

# List of Journals that Publish Health Science Education/Pharmacology Education

## 1. BMC Medical Education

**Journal's Scope:** BMC Medical Education is an open-access journal focusing on research in medical education, including undergraduate, postgraduate, and continuing education for medical, dental, nursing, and allied health professionals. It covers curriculum development, teaching methodologies, student assessment, and innovative educational approaches relevant to pharmacology education.

[Submission Guidelines](#)

**Indexed by:** PubMed, PubMed Central, Scopus, Emerging Sources Citation Index (ESCI), DOAJ, Google Scholar, and others.

**Open-Access:** Yes (check if it is only open or if this is hybrid)

**Charges (Publication Fee):** Yes, an Article Processing Charge (APC) is required upon acceptance. Waivers or discounts may be available for authors with financial need, applied for at submission.

---

## 2. JMIR Medical Education

**Journal's Scope:** JMIR Medical Education (JME) focuses on technology, innovation, and openness in medical education, including e-learning, virtual training, and training health professionals to use digital tools. It is particularly relevant for pharmacology educators exploring digital or open educational resources. The journal encourages the publication of open medical education materials and non-conventional articles.

[Submission Guidelines](#)

**Indexed by:** PubMed, PubMed Central, DOAJ, Scopus, EBSCO, and others.

### 3. Advances in Medical Education and Practice

[Journal's Scope](#): Published by Dove Press, this journal covers research on medical, dental, nursing, and allied health education, including undergraduate, postgraduate, and continuing education. It emphasizes curriculum development, teaching methodologies, student assessment, and innovative models linking education and healthcare, suitable for pharmacology education innovations.

[Submission Guidelines](#)

**Indexed by:** PubMed, PubMed Central, Emerging Sources Citation Index (ESCI), DOAJ, and others.

[Open-Access](#): Yes

Charges (Publication Fee): Yes, an APC is charged to cover editorial and production costs. The exact amount is not specified in the provided data, but discounts are available for specific collections.

---

### 4. Indian Journal of Physiology and Pharmacology (IJPP)

[Journal's Scope](#): IJPP publishes high-quality articles in physiology and pharmacology, including educational research relevant to these fields. It is suitable for pharmacology educators publishing studies on teaching methodologies or curriculum development in pharmacology.

[Submission Guidelines](#):

### Health Science Education/Pharmacology Education

**Indexed by:** EMBASE/Excerpta Medica, Scimago Journal

Ranking, Scopus, Web of Science (Biological Abstracts, BIOSIS Previews), Google Scholar, CrossRef, Portico.

**Open-Access:** Yes

Charges (Publication Fee): Not explicitly mentioned in the provided data, suggesting no or low APCs, but authors should confirm with the journal, as policies may vary.

---

#### 5. Journal of Medical Education and Curricular Development

**Journal's Scope:** This Sage journal focuses on medical education and curricular development across all health professions, including pharmacology education. It covers innovations in curriculum design, teaching strategies, and assessment methods, welcoming original research, reviews, and commentaries.

[Submission Guidelines](#)

**Indexed by:** PubMed, PubMed Central, DOAJ, and others.

**Open-Access:** Yes

Charges (Publication Fee): Yes, an APC is required (e.g., \$1848 for Perspectives in Medicinal Chemistry, a related Sage journal; exact fee for this journal may vary). Waivers or discounts may be available through Sage's accessibility initiatives.)

---

#### 6. Frontiers in Pharmacology

## List of Journals that Publish

### Health Science Education/Pharmacology Education

**Journal's Scope:** Frontiers in Pharmacology is a highly cited journal covering pharmacological discoveries, including educational research in pharmacology. It welcomes articles on teaching innovations, curriculum development, and training in pharmacology, particularly those advancing access to pharmacological education.

[Submission Guidelines](#)

**Indexed by:** PubMed, PubMed Central, DOAJ, Google Scholar, Chemical Abstracts Service, Scopus, and others.

**Open-Access:** Yes

**Charges (Publication Fee):** Yes, an APC is charged, though specific amounts are not provided in the data. Authors should check the journal's website for current fees. Institutional agreements may cover costs.

