

MELANIE CARLSON

Associate Actuary

melanie.carlson@milliman.com

Current Responsibility

Melanie Carlson is an associate actuary with the Property and Casualty Practice in Milliman's Orange County office focusing on advanced ratemaking techniques and InsurTech solutions. She joined the firm in 2020.

Professional Work Experience

Melanie's areas of expertise include:

- Conducting personal and commercial lines ratemaking, product development, and filing support
- Developing rates and filing support for emerging markets
- Performing competitive analysis in the context of ratemaking and product development
- Designing and automating insurance processes to improve efficiency and profitability

Prior to joining Milliman, Melanie was a senior actuarial analyst at Nationwide Mutual Insurance Company where she focused primarily on the pricing of personal auto in California, Oregon, and Nevada. She also led efforts to streamline and improve consistency of the auto product rating process through template development and implementation of new rating systems.
