Current Responsibility

Judy Chiu is an actuary with Milliman's San Francisco Property & Casualty Practice. She currently provides consulting services to a wide range of self-insured entities and insurance companies. She joined Milliman in 2012.

Professional Work Experience

Judy has substantial experience with many property and liability lines of business, including workers' compensation, professional liability, and general liability. The actuarial services she provides her insurance and self-insurance clients include:

- Reserving, funding, and self-insured retention analyses for state governmental agencies, self-insured entities, and captive insurance companies
- Statements of actuarial opinion on reserve adequacy for annual statements
- Statements of actuarial opinion on rate adequacy for workers' compensation
- Cost allocations
- Cost/benefit analysis of various reinsurance and excess insurance options
- Probability level and present value analyses
- Retrospective rating and large deductible pricing

Professional Designations

- Fellow, Casualty Actuarial Society
- Member, American Academy of Actuaries

Education

BA, Mathematics, University of California, Berkeley
