## MICHIGAN STATE UNIVERSITY

Michigan State University, founded in 1855, is a leader in realizing the ideal of democratizing education and knowledge. Officially named the Agricultural College of the State of Michigan, it became the model for all land-grant institutions established by the Morrill Act, passed by Congress in 1862. The research and knowledge developed at land-grant institutions provides practical solutions that make a difference in the lives of individuals and in communities. Now, as a major public research university with global reach, Michigan State University continues this tradition with its commitment to advancing knowledge and transforming lives across the state, the region, and around the world.

From its beginnings on the site where Beaumont Tower now stands, the East Lansing campus has grown from 677 to 5,200 acres, and from three to 545 buildings. Today, nearly 20,000 acres are used throughout Michigan for agricultural and natural resources research and for education.

MSU has more than 50,000 students from all 83 counties in Michigan, all 50 states, and more than 130 other countries. There are more than one-half million Spartan alumni living around the globe.

Since its agricultural beginnings, MSU has grown to 17 degree-granting colleges offering more than 200 programs of study, including graduate and graduate professional education. The Honors College attracts academically talented scholars and enables these students to pursue individualized, enriched programs of study.

Research and other grants total nearly \$600 million in 2014–15. The top federal funding agencies include the U.S. Department of Energy (DOE), the National Science Foundation, the U.S. Department of Health and Human Services, U.S. Agency for International Development, the U.S. Department of Agriculture, the U.S. Department of Education, and the U.S. Department of Defense. Other externally funded research programs include the MSU–U.S. DOE, Plant Research Laboratory, the Center for Advancing Microbial Risk Assessment, the Great Lakes Bioenergy Research Center, the Energy and Automotive Research Laboratory Centers, the Composite Vehicle Research Center, the

U.S.–China Center for Research on Educational Excellence, the Center for Advanced Study of International Development, and the Center for International Business Education and Research.

The National Superconducting Cyclotron Laboratory is the premier rare isotope research facility in the nation. In December 2008, the U.S. DOE selected MSU to design and establish the Facility for Rare Isotope Beams (FRIB). The proposed \$730 million facility will bring together an international community of leading scientists. Their work will help unlock the mysteries of the universe and promote breakthrough applications for medicine, security, and industry.

MSU Extension reaches into all 83 counties in Michigan to provide practical, university-based knowledge. The AgBioResearch encompasses the research of more than 300 scientists in a network of 13 research centers across the state. Their work ranges from agricultural production, alternative energy and biofuel production, food safety and environmental stewardship to childhood obesity, community development, and the quality of life of Michigan youth and families.

University Outreach and Engagement connects faculty with external audiences and constituencies to address community issues through research and collaboration. MSU Global extends academic and professional degree and certificate programs to off-campus learners.

MSU is a national leader in education abroad among U.S. public universities with more than 275 programs on all continents in more than 60 countries. Nearly 3,000 MSU students participate in education abroad each year.

Michigan State University is a member of the Association of American Universities, the Association of Public and Land-grant Universities, the American Council on Education, the American Council of Learned Societies, the Council of Graduate Schools, and the Big Ten Academic Alliance (formerly the Committee on Institutional Cooperation).

## CEREMONY LYRICS

### THE STAR SPANGLED BANNER

O, say, can you see  
by the dawn's early light,  
What so proudly we hailed  
at the twilight's last gleaming,  
Whose broad stripes and bright stars,  
through the perilous fight,  
O'er the ramparts we watched,  
were so gallantly streaming?  
And the rockets' red glare,  
the bombs bursting in air,  
Gave proof through the night  
that our flag was still there.  
O, say, does that  
star-spangled banner yet wave,  
O'er the land of the free,  
and the home of the brave.

### AMERICA THE BEAUTIFUL

O beautiful for spacious skies,  
For amber waves of grain,  
For purple mountain majesties  
Above the fruited plain!  
America! America!  
God shed his grace on thee  
And crown thy good with brotherhood  
From sea to shining sea!

### ALMA MATER\*

M.S.U., We love thy shadows,  
when twilight silence falls,  
Flushing deep and softly paling,  
o'er ivy-covered halls.  
Beneath the pines we'll gather,  
to give our faith so true,  
Sing our love for Alma Mater,  
and thy praises, M.S.U.

When from these scenes we wander,  
and twilight shadows fade,  
Our mem'ry still will linger,  
where light and shadows played;  
In the evening oft we'll gather,  
and pledge our faith anew,  
Sing our love for Alma Mater,  
and thy praises, MSU.

### MSU FIGHT SONG\*\*

On the banks of the Red Cedar,  
is a school that's known to all;  
Its specialty is winning,  
and those Spartans play good ball;  
Spartan teams are never beaten,  
all through the game they fight;  
Fight for the only colors,  
Green and White.  
Go right thru' for MSU,  
watch the points keep growing.  
Spartan teams are bound to win,  
they're fighting with a vim.  
RAH! RAH! RAH!  
See their team is weakening,  
we're going to win this game.  
Fight! Fight! Rah! Team, Fight!  
Victory for MSU.

\*The lyrics of *Alma Mater* were written by Bernard Traynor (MSC Athletic Department, 1925–1927). The melody is based on Donizetti's *Lucia di Lammermoor*. It was not until March 30, 1949, after a vote by the students, that the popular song on campus known as the *MSU Shadows* was finally adopted as the official *Alma Mater*.

\*\*Lyrics by Francis Irvin Lankey (MSU Engineering, 1916).

## UNIVERSITY MACE

Michigan State University is pleased to include the University mace in commencement ceremonies. The introduction of the mace, at the 2005 Founders' Day celebration and inauguration of MSU's twentieth president, serves to commemorate the sesquicentennial celebration. The University, founded in 1855, celebrated its 150th birthday in 2005. The mace was designed by University Relations and produced by Physical Plant staff.

