WELCOME TO THE SCHOOL OF CRIMINAL JUSTICE!

Welcome to the School of Criminal Justice at Michigan State University! We are eager to assist you in any way so please seek us out with any questions or concerns. This student planning guide is intended for undergraduate students in the School of Criminal Justice. This guide will help you learn and understand the Criminal Justice degree requirements, MSU policies and procedures relevant to your academics and resources available for students on campus.

Criminal justice offers the opportunity to study fascinating issues of crime and justice. Some of the matters studied are the patterns and causes of crime, the challenges facing criminal justice agencies as they seek to balance crime control with preservation of civil liberties, and the growing importance of security management in what has been called the "risk society".

By declaring Criminal Justice as your major, you have taken an important step in achieving your future goals. The Criminal Justice degree completion requirements include a structured set of courses required by the University, the College of Social Science and the School of Criminal Justice. CJ students typically have significant flexibility to customize their academic experience due to a generous number of elective credits available within the degree structure. Our students participate in high level internships in all areas of the field, study CJ overseas through study abroad opportunities, take a class with incarcerated individuals through the Inside-Out program, and participate in several CJ student run clubs.

The School of Criminal Justice is housed in Baker Hall.

ACADEMIC INTEGRITY

Academic integrity and responsibility are fundamental values in a community of scholars. Doing your own work – and taking responsibility for that work – allows you to test your own abilities and receive honest feedback. Honesty and integrity within the University are fundamental to building the trust that is required for students and faculty to thrive and learn from one another. Violating this social contract erodes this trust. As students new to the university, it is important to be aware of your responsibilities as members of the MSU academic community.

It is also important to understand that cheating and plagiarizing are considered fraud – a crime punishable by law enforcement outside the university. To clarify policies and procedures concerning academic integrity and academic misconduct at Michigan State University, visit the Ombudsperson at MSU (129 N. Kedzie Hall, 354 Farm Lane) or the Ombudsperson's web site: <http://ombud.msu.edu/>.