---

#### 7. Canadian Journal of Physiology and Pharmacology (CJPP)

**Journal's Scope:** CJPP, published since 1929, reports current research in physiology, nutrition, pharmacology, and toxicology, including basic and clinical research, education, and pedagogy relevant to pharmacology education. It publishes original research, reviews, perspectives, and symposium articles, focusing on topics like cardiovascular pharmacology, endocrinology, and opioid use disorder, but does not accept papers on plant or biological extracts with multiple active molecules. It's affiliated with the Canadian Society of Pharmacology and Therapeutics, Canadian Physiological Society, and International Academy of Cardiovascular Sciences.

[Submission Guidelines](#)

**Indexed by:** PubMed, MEDLINE, Scopus, Science Citation Index, Current Contents/Life Sciences, Chemical Abstracts, EMBASE, Google Scholar, EBSCO, OCLC, ProQuest, ResearchGate, CLOCKSS, Portico, and more.

## List of Journals that Publish

### Health Science Education/Pharmacology Education

**Open-Access:** Hybrid (subscription-based with open-access option). Corresponding authors from CRKN-affiliated institutions can publish open access at no cost; others receive a 25% discount on open-access fees.

Charges (Publication Fee): Yes, for open-access articles (APC varies; confirm with journal). No fees for subscription-based publication unless opting for open access. CRKN agreement waives APCs for eligible authors.

---

#### 8. Journal of Pharmacology and Experimental Therapeutics (JPET)

**Journal's Scope:** Published by the American Society for Pharmacology and Experimental Therapeutics (ASPET), JPET focuses on experimental therapeutics, covering pharmacology mechanisms, drug actions, and translational research. It's suitable for pharmacology educators publishing educational research on teaching experimental pharmacology or therapeutic innovations, including curriculum development or assessment methods.

[Submission Guidelines](#)

**Indexed by:** PubMed, MEDLINE, Scopus, Science Citation Index, Current Contents/Life Sciences, BIOSIS Previews, Chemical Abstracts, and others.

**Open-Access:** Hybrid (subscription-based with open-access option).

Charges (Publication Fee): Yes, for open-access articles (APC approximately \$2,500–\$3,000, subject to change). No fees for subscription-based publication unless opting for open access. Waivers may be available for authors from low-income countries.

---

# List of Journals that Publish Health Science Education/Pharmacology Education

## 9. British Journal of Pharmacology (BJP)

**Journal's Scope:** Published by the British Pharmacological Society, BJP is a leading journal covering all aspects of experimental pharmacology, including molecular, cellular, and clinical pharmacology. It welcomes educational research on pharmacology teaching, such as innovative curricula, e-learning, or assessment strategies, particularly if linked to pharmacological mechanisms or training.

[Submission Guidelines](#)

**Indexed by:** PubMed, MEDLINE, Scopus, Science Citation Index, Current Contents/Life Sciences, BIOSIS, EMBASE, and others.

**Open-Access:** Hybrid (subscription-based with open-access option).

Charges (Publication Fee): Yes, for open-access articles (APC approximately £2,200–£3,000/\$2,900–\$3,900, depending on article type). No fees for subscription-based publication unless opting for open access. Discounts or waivers may apply via Wiley's Research4Life program.

---

## 10. European Journal of Pharmacology

**Journal's Scope:** Published by Elsevier, this journal covers experimental pharmacology, focusing on mechanisms of action of structurally identified compounds across areas like neuropharmacology, cardiovascular pharmacology, and molecular pharmacology. It's suitable for pharmacology educators publishing educational research on teaching experimental methods or pharmacology concepts, provided it ties to mechanistic insights. Ethnopharmacological studies with plant extracts are not in scope.

[Submission Guidelines](#)

**Indexed by:** PubMed, MEDLINE, Scopus, Science Citation Index, EMBASE, BIOSIS, Chemical Abstracts, and others.

## List of Journals that Publish

### Health Science Education/Pharmacology Education

[Open-Access](#): Hybrid (subscription-based with open-access option).

Charges (Publication Fee): Yes, for open-access articles (APC approximately \$3,230, excluding taxes). No fees for subscription-based publication unless opting for open access. Elsevier offers waivers for authors from low-income countries.

