

## COMMENCEMENT CEREMONIES

**SPRING 2020**

“Go forth with Spartan pride and confidence, and never lose the love for learning and the drive to make a difference that brought you to MSU.”

**Samuel L. Stanley Jr., M.D.**  
**President**  
**Michigan State University**

Photo above: an MSU entrance marker of brick and limestone, displaying our proud history as the nation’s pioneer land-grant university. On this—and other markers—is a band of alternating samara and acorns derived from maple and oak trees commonly found on campus. This pattern is repeated on the University Mace (see page 10).

Inside Cover: Pattern of alternating samara and acorns.

Michigan State University photos provided by University Communications.

## ENVIRONMENTAL STEWARDSHIP

### Mock Diplomas and the

#### Commencement Program Booklet

Commencement mock diplomas, which are presented to degree candidates at their commencement ceremonies, are 30% post-consumer recycled content. The Commencement program booklet is 100% post-consumer recycled content.

### Caps and Gowns

Graduating seniors' caps and gowns and master's degrees' caps and gowns are made of post-consumer recycled content; each cap and gown is made of a minimum of 23 plastic bottles.

### Recycle Your Cap and Gown

Once all of your favorite photos are taken on campus, please recycle your gown at the MSU Union Spartan Spirit Shop.

For additional information about environmental stewardship at MSU, please visit Be Spartan Green at [bespartangreen.msu.edu](http://bespartangreen.msu.edu)

## MISSION STATEMENT

Michigan State University, a member of the Association of American Universities and one of the top 100 research universities in the world, was founded in 1855. We are an inclusive, academic community known for our traditionally strong academic disciplines and professional programs, and our liberal arts foundation. Our cross and interdisciplinary enterprises connect the sciences, humanities, and professions in practical, sustainable, and innovative ways to address society's rapidly changing needs.

As a public, research-intensive, land-grant university funded in part by the state of Michigan, our mission is to advance knowledge and transform lives by:

- providing outstanding undergraduate, graduate, and professional education to promising, qualified students in order to prepare them to contribute fully to society as globally engaged citizen leaders
- conducting research of the highest caliber that seeks to answer questions and create solutions to expand human understanding and make a positive difference, both locally and globally
- advancing outreach, engagement, and economic development activities that are innovative, research-driven, and lead to a better quality of life for individuals and communities, at home and around the world.

May 2020

**President**

## CONGRATULATORY LETTER

DEAR SPARTAN GRADUATES:

Although we can't be in the same physical space this spring for a commencement ceremony, please accept my congratulations upon your graduation. The satisfaction I feel in your accomplishment is shared by all at Michigan State University who have supported you in your journey here.

In my first year serving as president of MSU, among my warmest memories are those of the interactions with you and your fellow students. In formal meetings and gatherings, at sporting and other events, over meals and at brief meetings around campus, these encounters were rewarding. I have been most impressed with your dedication to your studies, your care for the welfare of others and your embrace of Spartan values such as diversity, engagement and excellence.

You may now depart a degreed Spartan with the confidence that you possess a solid foundation of knowledge and skills from which to proceed throughout your life. Thus equipped, you are ready to make a positive difference for yourself and the world around you.

As my last counsel to you as your president, I would remind you that it is but a foundation for a life structure that will require the ongoing investment of your attention. For this, I urge you to continue to engage in the joys and challenges of life and to creatively apply your growing experience and wisdom to each new day.

I am aware your years here have seen more than their share of institutional and societal challenges. I want to recognize the many ways you have responded to these challenges with a shared sense of purpose, even optimism, as your generation joins those obliged too soon to help carry society's burdens in extraordinarily challenging times.

All of us would have preferred an uninterrupted time of personal growth and accomplishment surrounded by the entire academic community. But circumstances dictated otherwise, and you completed your final semester separated from your classmates, friends and campus community in the midst of a worldwide pandemic. As a university leader, as a parent and as a fellow scholar, I share your disappointment and I appreciate your understanding.

The circumstances that impacted this year's graduation season need not define your MSU experience. I hope you always feel welcome here on the banks of the Red Cedar and that you can and will return often. You now join the ranks of more than 600,000 living Spartan alumni worldwide, and I encourage you to continue your participation in the life of the university through MSU Alumni and other activities.

Please accept my very best wishes to you as you go forth, go confidently and Go Green!

