

Climate and Health- Air Quality and Asthma

May 13, 2026

12 pm - 1 pm EST

Zoom Webinar

Environmental Grand Rounds

Speaker:
Caroline Helsen,
MPH
Michigan Department of
Health and Human Services

Objectives:

- Learn about resources to help patients track and address poor air quality.
- Understand the health impacts of extreme heat and poor air quality.
- Identify areas across the state with a high asthma burden using available tools.

Learning Outcome:

- At the end of this session, participants will be able to summarize the health impacts of extreme heat and poor air quality and learn what resources are available to help patients keep track of the air quality.