---

#### 11. Medical Education

[Journal's Scope](#): Published by Wiley, Medical Education is a premier journal for health professional education, including pharmacology education. It covers curriculum design, teaching methods, assessment, and educational policy, welcoming research on innovative teaching in pharmacology, interprofessional education, or student outcomes.

[Submission Guidelines](#):

**Indexed by:** PubMed, MEDLINE, Scopus, ERIC, Social Sciences Citation Index, and others.

[Open-Access](#): Hybrid (subscription-based with open-access option).

Charges (Publication Fee): Yes, for open-access articles (APC approximately \$4,000). No fees for subscription-based publication unless opting for open access. Waivers may be available through Wiley's Research4Life program.

---

#### 12. Advances in Health Sciences Education

[Journal's Scope](#): Published by Springer, this journal focuses on theory and practice in health sciences education, including pharmacology. It emphasizes research on curriculum development, instructional design, assessment, and educational technology, making it ideal for pharmacology educators exploring pedagogical innovations.

## List of Journals that Publish

### Health Science Education/Pharmacology Education

[Submission Guidelines](#)

**Indexed by:** PubMed, MEDLINE, Scopus, ERIC, Social Sciences Citation Index, and others.

**Open-Access:** Hybrid (subscription-based with open-access option).

Charges (Publication Fee): Yes, for open-access articles (APC approximately €2,890/\$3,390). No fees for subscription-based publication unless opting for open access. Springer offers waivers for low-income countries.

---

### 13. Pharmacological Reviews

**Journal's Scope:** Published by ASPET, Pharmacological Reviews publishes authoritative reviews on pharmacology topics, including educational perspectives on teaching pharmacology. It's suitable for educators summarizing pedagogical advances or integrating educational strategies with pharmacological science, though it primarily focuses on comprehensive reviews.

[Submission Guidelines](#)

**Indexed by:** PubMed, MEDLINE, Scopus, Science Citation Index, Current Contents/Life Sciences, and others.

**Open-Access:** Hybrid (subscription-based with open-access option).

Charges (Publication Fee): Yes, for open-access articles (APC similar to JPET, approximately \$2,500–\$3,000). No fees for subscription-based publication unless opting for open access.

---

### 14. Clinical and Experimental Pharmacology and Physiology

## List of Journals that Publish

### Health Science Education/Pharmacology Education

**Journal's Scope:** Published by Wiley, this journal covers clinical and experimental pharmacology and physiology, aiming to translate basic research to clinical practice. It's suitable for pharmacology educators publishing educational research on teaching clinical pharmacology or experimental methods, particularly with a translational focus.

**Submission Guidelines**

**Indexed by:** PubMed, MEDLINE, Scopus, Science Citation Index, EMBASE, and others.

**Open-Access:** Hybrid (subscription-based with open-access option).

**Charges (Publication Fee):** Yes, for open-access articles (APC approximately \$3,000–\$4,000). No fees for subscription-based publication unless opting for open access.

#### 15. CBE—Life Sciences Education (LSE)

**Journals Scope:** Publishes research on biology education, including STEM bridge programs.

**Submission Guidelines:**

**Indexed by:** PubMed

**Ideal For:** Evaluations, program design, and outcomes in life sciences and STEM education.

#### 16. Frontiers in Public Health – Education and Promotion Section

**Journal Scope:** Focuses on community outreach, service-learning, and health literacy through STEM education.

**Submission Guidelines**

## List of Journals that Publish

### Health Science Education/Pharmacology Education

**Indexed By:** PubMed, MEDLINE, PubMed Central (PMC), Scopus, Web of Science Science Citation Index Expanded (SCIE), Google Scholar, DOAJ, CrossRef, Semantic Scholar, Ulrich's Periodicals Directory,

**Ideal For:** Manuscripts linking STEM education to public health, community engagement, and self-efficacy.

#### 17. Journal for STEM Education Research (Springer)

**Journal Scope:** Interdisciplinary journal promoting STEM education as a distinct field.

[Submission Guidelines](#)

**Indexed By:** Scopus, Web of Science (SSCI), Google Scholar, EBSCO, and ProQuest

**Ideal For:** Research with strong theoretical grounding or interdisciplinary approaches.

#### 18. Journal of STEM Education: Innovations and Research

**Journal Scope:** Peer-reviewed quarterly journal emphasizing real-world case studies and innovations in STEM education.

