this decision each year. Looking ahead, she said COGS is reviewing its bylaws and governance, especially the election process, as they get ready for spring elections and leadership changes. President Kothari also brought up concerns about public transportation for graduate students, especially issues with bus frequency, reliability, and limited evening service, and said she plans to discuss these with administrators. She finished by recognizing the retirements of Dr. Doug Gage and Dr. Alan Shaw and thanked them for their long-term support of graduate and professional students.
