MEMORANDUM

To: Trustee Finance Committee

From: Fred L. Poston 

Subject: **Authorization to Plan**
Parking - Lot 67 (Jenison) - Reconstruction

RECOMMENDATION

BE IT RESOLVED that the Trustee Finance Committee recommends that the Board of Trustees authorize the Administration to plan for the project entitled Parking - Lot 67 (Jenison) - Reconstruction.

BACKGROUND

Program Need:

Parking Lot 67 was originally constructed with Jenison Field House in 1940. Other than minor redesign to address barrier-free issues and access to the Kellogg Center parking ramp, it has remained substantially unchanged. The pavement has outlived its useful life and does not meet current pavement system design standards.

General Description of the Project:

The planning of this project is anticipated to include redesign and reconstruction to current standards for safety, storm water management, and pavement. The project is also anticipated to include a section of the Red Cedar Greenway bicycle path.

Parking Lot 67 is adjacent to the west and north sides of Jenison Field House in the athletic and recreation district. The location of this project is consistent with the Campus Master Plan and Planning Principles.

Based on an assessment of the factors stated in the Project Planning and Approval process concerning Project Labor Agreements (PLA), the Vice President for Finance and Operations and Treasurer has determined that a PLA would not be required for this project.

OFFICE OF THE
VICE PRESIDENT FOR
FINANCE AND
OPERATIONS

Fred L. Poston
Vice President and
Treasurer

Michigan State University
Hannah Administration Building
426 Auditorium Road, Room 412
East Lansing, Michigan

Phone 517.355.5014
Fax 517.353.6772
www.vpfo.msu.edu

Communication Plan:

During the planning phase, the campus community will be given opportunities to provide feedback on the project as it is being designed. Input from the project planning team will be solicited during the design phase.

Preliminary Project Cost Information:

Based on cost experience for similar projects and current pricing information, the preliminary project cost estimate is \$1,600,000. This estimate may change as planning progresses and the project scope is further defined.

The source of funds for the project is expected to be the auxiliary fund - parking.
