ENVIRONMENTAL STEWARDSHIP

Mock Diplomas and the

Commencement Program Booklet

Commencement mock diplomas, which are presented to degree candidates at their commencement ceremonies, are 30% post-consumer recycled content. The Commencement program booklet is 100% post-consumer recycled content.

Caps and Gowns

Graduating seniors' caps and gowns and master's degrees' caps and gowns are made of post-consumer recycled content; each cap and gown is made of a minimum of 23 plastic bottles.

Recycle Your Cap and Gown

Once all of your favorite photos are taken on campus, please recycle your gown at the MSU Union Spartan Spirit Shop.

For additional information about environmental stewardship at MSU, please visit Be Spartan Green at bespartangreen.msu.edu

MISSION STATEMENT

Michigan State University, a member of the Association of American Universities and one of the top 100 research universities in the world, was founded in 1855. We are an inclusive, academic community known for our traditionally strong academic disciplines and professional programs, and our liberal arts foundation. Our cross- and interdisciplinary enterprises connect the sciences, humanities, and professions in practical, sustainable, and innovative ways to address society's rapidly changing needs.

As a public, research-intensive, land-grant university funded in part by the state of Michigan, our mission is to advance knowledge and transform lives by:

- providing outstanding undergraduate, graduate, and professional education to promising, qualified students in order to prepare them to contribute fully to society as globally engaged citizen leaders
- conducting research of the highest caliber that seeks to answer questions and create solutions to expand human understanding and make a positive difference, both locally and globally
- advancing outreach, engagement, and economic development activities that are innovative, research-driven, and lead to a better quality of life for individuals and communities, at home and around the world.

December 2021

President

CONGRATULATORY LETTER

DEAR SPARTAN GRADUATES:
Spartan graduates, your moment has arrived. It gives me great pleasure to offer my heartiest congratulations upon this well-earned recognition of your scholarly accomplishments at Michigan State University.

Your MSU experience brought you into a remarkable community of diverse, talented and dedicated scholars, where you were presented with many opportunities to grow. You learned much from your instructors and a great deal, I am sure, from the friends and acquaintances who shared your journey. It has surely been a transformative experience that will stay with you throughout your life.

The last couple of years have not been easy for many, and I thank you for everything you've done to keep yourself and our campus community safe. That you demonstrated such great adaptability and perseverance in your studies while navigating the daily stresses of the pandemic makes your achievements even more admirable. You personify the vision and drive we think of when we say, "Spartans Will."

Your journey, in many ways, has just begun. With your degree, this proud university certifies your qualifications to take on the challenges before you in a world that greatly needs the qualities you bring.

Whether you choose to continue your studies or apply your degree to building a career, know you have a firm foundation on which to base a lifetime of accomplishment. You can go forward with confidence in your ability to master whatever challenges you choose to accept, and I urge you to keep learning and growing. I also hope you continue to engage with the university as alumni, return often and find ways to give back.

I send you my warmest wishes. And, as always, Go Green!

Sincerely,

Samuel L. Stanley Jr., M.D. (he/him)
President
Michigan State University

December 2021

Provost and Executive Vice President for Academic Affairs

CONGRATULATORY LETTER

DEAR GRADUATES:

Congratulations to you and your families on the successful completion of your studies and the conferral of your degrees.

As Michigan State University students, you have been part of our vibrant community of scholars, united by the values and goals we share to make a positive difference in the world. While you are now preparing to embark on your next adventure, it is my hope that you remain active members of our community, that you engage with our worldwide alumni network, and that you come back often to visit campus in the years to come. In much the same way that you are all lifelong learners, you are also lifelong Spartans.

At this time, and at this great university, where your physical health and intellectual health have formed the basis for every decision MSU has made this 20 months, we hope our actions to enable your graduation today have allowed you to continue on the path toward whatever exciting future follows this auspicious day. We also hope that the resilience you have built and the ways you have navigated decisions that were not your own become strengths of character you carry with you long into the future. I know the world needs you and the skills you have learned during your course of study, and I look forward to learning of your extraordinary achievements and world-changing accomplishments.

As you and your families celebrate your success at Michigan State University, I wish you the very best in your personal and professional pursuits. As our newest graduates, you are abundantly equipped to tackle the seemingly intractable problems of our day. We are all counting on you to become the thought leaders and doers of the 21st century!