Sincerely,

Samuel L. Stanley Jr., M.D.  
President  
Michigan State University

May 2020

**Interim Provost and Executive Vice President for Academic Affairs**

## CONGRATULATORY LETTER

DEAR GRADUATES:

Congratulations to you and your families on the successful completion of your studies and the conferral of your degrees.

As Michigan State University students, you have been part of our vibrant community, united by the values and goals we share as scholars eager to make a positive difference in the world. While you are now preparing to leave campus for your next adventure, it is my hope that you remain active members of our Spartan community, that you engage with our worldwide alumni network, and that you come back often to visit campus. In much the same way that you are all lifelong learners, you are also lifelong Spartans.

Decades ago, I earned my bachelor's degree at Michigan State University, and while I earned advanced degrees at another institution, my experiences at MSU were formative in shaping my professional aspirations and sense of purpose. It is an honor to serve here in the role of provost at a time when MSU continues to create new opportunities at home, in the state of Michigan, and around the world. Our students and faculty continue to achieve new levels of excellence and discover innovative

solutions to the world's most pressing problems. I am confident your degrees will serve you well as you take on the many challenges and opportunities that await you.

As you and your families celebrate your accomplishments at Michigan State University, I wish you the very best in your personal and professional pursuits. You embody our greatest hopes. I have great faith in the future, because I have great faith in each of you.

Very truly yours,

Teresa A. Sullivan, Ph.D.  
Interim Provost and Executive Vice President  
for Academic Affairs

## MICHIGAN STATE UNIVERSITY

Michigan State University, founded in 1855, is a leader in realizing the ideal of democratizing education and knowledge. Officially named the Agricultural College of the State of Michigan, it became the model for all land-grant institutions established by the Morrill Act, passed by Congress in 1862. The research and knowledge developed at land-grant institutions provides practical solutions that make a difference in the lives of individuals and in communities. Now, as a major public research university with global reach, Michigan State University continues this tradition with its commitment to advancing knowledge and transforming lives across the state, the region, and around the world.

From its beginnings on the site where Beaumont Tower now stands, the East Lansing campus has grown from 677 to 5,200 acres, and from three to 545 buildings. Today, nearly 20,000 acres are used throughout Michigan for agricultural and natural resources research and for education.

MSU has more than 50,000 students from all 83 counties in Michigan, all 50 states, and more than 130 other countries. There are more than one-half million Spartan alumni living around the globe.

Since its agricultural beginnings, MSU has grown to 17 degree-granting colleges offering more than 200 programs of study, including graduate and graduate professional education. The Honors College attracts academically talented scholars and enables these students to pursue individualized, enriched programs of study.

Research and other grants total nearly \$600 million in 2014–15. The top federal funding agencies include the U.S. Department of Energy (DOE), the National Science Foundation, the U.S. Department of Health and Human Services, U.S. Agency for International Development, the U.S. Department of Agriculture, the U.S. Department of Education, and the U.S. Department of Defense. Other externally funded research programs include the MSU–U.S. DOE, Plant Research Laboratory, the Center for Advancing Microbial Risk Assessment, the Great Lakes Bioenergy Research Center, the Energy and Automotive Research Laboratory Centers, the Composite Vehicle Research Center, the

U.S.–China Center for Research on Educational Excellence, the Center for Advanced Study of International Development, and the Center for International Business Education and Research.

The National Superconducting Cyclotron Laboratory is the premier rare isotope research facility in the nation. In December 2008, the U.S. DOE selected MSU to design and establish the Facility for Rare Isotope Beams (FRIB). The proposed \$730 million facility will bring together an international community of leading scientists. Their work will help unlock the mysteries of the universe and promote breakthrough applications for medicine, security, and industry.

MSU Extension reaches into all 83 counties in Michigan to provide practical, university-based knowledge. The AgBioResearch encompasses the research of more than 300 scientists in a network of 13 research centers across the state. Their work ranges from agricultural production, alternative energy and biofuel production, food safety and environmental stewardship to childhood obesity, community development, and the quality of life of Michigan youth and families.

University Outreach and Engagement connects faculty with external audiences and constituencies to address community issues through research and collaboration. MSU Global extends academic and professional degree and certificate programs to off-campus learners.

MSU is a national leader in education abroad among U.S. public universities with more than 275 programs on all continents in more than 60 countries. Nearly 3,000 MSU students participate in education abroad each year.

Michigan State University is a member of the Association of American Universities, the Association of Public and Land-grant Universities, the American Council on Education, the American Council of Learned Societies, the Council of Graduate Schools, and the Big Ten Academic Alliance (formerly the Committee on Institutional Cooperation).

