Current Responsibility

Maddie Cline is a senior actuarial manager with the Milwaukee office of Milliman. She joined the firm in 2018.

Professional Work Experience

Maddie's areas of expertise include Medicare Advantage and Part D, prescription drug analytics, and pharmaceutical manufacturer market access strategy.

Maddie has assisted Medicare Part D plans with bid preparation, formulary development, and strategic analyses. She leads Milliman-wide research in Medicare Part D formulary modeling and landscape analytics.

In the pharmacy space, Maddie has worked with pharmaceutical manufacturers, retail pharmacies, and industry organizations with an emphasis on the Medicare Part D benefit. Her most recent work includes helping various entities in the pharmacy supply chain understand the impacts of the Inflation Reduction Act.