With my very best wishes for your onward journey,

Teresa K. Woodruff, Ph.D.
Provost and Executive Vice President for
Academic Affairs
Michigan State University

December 2021

Executive Vice President for Health Sciences

CONGRATULATORY LETTER

DEAR FRIENDS:

Congratulations health college graduates! Today represents a truly special day. In making it to today, you dug deep when you felt you had little left to give. You kept the faith in the presence of enormous obstacles. You invariably got back up after being knocked down. You worked while others played. Take a moment, and realize the magnitude of what today represents. Today, we celebrate with you and for you.

For family and friends of our graduates, thank you in partnering with us; it is an immeasurable joy seeing potential, commitment, and drive come together to accomplish the goal of attaining a degree. You have encouraged, hoped, and hugged to help our graduates reach their goal. Your efforts will make a difference in the lives of many....manifest in the work that your graduate will provide for those in need.

For the faculty and the staff, accept my deep gratitude observing that your efforts have resulted in graduating a truly extraordinary group of individuals. Our graduates are well prepared, they care deeply, they will make a difference in the lives of many.

Graduates, you have transformed your hopes and dreams into an extraordinary achievement. Your best has brought you to this day. You join the Spartan community of those prepared and committed to serving others. There will be times where the challenges seem insurmountable. Know that we are here to support you in your journey forward. As a two-time Spartan graduate, I have been strengthened throughout my career by the MSU values, insights, friends and mentors I attained. Know that we are always here. Together, everything is possible.

Peace and Grace to All of You.

Norman J. Beauchamp, MD MHS
Executive Vice President for Health Sciences
Michigan State University

MICHIGAN STATE UNIVERSITY

Michigan State University, founded in 1855, is a leader in realizing the ideal of democratizing education and knowledge. Officially named the Agricultural College of the State of Michigan, it became the model for all land-grant institutions established by the Morrill Act, passed by Congress in 1862. The research and knowledge developed at land-grant institutions provides practical solutions that make a difference in the lives of individuals and in communities. Now, as a major public research university with global reach, Michigan State University continues this tradition with its commitment to advancing knowledge and transforming lives across the state, the region, and around the world.

From its beginnings on the site where Beaumont Tower now stands, the East Lansing campus has grown from 677 to 5,200 acres, and from three to 545 buildings. Today, nearly 20,000 acres are used throughout Michigan for agricultural and natural resources research and for education.

MSU has more than 50,000 students from all 83 counties in Michigan, all 50 states, and more than 130 other countries. There are more than one-half million Spartan alumni living around the globe.

Since its agricultural beginnings, MSU has grown to 17 degree-granting colleges offering more than 200 programs of study, including graduate and graduate professional education. The Honors College attracts academically talented scholars and enables these students to pursue individualized, enriched programs of study.

Research and other grants total nearly \$600 million in 2014–15. The top federal funding agencies include the U.S. Department of Energy (DOE), the National Science Foundation, the U.S. Department of Health and Human Services, U.S. Agency for International Development, the U.S. Department of Agriculture, the U.S. Department of Education, and the U.S. Department of Defense. Other externally funded research programs include the MSU–U.S. DOE, Plant Research Laboratory, the Center for Advancing Microbial Risk Assessment, the Great Lakes Bioenergy Research Center, the Energy and

Automotive Research Laboratory Centers, the Composite Vehicle Research Center, the U.S.–China Center for Research on Educational Excellence, the Center for Advanced Study of International Development, and the Center for International Business Education and Research.

The National Superconducting Cyclotron Laboratory is the premier rare isotope research facility in the nation. In December 2008, the U.S. DOE selected MSU to design and establish the Facility for Rare Isotope Beams (FRIB). The proposed \$730 million facility will bring together an international community of leading scientists. Their work will help unlock the mysteries of the universe and promote breakthrough applications for medicine, security, and industry.

MSU Extension reaches into all 83 counties in Michigan to provide practical, university-based knowledge. The AgBioResearch encompasses the research of more than 300 scientists in a network of 13 research centers across the state. Their work ranges from agricultural production, alternative energy and biofuel production, food safety and environmental stewardship to childhood obesity, community development, and the quality of life of Michigan youth and families.

University Outreach and Engagement connects faculty with external audiences and constituencies to address community issues through research and collaboration. MSU Global extends academic and professional degree and certificate programs to off-campus learners.