Historically, the mace is a symbol of authority dating from medieval times when knights carried them during processions with their kings. As the tradition grew, the mace became a ceremonial symbol of peaceful leadership, and maces were embellished with jewels and metals. Today, a university's mace is carried before the president or chancellor and platform-party dignitaries at commencement, inaugural, and other academic ceremonial processions.

The Michigan State University mace, 42 inches in length, includes important institutional symbols in its finial, crown, and shaft. The finial depicts the circular University seal, which includes an image of "Old College Hall." This oak-carved seal derives from an 1869 State Board of Agriculture (now, Board of Trustees) authorization for a woodcut to be used as the frontispiece of the college academic catalog. College Hall, built in 1856, was the first instructional building erected in the United States for the teaching of scientific agriculture. When it collapsed in 1918, John Beaumont (class of 1882) provided funds to erect Beaumont Tower in 1928 at the same location. The tower stands as a symbol of Michigan State's beginnings as the first land-grant college dedicated to teaching "agriculture and the mechanic arts" with a "liberal and practical curriculum."

The mace's crown is trimmed with a maple samara and acorn pattern carved from walnut, a pattern drawn from the "Michigan State College" limestone relief at the Abbot Road and other campus entrances. An image of Beaumont Tower lies in the crown's oak center. Below the crown is the cylindrical shaft, whose alternating, horizontal oak and walnut bands descend to a brass tip. Its oak is purported to be "Beaumont oak," that is, from one of the original saplings surrounding College Hall. Its walnut is from a tree removed to clear land for the Wharton Center for Performing Arts in 1982.

In its soaring verticality, Beaumont Tower continues to inspire the MSU community and is an appropriate symbol for the MSU mace. As President Robert S. Shaw (1928-1941) stated at the tower's dedication, it has served as "a unifying factor" to remind us, even through our individual activities, of the overall mission of Michigan State University to inspire us by "appealing to many of the better things in us" and to encourage us to "live up to higher standards, scholastically, socially, morally, and spiritually in all of our affairs."

## ACADEMIC ATTIRE

In 1895, the Intercollegiate Commission, a group of leading American educators, introduced an academic costume code which by design of gowns and hoods would indicate the various degrees, and which by colors would identify the various faculties.

Three types of gowns are indicated by the code. Those worn by the bachelors have long, pointed sleeves. Those worn by masters have long, closed sleeves with the arc of a circle near the bottom. Doctoral gowns are faced with velvet. The sleeves are full, round, and open with three bars of velvet on each sleeve. The velvet facing of the bars on the sleeves may be black or the same color as the binding of the hood.

Hoods are made of material identical with the gown and are lined in the official academic color of the institution conferring the degree (e.g., green and white for MSU). If the institution has more than one color, the chevron is used to introduce the second color. Colored velvet or velveteen binds the hoods and indicates the department of faculty to which the degree pertains.

The color of the velvet of the hood is distinctive of the subject to which the degree pertains. For example, the trimming for the degree of Master of Science in Agriculture should be maize, representing agriculture, rather than golden yellow, representing science. Generally, the code for the velvet of the hood is the same as listed for tassels.

At Michigan State University, it is customary to identify the candidates graduating from the different areas of study by tassels of the official color as established by the Intercollegiate Code. Candidates graduating from the Honors College wear a white stole with the initials "HC." Candidates graduating "With Honor" or "With High Honor" wear a gold braid.

As Wendy's President and Chief Executive Officer, you have cultivated an empowering company culture that helps the people of Wendy's feel valued. Your precise guidance built a strong and collaborative partnership with the franchise community and inspired new franchisees to join Wendy's family for a more impactful development of a family business culture.

You have served in a multitude of positions at Kellogg Company, where you worked to grow the company on an international level as well as build several multi-million-dollar products to increase company revenue. You employed a spirit of altruism as you not only furthered your own career but helped to prepare members of the Snacks Leadership team to acquire higher positions within the Kellogg Company.

You shared your expertise with Ford Motor Company for over twelve years, serving in five different roles across finance and accounting.

You have made significant contributions to your alma mater by serving on the Michigan State University Financial Advisory Board. Your many influential works have been recognized through receiving the 2018 Gold Stevie Award for Executive of the Year in Food & Beverage and the 2017 Michigan State University Eli Broad College of Business Outstanding Alumni Achievement award. With your fundamental academic background at Michigan State University, you continued to be a role model for fellow Spartans.

For your unwavering dedication to innovative products, empowering employees, and creating the leaders of tomorrow, I am pleased to award you the honorary degree of Doctorate of Business from Michigan State University.

## HONORARY DEGREE CITATIONS

### STEVE SMITH

You are not only an extraordinary athlete, but a philanthropist that drives sustainable social change.

You excelled not only in your technical abilities, but in your outstanding integrity, earning four awards for your good sportsmanship and humanitarian efforts, as well as a place in the World Sports Humanitarian Hall of Fame.

You gave back to your alma mater by donating to create the Clara Bell Smith Student-Athlete Academic Center (which at the time, was the

largest gift given by a professional athlete to any college or university) as well as the Steve Smith/Pershing High/MSU Scholarship. Additionally, you raised money to support the Steve Smith Charitable Fund, Michigan State University, and local charities in Atlanta, Georgia and several cities across the state of Michigan.

You share your expertise as an analyst with Turner Sports/NBA TV, CNN, and the Big Ten Network.

“Until the moment degrees are conferred and diplomas presented, a university and its students are in a temporary relationship. Either can disclaim the other at any time before that final moment. But when commencement is concluded, Michigan State University places its stamp of approval upon you. You become part of this University . . . forever.”
