

COLLIN DAVIDSON

FSA, MAAA, CERA

Principal & Consulting Actuary

collin.davidson@milliman.com

3124995696

Current Responsibility

Collin Davidson is a principal and consulting actuary with the Financial Risk Management Practice in Milliman's Chicago office. He joined the firm in 2016.

Professional Work Experience

Collin specializes in hedging, financial reporting, and M&A in the annuity industry. His professional experience consists of extensive work with variable annuities and registered-index linked annuities, spanning modeling via Milliman's MG-Hedge, statutory reporting, and actuarial appraisal responsibilities. Through this work, Collin has developed deep expertise of PBR, hedge modeling, and regulatory reforms such as the NAIC's GOES reform initiative. Collin has also consulted with clients in Bermuda on hedge strategy to support asset liability management within the Bermuda regulatory framework.