MSU is a national leader in education abroad among U.S. public universities with more than 275 programs on all continents in more than 60 countries. Nearly 3,000 MSU students participate in education abroad each year.

Michigan State University is a member of the Association of American Universities, the Association of Public and Land-grant Universities, the American Council on Education, the American Council of Learned Societies, the Council of Graduate Schools, and the Big Ten Academic Alliance (formerly the Committee on Institutional Cooperation).

CEREMONY LYRICS

THE STAR SPANGLED BANNER

O, say, can you see
by the dawn's early light,
What so proudly we hailed
at the twilight's last gleaming,
Whose broad stripes and bright stars,
through the perilous fight,
O'er the ramparts we watched,
were so gallantly streaming?
And the rockets' red glare,
the bombs bursting in air,
Gave proof through the night
that our flag was still there.
O, say, does that
star-spangled banner yet wave,
O'er the land of the free,
and the home of the brave.

AMERICA THE BEAUTIFUL

O beautiful for spacious skies,
For amber waves of grain,
For purple mountain majesties
Above the fruited plain!
America! America!
God shed his grace on thee
And crown thy good with brotherhood
From sea to shining sea!

ALMA MATER*

M.S.U., We love thy shadows,
when twilight silence falls,
Flushing deep and softly paling,
o'er ivy-covered halls.
Beneath the pines we'll gather,
to give our faith so true,
Sing our love for Alma Mater,
and thy praises, M.S.U.
When from these scenes we wander,

and twilight shadows fade,
Our mem'ry still will linger,
where light and shadows played;
In the evening oft we'll gather,
and pledge our faith anew,
Sing our love for Alma Mater,
and thy praises, MSU.

MSU FIGHT SONG**

On the banks of the Red Cedar,
is a school that's known to all;
Its speciality is winning,
and those Spartans play good ball;
Spartan teams are never beaten,
all through the game they fight;
Fight for the only colors,
Green and White.
Go right thru' for MSU,
watch the points keep growing.
Spartan teams are bound to win,
they're fighting with a vim.
RAH! RAH! RAH!
See their team is weakening,
we're going to win this game.
Fight! Fight! Rah! Team, Fight!
Victory for MSU.

*The lyrics of *Alma Mater* were written by Bernard Traynor (MSC Athletic Department, 1925–1927). The melody is based on Donizetti's *Lucia di Lammermoor*. It was not until March 30, 1949, after a vote by the students, that the popular song on campus known as the *MSU Shadows* was finally adopted as the official *Alma Mater*.

**Lyrics by Francis Irvin Lankey (MSU Engineering, 1916).

UNIVERSITY MACE

Michigan State University is pleased to include the University mace in commencement ceremonies. The introduction of the mace, at the 2005 Founders' Day celebration and inauguration of MSU's twentieth president, serves to commemorate the sesquicentennial celebration. The University, founded in 1855, celebrated its 150th birthday in 2005. The mace was designed by University Relations and produced by Physical Plant staff.

Historically, the mace is a symbol of authority dating from medieval times when knights carried them during processions with their kings. As the tradition grew, the mace became a ceremonial symbol of peaceful leadership, and maces were embellished with jewels and metals. Today, a university's mace is carried before the president or chancellor and platform-party dignitaries at commencement, inaugural, and other academic ceremonial processions.

The Michigan State University mace, 42 inches in length, includes important institutional symbols in its finial, crown, and shaft. The finial depicts the circular University seal, which includes an image of "Old College Hall." This oak-carved seal derives from an 1869 State Board of Agriculture (now, Board of Trustees) authorization for a woodcut to be used as the frontispiece of the college academic catalog. College Hall, built in 1856, was the first instructional building erected in the United States for the teaching of scientific agriculture. When it collapsed in 1918, John Beaumont (class of 1882) provided funds to erect Beaumont Tower in 1928 at the same location. The tower stands as a symbol of Michigan State's beginnings as the first land-grant college dedicated to teaching "agriculture and the mechanic arts" with a "liberal and practical curriculum."