## CEREMONY LYRICS

### THE STAR SPANGLED BANNER

O, say, can you see  
by the dawn's early light,  
What so proudly we hailed  
at the twilight's last gleaming,  
Whose broad stripes and bright stars,  
through the perilous fight,  
O'er the ramparts we watched,  
were so gallantly streaming?  
And the rockets' red glare,  
the bombs bursting in air,  
Gave proof through the night  
that our flag was still there.  
O, say, does that  
star-spangled banner yet wave,  
O'er the land of the free,  
and the home of the brave.

### AMERICA THE BEAUTIFUL

O beautiful for spacious skies,  
For amber waves of grain,  
For purple mountain majesties  
Above the fruited plain!  
America! America!  
God shed his grace on thee  
And crown thy good with brotherhood  
From sea to shining sea!

### ALMA MATER\*

M.S.U., We love thy shadows,  
when twilight silence falls,  
Flushing deep and softly paling,  
o'er ivy-covered halls.  
Beneath the pines we'll gather,  
to give our faith so true,  
Sing our love for Alma Mater,  
and thy praises, M.S.U.

When from these scenes we wander,  
and twilight shadows fade,  
Our mem'ry still will linger,  
where light and shadows played;  
In the evening oft we'll gather,  
and pledge our faith anew,  
Sing our love for Alma Mater,  
and thy praises, MSU.

### MSU FIGHT SONG\*\*

On the banks of the Red Cedar,  
is a school that's known to all;  
Its specialty is winning,  
and those Spartans play good ball;  
Spartan teams are never beaten,  
all through the game they fight;  
Fight for the only colors,  
Green and White.  
Go right thru' for MSU,  
watch the points keep growing.  
Spartan teams are bound to win,  
they're fighting with a vim.  
RAH! RAH! RAH!  
See their team is weakening,  
we're going to win this game.  
Fight! Fight! Rah! Team, Fight!  
Victory for MSU.

\*The lyrics of *Alma Mater* were written by Bernard Traynor (MSC Athletic Department, 1925–1927). The melody is based on Donizetti's *Lucia di Lammermoor*. It was not until March 30, 1949, after a vote by the students, that the popular song on campus known as the *MSU Shadows* was finally adopted as the official *Alma Mater*.

\*\*Lyrics by Francis Irvin Lankey (MSU Engineering, 1916).

## UNIVERSITY MACE

Michigan State University is pleased to include the University mace in commencement ceremonies. The introduction of the mace, at the 2005 Founders' Day celebration and inauguration of MSU's twentieth president, serves to commemorate the sesquicentennial celebration. The University, founded in 1855, celebrated its 150th birthday in 2005. The mace was designed by University Relations and produced by Physical Plant staff.

Historically, the mace is a symbol of authority dating from medieval times when knights carried them during processions with their kings. As the tradition grew, the mace became a ceremonial symbol of peaceful leadership, and maces were embellished with jewels and metals. Today, a university's mace is carried before the president or chancellor and platform-party dignitaries at commencement, inaugural, and other academic ceremonial processions.

The Michigan State University mace, 42 inches in length, includes important institutional symbols in its finial, crown, and shaft. The finial depicts the circular University seal, which includes an image of "Old College Hall." This oak-carved seal derives from an 1869 State Board of Agriculture (now, Board of Trustees) authorization for a woodcut to be used as the frontispiece of the college academic catalog. College Hall, built in 1856, was the first instructional building erected in the United States for the teaching of scientific agriculture. When it collapsed in 1918, John Beaumont (class of 1882) provided funds to erect Beaumont Tower in 1928 at the same location. The tower stands as a symbol of Michigan State's beginnings as the first land-grant college dedicated to teaching "agriculture and the mechanic arts" with a "liberal and practical curriculum."

The mace's crown is trimmed with a maple samara and acorn pattern carved from walnut, a pattern drawn from the "Michigan State College" limestone relief at the Abbot Road and other campus entrances. An image of Beaumont Tower lies in the crown's oak center. Below the crown is the cylindrical shaft, whose alternating, horizontal oak and walnut bands descend to a brass tip. Its oak is purported to be "Beaumont oak," that is, from one of the original saplings surrounding College Hall. Its walnut is from a tree removed to clear land for the Wharton Center for Performing Arts in 1982.

