

JASON CLARKSON

ASA, FSA, MAAA

Principal and Senior Consulting Actuary

jason.clarkson@milliman.com

Current Responsibility

Jason Clarkson is a principal and consulting actuary with the Health practice in the Indianapolis office of Milliman. He joined the firm in 2012.

Professional Work Experience

Jason provides consulting services to state Medicaid agencies related to capitation rate development, financial forecasting, Section 1115 Demonstration Waivers, prescription drug modeling, and other fiscal analyses. His work has also included state health insurance exchange analyses, healthcare reform financial projections, and commercial health insurance rate filings. Additionally, he has assessed the financial impact of numerous policy and program changes, including the Affordable Care Act. His experience includes benefit modeling, product development, trend analyses, and pricing.
