+49 151 41 859 970

## Current Responsibility

Daniela Antal is a senior consulting actuary with the Dusseldorf office of Milliman. She joined the firm in 2023, after 19 years at health and life insurance companies.

## Professional Work Experience

Prior to joining Milliman, Daniela worked for two life and health insurance companies in Germany. During that time, she gained experience in the following:

Life and pension insurance

- Financial statements (HGB)
- Profit sharing
- Statistics
- Consortium business
- Corporate governance

Group risk management (Solvency II / ICAAP / FiKo)

- Capital requirements (Pillars 1 & 2)
- Reporting (Pillar 3)
- Projection calculations

Health insurance

- Financial statements (HGB)
- Premium adjustments
- Triggering factors
- Product launches
- Development of technical calculation bases

Other experience:

- Audits of actuarial processes in all areas and Solvency II-related topics
- Co-project lead for actuarial, investment and risk management topics in a cross-border merger project
- Over 5 years as a team lead for life insurance and group risk management

## Professional Designations

Fellow, German Association of Actuaries (DAV) (2010)

## Education

Studies of Business Mathematics at the University of Karlsruhe, Germany, Degree: Diploma

## Presentations and Publications

Contribution to the creation and publication of an audit guideline for insurance companies on the examination of Asset Liability Management (Band 54 DIIR Schriftenreihe)