In its soaring verticality, Beaumont Tower continues to inspire the MSU community and is an appropriate symbol for the MSU mace. As President Robert S. Shaw (1928-1941) stated at the tower's dedication, it has served as "a unifying factor" to remind us, even through our individual activities, of the overall mission of Michigan State University to inspire us by "appealing to many of the better things in us" and to encourage us to "live up to higher standards, scholastically, socially, morally, and spiritually in all of our affairs."

## ACADEMIC ATTIRE

In 1895, the Intercollegiate Commission, a group of leading American educators, introduced an academic costume code which by design of gowns and hoods would indicate the various degrees, and which by colors would identify the various faculties.

Three types of gowns are indicated by the code. Those worn by the bachelors have long, pointed sleeves. Those worn by masters have long, closed sleeves with the arc of a circle near the bottom. Doctoral gowns are faced with velvet. The sleeves are full, round, and open with three bars of velvet on each sleeve. The velvet facing of the bars on the sleeves may be black or the same color as the binding of the hood.

Hoods are made of material identical with the gown and are lined in the official academic color of the institution conferring the degree (e.g., green and white for MSU). If the institution has more than one color, the chevron is used to introduce the second color. Colored velvet or velveteen binds the hoods and indicates the department of faculty to which the degree pertains.

The color of the velvet of the hood is distinctive of the subject to which the degree pertains. For example, the trimming for the degree of Master of Science in Agriculture should be maize, representing agriculture, rather than golden yellow, representing science. Generally, the code for the velvet of the hood is the same as listed for tassels.

At Michigan State University, it is customary to identify the candidates graduating from the different areas of study by tassels of the official color as established by the Intercollegiate Code. Candidates graduating from the Honors College wear a white stole with the initials "HC." Candidates graduating "With Honor" or "With High Honor" wear a gold braid.

## BACCALAUREATE DEGREES

- 25 undergraduate programs ranked in the top 20 nationally by U.S. News & World Report, including six No. 1-ranked programs
- Times Higher Education of London today ranked MSU #83 in its 2017 World University Rankings, an 18-place improvement over 2016. This puts MSU in the top 8 percent of 1,102 universities assessed around the world.
- Places 38th among the 303 U.S. universities ranked in Washington Monthly's 2017 College Guide and Rankings
- Ranks seventh in the nation for study abroad participation

Photo above: "Sparty" standing proud while spring blossoms.

## BACCALAUREATE DEGREES

### HONORS

The University acknowledges candidates for the bachelor's degree who will graduate as Academic Scholars (A), from the Honors College (H), With Honor (\*), or With High Honor (\*\*). Academic Scholars completed a two-year honors program including at least four honors-caliber courses. Honors College graduates are academically talented students who have participated in rigorous, highly individualized programs of study, including at least eight honors-caliber courses.

Graduation Honors: the current minimum grade point average for seniors graduating With Honor is 3.78 and those graduating With High Honor is 3.94 (which is approximately 20 percent of graduating seniors who have earned the highest grade point averages). Recognition of graduation honors in the commencement program is based on the grade point average of all work at MSU completed prior to the opening of the semester of graduation. To be eligible for graduation honors, transfer students must earn a minimum of 50 semester credits at MSU.

## GRADUATE DEGREES AND GRADUATE PROFESSIONAL DEGREES

- Notable discoveries include homogenization of milk and the anticancer drug cisplatin
- *U.S. News & World Report* ranks MSU first in the nation for the last 22 years for graduate programs in elementary and secondary education
- External funding totaled nearly \$600 million in 2014–2015. The top federal funding agencies: National Science Foundation, U.S. Department of Health and Human Services, U.S. Department of Energy, and U.S. Department of Agriculture
- *U.S. News & World Report* ranks MSU first in the nation for graduate programs in nuclear physics, organizational psychology, and rehabilitation counseling
- MSU was selected by the U.S. Department of Energy to design and establish the Facility for Rare Isotope Beams, a more than \$700 million facility that will advance understanding of rare nuclear isotopes and the evolution of the cosmos and provide research opportunities for scientists and students from around the globe

**Richard Shafer**

“Until the moment degrees are conferred and diplomas presented, a university and its students are in a temporary relationship. Either can disclaim the other at any time before that final moment. But when commencement is concluded, Michigan State University places its stamp of approval upon you. You become part of this University . . . forever.”

**John A. Hannah (1902–1991)**  
President, Michigan State University (1941–1969)