The mace's crown is trimmed with a maple samara and acorn pattern carved from walnut, a pattern drawn from the "Michigan State College" limestone relief at the Abbot Road and other campus entrances. An image of Beaumont Tower lies in the crown's oak center. Below the crown is the cylindrical shaft, whose alternating, horizontal oak and walnut bands descend to a brass tip. Its oak is purported to be "Beaumont oak," that is, from one of the original saplings surrounding College Hall. Its walnut is from a tree removed to clear land for the Wharton Center for Performing Arts in 1982.

In its soaring verticality, Beaumont Tower continues to inspire the MSU community and is an appropriate symbol for the MSU mace. As President Robert S. Shaw (1928-1941) stated at the tower's dedication, it has served as "a unifying factor" to remind us, even through our individual activities, of the overall mission of Michigan State University to inspire us by "appealing to many of the better things in us" and to encourage us to "live up to higher standards, scholastically, socially, morally, and spiritually in all of our affairs."

ACADEMIC ATTIRE

In 1895, the Intercollegiate Commission, a group of leading American educators, introduced an academic costume code which by design of gowns and hoods would indicate the various degrees, and which by colors would identify the various faculties.

Three types of gowns are indicated by the code. Those worn by the bachelors have long, pointed sleeves. Those worn by masters have long, closed sleeves with the arc of a circle near the bottom. Doctoral gowns are faced with velvet. The sleeves are full, round, and open with three bars of velvet on each sleeve. The velvet facing of the bars on the sleeves may be black or the same color as the binding of the hood.

Hoods are made of material identical with the gown and are lined in the official academic color of the institution conferring the degree (e.g., green and white for MSU). If the institution has more than one color, the chevron is used to introduce the second color. Colored velvet or velveteen binds the hoods and indicates the department of faculty to which the degree pertains.

The color of the velvet of the hood is distinctive of the subject to which the degree pertains. For example, the trimming for the degree of Master of Science in Agriculture should be maize, representing agriculture, rather than golden yellow, representing science. Generally, the code for the velvet of the hood is the same as listed for tassels.

At Michigan State University, it is customary to identify the candidates graduating from the different areas of study by tassels of the official color as established by the Intercollegiate Code. Candidates graduating from the Honors College wear a white stole with the initials "HC." Candidates graduating "With Honor" or "With High Honor" wear a gold braid.

HONORARY DEGREES

Alumnus Eli Broad, for whom MSU's Eli Broad College of Business is named, is a renowned business leader who built two Fortune 500 companies from the ground up. Not only is he a successful entrepreneur, but Mr. Broad and his wife, Edythe, are engaged in many important philanthropic endeavors. In fall 2002, Michigan State University proudly awarded Mr. Broad an honorary doctorate of humanities.

Eli Broad and his wife, Edythe, with a total gift of \$28 million, have made contemporary art available to the entire Michigan State University community and those who visit us from around the globe. The Eli and Edythe Broad Art Museum officially opened November 10, 2012. The world-class art museum is designed by Pritzker Prize-winning architect Zaha Hadid. For information about the facility, exhibitions, and programs, please visit broadmuseum.msu.edu.

We tell our graduates to "Come Home Often." We hope that you, and your family, will come home often and include a visit to the Eli and Edythe Broad Art Museum.

HONORARY DEGREE CITATIONS

CELESTE CLARK

As a food and health policy expert, you are dedicated to supporting families locally and around the world.

Integrating your education—including your Ph.D. from Michigan State—talent, and experience, you take an interdisciplinary approach to solving problems sustainably.

Your accomplished career includes serving as a senior executive at the Kellogg Company, where you led the development and implementation of global health, nutrition, and regulatory science initiatives.

In the context of corporate social responsibility, you served as president of the Kellogg Corporate Citizenship Fund, where you were responsible for providing grants to the communities served by Kellogg. Additionally, you were the chief sustainability officer, working closely with the company's supply chain toward the efficient use of environmental resources.

You leverage your board governance experience on the boards of several publicly and privately held companies and nonprofit organizations, including Wells Fargo, and Prestige Consumer Healthcare.

You are currently the principal of Abraham Clark Consulting, LLC, where you advise on food and health policy, regulatory affairs, and leadership development. In this capacity, you are often invited to lecture at universities and conferences on nutrition, as well as leadership, diversity, equity, and inclusion. Your generosity in establishing the Future Leaders Mentoring Scholarship within the MSU Department of Food Science and Human Nutrition supports both passing knowledge to the next generation and lowering barriers for promising students from underprivileged backgrounds.