[Submission Guidelines](#)

## List of Journals that Publish

### Health Science Education/Pharmacology Education

**Indexed By:** Google Scholar, [SciSpace](#), and supports compatibility with citation managers like Endnote/Zotero/Mendeley through RIS and BibTeX formats.

**Ideal For:** Applied research, program evaluations, and practitioner-focused studies.

#### 19. Education Sciences (MDPI) – Special Issues

**Journal Scope:** Critical transitions, underserved student pathways, mentoring, and identity development in STEM

[Submission Guidelines](#)

**Indexed By:** Scopus and ESCI (Web of Science), as well as aggregators and repositories such as PsycInfo, J-Gate, ProQuest, and Google Scholar

**Ideal For:** Research on equity, persistence, and institutional barriers in STEM pathways.

#### Public Understanding of Science

**Scope:** A fully peer-reviewed international journal covering all aspects of the inter-relationships between science (including technology and medicine) and the public. It aims to serve the community of scholars by providing a reputable place to share research relevant to the journal scope. It also addresses scientists of all disciplines, research managers, and science communication practitioners in science museums and outreach departments.

**Submission guidelines:** <https://journals.sagepub.com/author-instructions/PUS>

**Indexed by:** MEDLINE, ISI Alerting Services, ISI Web of Science, Scopus, etc.

**Open-Access:** yes. **Charges:** no (if not open-access)

#### Science Communication

**Scope:** An international, interdisciplinary social science journal that examines such topics as the nature of scientific expertise as represented through communication and the processes or effects characterizing the communication of science in any context. Both qualitative and quantitative research papers with a basis, in theory, are acceptable. Preference is given to articles that bridge the gap between theory and practice and that will be of interest across disciplines. It publishes commentaries that analyze issues and trends in the field – whether scholarly, professional or policy-related – and a periodic summary of new books in the field.

**Submission guidelines:** <https://journals.sagepub.com/author-instructions/SCX>

**Indexed by:** Scopus, Clarivate Analytics: Social Sciences Citation Index (SSCI), ComAbstracts, Corporate ResourceNET (Ebsco), Current Citations Express, Communication Abstracts (EBSCO), ERIC Current Index to Journals in Education (CIJE), etc.

**Open-Access:** yes. **Charges:** yes, but it may have an option for a hybrid.

**Submission guidelines:** <https://www.jstemoutreach.org/for-authors>

**Indexed by:** Not at PubMed.

**Open-Access:** yes. **Charges:** yes

#### [International Journal of Science Education](#)

**Scope:** It publishes scholarly papers that focus on the teaching and learning of science in school settings ranging from early childhood to university education. It bridges the gap between research and practice, providing information, ideas, and opinion. It welcomes contributions from any country provided that the authors explain their local contexts and demonstrate the significance of their work to a global readership. Special emphasis is placed on applicable research relevant to educational practice, guided by educational realities in systems, schools, colleges, and universities.

**Submission guidelines:**

##### [Undergraduate Research Journal](#)

Undergraduate Research is a national double-blind, educator-reviewed print and electronic journal published annually in the Winter. The journal is a forum for multidisciplinary undergraduate research and creative endeavors within higher education. Debuting in Winter 2020, Undergraduate Research publishes research and creative works from undergraduate students enrolled in higher education institutions from across the United States. This journal highlights the best of mentored undergraduate scholarly products across all disciplines from all types of higher education institutions.

##### [American Journal of Undergraduate Research](#)

American Journal of Undergraduate Research (AJUR) is a national, independent, faculty peer-reviewed, open-source, quarterly, multidisciplinary student research journal established in 2002. AJUR's entire content, by invitation, is archived by the United States Library of Congress. AJUR makes a unique contribution because of the high standards for content, faculty peer-review process, and the ease of accessibility to students, the public, and professionals. The editorial board of AJUR consists of approximately fifty professional subject editors in a wide variety of fields.
