Current Responsibility

Samantha D'Anna is a senior healthcare management consultant with the Hartford office of Milliman. She joined the firm in 2015.

Professional Work Experience

Samantha provides consulting services to insurance companies, pharmacy benefit managers, Medicare plan sponsors, government entities, and nonprofit organizations.

Her primary work includes assisting Medicare Part D plan sponsors and other groups with strategic decisions around prescription drug plan pricing within the context of the current regulatory environment.

Education

- BA, Summa Cum Laude, Major: Psychology, Research Track, Minor: Neuroscience; University of Connecticut
- MA, Behavioral Neuroscience, University of Connecticut
- PhD, Behavioral Neuroscience, University of Connecticut