For your contributions to the health and sustainability of our global society, I am pleased to award you the honorary degree of Doctor of Humanities from Michigan State University.

HONORARY DEGREE CITATIONS

DOUGLAS LAYCOCK

As the nation's leading authority on religious liberty and the law of remedies, your career serves as a testament to the power of education.

From your time at MSU as an undergraduate student in the Honors College to receiving your law degree from one of the country's preeminent institutions—the University of Chicago—you have gone on to be a leader in your field. This is further demonstrated by your faculty appointments at the University of Chicago, University of Texas, University of Michigan, and University of Virginia and your election as a fellow of the American Academy of Arts and Sciences.

You have helped shape this area of the law for generations to come through your testimony before Congress and casework up to the United States Supreme Court. Your approach to the intersection of religious liberty and

governmental interests has helped advance legal arguments that transcend politics. Your scholarship has influenced and continues to influence not only the next generation of legal practitioners, but also helps explain these complex issues in clear and understandable ways to the broader public.

Your work is distinctive in that it argues for the rights of religious beliefs of all kinds and for the rights of religious nonbelievers with equal commitment, teaching us all that the only solution to America's culture wars is that each side must respect the liberty of the other.

For your commitment to advancing knowledge for the greater good, I am pleased to award you the honorary degree of Doctor of Laws from Michigan State University.

HONORARY DEGREE CITATIONS

CRAIG MENEAR

An entrepreneur at heart and an astute businessperson, you currently lead the world's largest home improvement retailer.

Your father, a General Motors employee, taught you the value of hard work and the importance of people to an institution. It was during these formative years in Flint, Michigan, that you also grew to love helping your father with home improvement projects.

After graduating from MSU's Eli Broad College of Business, you went on to work for several retailers before arriving at Home Depot. You have worked there for more than 20 years, making your way up the ranks in the organization and pushing the company to success by blending the physical and digital realms to provide innovative product offerings and reliable delivery options.

You now serve as chairman and CEO and are responsible for 2,300 stores and the livelihoods of 500,000 associates.

But it is your leadership during the pandemic that has been exceptional. Putting people first, you navigated these challenging times to provide a safe environment for customers and employees alike. Home Depot also donated millions of dollars in personal protective equipment to hospitals and health care providers.

Your philanthropy is also evident from your personal involvement with the Atlanta Committee for Progress, Camp Southern Ground, Junior Achievement programs and the Salvation Army. You have clearly put your education to work for the greater society and epitomize the phrase "Spartans Will."

For your leadership in business and philanthropy, I am pleased to award you the honorary degree of Doctor of Business from Michigan State University.

HONORARY DEGREE CITATIONS

SENATOR GARY PETERS

You are a leader who has devoted your life to public service. You are focused on uniting communities and helping solve problems for the people you represent.

Born and raised in Michigan, you have devoted your life to the betterment of Michigan at the local, state, and federal levels.

Your educational achievements include earning a bachelor's degree, three master's degrees from three different universities, a law degree, and a diploma from the College of Naval Command and Staff within the U.S. Naval War College.

Your service to this country is admirable. You volunteered for the U.S. Navy Reserve, rising to the rank of lieutenant commander. Following the September 11 attacks, you volunteered again and served overseas as part of your reserve duty.

As a member of the U.S. House of Representatives, you served on the conference committee that finalized the Consumer Protection Act in the wake of the Great Recession.

Since 2015, you have represented the state of Michigan in the United States Senate, working diligently to increase protections for the Great Lakes, including securing funding for restoration efforts and addressing shoreline erosion. You have helped expand apprenticeships for veterans and improved the Veterans Affairs Caregivers Program.

You have been a champion for Michigan State University throughout your public service and have been vital to the ongoing support for the Facility for Rare Isotope Beams and the scientific discovery, educational, and economic opportunities it will create.

For your dedication to public service and to the role of government to address problems and improve lives, I am pleased to award you the honorary degree of Doctor of Laws from Michigan State University.

HONORARY DEGREE CITATIONS

AMY YODER

You are a highly accomplished business leader and problem-solver, utilizing your background in agriculture to bring sustainable solutions to some of our most pressing challenges.

As president and CEO of Anuvia Plant Nutrients since 2015, you have been instrumental in making Anuvia an innovative leader in creating alternatives to conventional fertilizers and leveraging technology to increase crop production efficiency while also leading the fight against climate change and helping sustainably feed a growing world population.

Your accomplishments are well recognized as the i4 Business Women's Inspired Leadership Awards Spirit of Innovation honoree and recipient of the Distinguished Alumni Award from MSU's Biosystems & Agricultural Engineering Department.

Your expertise is highly sought out as a member of the boards of directors of the Fertilizer Institute, Compass Minerals, and Arcadia Biosciences.

Your dedication to your field, to supporting future leaders, and to diversity, equity, and inclusion is evident through your involvement in the Sigma Alpha Foundation, a sorority promoting women in agriculture.

In a distinguished career, you have also served as CEO and president of Arysta LifeScience North America and president of the United Industries division of Spectrum Brands, among other roles. In each role, your passion for always seeking the next big idea to benefit farmers demonstrates your commitment to continually seeking positive change and improving the industry to which you have devoted your life's work.

For your unwavering dedication to innovative products, sustainability, and environmental health, I am pleased to award you the honorary degree of Doctor of Agriculture from Michigan State University.

BACCALAUREATE DEGREES

- 25 undergraduate programs ranked in the top 20 nationally by U.S. News & World Report, including six No. 1-ranked programs
- Times Higher Education of London today ranked MSU #83 in its 2017 World University Rankings, an 18-place improvement over 2016. This puts MSU in the top 8 percent of 1,102 universities assessed around the world.
- Places 38th among the 303 U.S. universities ranked in Washington Monthly's 2017 College Guide and Rankings
- Ranks seventh in the nation for study abroad participation

BACCALAUREATE DEGREES

HONORS

The University acknowledges candidates for the bachelor's degree who will graduate as Academic Scholars (A), from the Honors College (H), With Honor (*), or With High Honor (**). Academic Scholars completed a two-year honors program including at least four honors-caliber courses. Honors College graduates are academically talented students who have participated in rigorous, highly individualized programs of study, including at least eight honors-caliber courses.

Graduation Honors: the current minimum grade point average for seniors graduating With Honor is 3.79 and those graduating With High Honor is 3.94 (which is approximately 20 percent of graduating seniors who have earned the highest grade point averages). Recognition of graduation honors in the commencement program is based on the grade point average of all work at MSU completed prior to the opening of the semester of graduation. To be eligible for graduation honors, transfer students must earn a minimum of 50 semester credits at MSU.

BOARD OF TRUSTEES AWARDS

Awards are made at fall and spring commencements to the six or more graduating seniors who achieved the highest cumulative scholarly records by the close of the preceding semester. At least three-fourths of the credits for the

degree must be earned at Michigan State University with numerical grades by the close of the preceding semester. Fall, spring, and summer graduating seniors are eligible. The President of the University acts for the Board in determining the recipients of the awards.

These students have completed their Reserve Officers Training Corps education at Michigan State University and have received their commissions as reserve officers of the United States Air Force or the United States Army.

GRADUATE DEGREES AND GRADUATE PROFESSIONAL DEGREES

- Notable discoveries include homogenization of milk and the anticancer drug cisplatin
- *U.S. News & World Report* ranks MSU first in the nation for the last 22 years for graduate programs in elementary and secondary education
- External funding totaled nearly \$600 million in 2014–2015. The top federal funding agencies: National Science Foundation, U.S. Department of Health and Human Services, U.S. Department of Energy, and U.S. Department of Agriculture
- *U.S. News & World Report* ranks MSU first in the nation for graduate programs in nuclear physics, organizational psychology, and rehabilitation counseling
- MSU was selected by the U.S. Department of Energy to design and establish the Facility for Rare Isotope Beams, a more than \$700 million facility that will advance understanding of rare nuclear isotopes and the evolution of the cosmos and provide research opportunities for scientists and students from around the globe

DOCTORAL DEGREES

ORDER OF CEREMONIES -
FRIDAY, DECEMBER 17, 2021, 3:30 P.M.

Richard Shafer

“Until the moment degrees are conferred and diplomas presented, a university and its students are in a temporary relationship. Either can disclaim the other at any time before that final moment. But when commencement is concluded, Michigan State University places its stamp of approval upon you. You become part of this University . . . forever.”

John A. Hannah (1902–1991)

President, Michigan State University (1941–1969)
